

FOR EXTERNAL USE

Background

The G7 have pledged to wipe out the debt that is owed to them by Haiti in a bid to take the burden off building Haiti's future. In the future they will give out grants and not loans so that the same cycle of debt will not take place.

Key Messages

General Overview of the Humanitarian Situation

There are plans in place to move those people in camps in PaP to newly built camps outside the city where there are better provisions for shelter, sanitation and cooking space. Most of these camps have been constructed through the UN shelter cluster system. However there are concerns that many people will not want to move to the new camps based on a survey carried out by Oxfam showing that people feel safer being in a place they know.

Response

A plan of action will be confirmed once initial reports have been submitted and the coalition has decided on the direction of the operation.
