AVMA testifies about livestock antimicrobials, 976
Report available on antimicrobial resistance, 1243

Appointments
AVMA staff has new second in command; new director of animal welfare, 7
University of Wisconsin selects associate dean for research, 9
Veterinarian oversees food safety for FDA, former AVMA staffer heads veterinary center, 163
Judicial Council seat joins vacancies, 316
Baker becomes editor of JVME, 318
ISU establishes, fills entrepreneurial professorship, 571
Reynolds to serve as dean of Atlantic Veterinary College, 708
University of Minnesota appoints Ames as dean, 978
Ohio State names interim dean, 1115
Adams to lead Veterinary Corps, 1244
Tennessee appoints Thompson as dean, 1244
FDA appoints new director for minor-use, minor-species drugs, 1245

Arabian Horses
New DNA test will help breeders prevent equine cerebellar abiotrophy, 1547

Assistance Animals
Health studies of Sept 11 dogs ongoing, 450

Association for Veterinary Epidemiology and Preventive Medicine (AVEPM)
CRWAD dedicated to Ross, 447

Association of American Veterinary Medical Colleges (AVMC)
Board enhances AVMA visibility, 7
CDC hosts second Veterinary Student Day, 571
AVMA commits to Vet 2011, and new one-health and animal welfare measures, 977

Association of Reptile and Amphibian Veterinarians (ARAV)
Comments invited on proposed reptile and amphibian specialty, 317

Association of Veterinarians for Animal Rights (AVAR)
AVAR joins HSUS to form veterinary association, 316

Australia
Study links occupational exposures with risk of miscarriage, 706

Avian Influenza
Avian influenza continues spreading, but global response improves, 8
New swine flu subtype has avian flu genes, 163
Avian influenza flares up in India, more than a dozen other countries, 315

AVMA-ABVS Committee on the Development of New Specialties (CDNS)
Comments invited on proposed reptile and amphibian specialty, 317

AVMA American Board of Veterinary Specialties (ABVS)
Comments invited on proposed reptile and amphibian specialty, 317
Leaders advance AVMA strategic initiatives, 705
AVMA commits to Vet 2011, and new one-health and animal welfare measures, 977

AVMA Animal Welfare Committee (AWC)
Leaders advance AVMA strategic initiatives, 705
AVMA commits to Vet 2011, and new one-health and animal welfare measures, 977

HOD approves veal calf housing policy, acts on range of proposals, 1112

AVMA Animal Welfare Division
AVMA staff has new second in command; new director of animal welfare, 7
Leaders advance AVMA strategic initiatives, 705
California voters call for livestock housing changes, 1544

AVMA Annual Convention
Advance registration now open for AVMA convention in New Orleans, 164
Luminaries honored at AVMA convention, 1113
AVMA online CE makes grand debut, 1544

AVMA Campaign Guide
Nominations to AVMA entities being accepted, 1382

AVMA Candidates
Board enhances AVMA visibility, 7

AVMA Clinical Practitioners Advisory Committee (CPAC)
New Web site gathers pesticide incidents involving animals, 1546

AVMA Collections
New online monograph series is open access, 569

AVMA Communications Division
AVMA goes live on YouTube, 316
Leaders advance AVMA strategic initiatives, 705

AVMA Congressional Advocacy Network (AVMA-CAN)
AVMA Congressional Advocacy Network seeking volunteers, 316

AVMA Congressional Science and Executive Branch Fellowship
AVMA fellows find home in Senate, 1545

AVMA Convention and Meeting Planning Division
Advance registration now open for AVMA convention in New Orleans, 164
AVMA online CE makes grand debut, 1544

AVMA Council on Biologic and Therapeutic Agents (COBTA)
The votes are in for AVMA councils and HAC, 1246
New Web site gathers pesticide incidents involving animals, 1546

AVMA Council on Communications (COC)
AVMA continues to accept nominations to entities, 165
Nominations being accepted for at-large council vacancies, 706

AVMA Council on Education (COE)
Board enhances AVMA visibility, 7
Education council schedules site visits, 8
AVMA continues to accept nominations to entities, 165
Education council schedules site visits, 449
Council on Education accredits Irish school, moves three colleges to limited status, 843
Education council schedules site visits, 843, 1246
The votes are in for AVMA councils and HAC, 1246

AVMA Council on Public Health and Regulatory Veterinary Medicine (COPHRVM)
The votes are in for AVMA councils and HAC, 1246

AVMA Council on Research (COR)
Board enhances AVMA visibility, 7
The votes are in for AVMA councils and HAC, 1246
AVMA Council on Veterinary Services (CVS)
Nominations being accepted for at-large council vacancies, 706

AVMA Councils and Committees
Board enhances AVMA visibility, 7
AVMA continues to accept nominations to committees, 165
Nominations being accepted for at-large council vacancies, 706
Nominations to AVMA entities being accepted, 1382

AVMA Council Selection Task Force
Board enhances AVMA visibility, 7

AVMA Education and Research Division
Education council schedules site visits, 449

AVMA Executive Board
Board enhances AVMA visibility, 7
Dee, Meyer elected to AVMA Executive Board, 448
Leaders advance AVMA strategic initiatives, 705
Board recommends winter elections for AVMA officers, 1114

AVMA Executive Division
AVMA staff has second in command; new director of animal welfare, 7

AVMA Governmental Relations Division
AVMA Congressional Advocacy Network seeks volunteers, 316
Leaders advance AVMA strategic initiatives, 705
AVMA fellows find home in Senate, 1545

AVMA Group Health and Life Insurance Trust (GHLIT)
GHLIT to promote benefits of pet health insurance, 1246

AVMA Guidelines on Euthanasia
Euthanasia panel nominees sought, 1381, 1545

AVMA House Advisory Committee (HAC)
Board enhances AVMA visibility, 7
Leaders advance AVMA strategic initiatives, 705
The votes are in for AVMA councils and HAC, 1246

AVMA House of Delegates (HOD)
Board enhances AVMA visibility, 7
AVMA continues to accept nominations to entities, 165
Resolutions submitted to HOD, 843
HOD approves veal calf housing policy, acts on range of proposals, 1112
Board recommends winter elections for AVMA officers, 1114
The votes are in for AVMA councils and HAC, 1246

AVMA Judicial Council (JC)
The votes are in for AVMA councils and HAC, 1246

AVMA Legislative Advisory Committee (LAC)
Leaders advance AVMA strategic initiatives, 705

AVMA Membership and Field Services Division
USDA proposes end to acclimation certificates, 165
Leaders advance AVMA strategic initiatives, 705
AVMA working for you, 1381

AVMA Officers
HOD approves veal calf housing policy, acts on range of proposals, 1112
Luminaries honored at AVMA convention, 1113

AVMA Policies
Board enhances AVMA visibility, 7
Members’ e-mail addresses protected by AVMA, 569
Leaders advance AVMA strategic initiatives, 705
AVMA commits to Vet 2011, and new one-health and animal welfare measures, 977

FDA would allow marketing of food from genetically engineered animals, 1381

AVMA Political Action Policy Board
AVMA continues to accept nominations to entities, 165

AVMA Principles of Veterinary Medical Ethics
Leaders advance AVMA strategic initiatives, 705

AVMA Publications Division
AVMA online CE makes grand debut, 1544

AVMA Staff
AVMA staff has second in command; new director of animal welfare, 7

AVMA Strategic Plan
Leaders advance AVMA strategic initiatives, 705

AVMA Veterinary Medical Assistance Teams (VMATs)
AVMA, HHS reach agreement on roles in emergency response, 448
Leaders advance AVMA strategic initiatives, 705

Awards
Research awards conferred, 9
CRWAD dedicated to Ross, 447
Funds available for research on porcine circovirus, 570
Professor receives recognition for equine research, 571
Vallat earns first Penn Vet World Award, 842
AVMA commits to Vet 2011, and new one-health and animal welfare measures, 977
ACVIM honors researchers, 978
Luminaries honored at AVMA convention, 1113
Phi Zeta presents research awards for 2008, 1245
Nominations open for world leadership award, 1383
Purdue names two veterinarians as great teachers, 1383
AVMA invites award nominations, 1545

Bangladesh
Avian influenza continues spreading, but global response improves, 8

Behavior
Health studies of Sept 11 dogs ongoing, 450
Maddie’s Fund supports MAF study, 843

Biosecurity
Senate hearing focuses on beef recall, 449
Team studies disease outbreak among pigs in China, 570
Gates Foundation helps fund global animal health school, 571

Boehringer Ingelheim Vetmedica Inc
Funds available for research on porcine circovirus, 570
Company funds research on porcine circovirus, 1546
Company requests proposals for PRRS research awards, 1546

Bovine Spongiform Encephalopathy (BSE)
FDA issues rule banning substances from animal food, feed, 707
FDA answers question on BSE feed rule, 1244
Genetic mutation may cause BSE, 1547

Breeding
Genomics breeding program to benefit poultry industry, 1382

Brucellosis
United States achieves class-free status for brucellosis in cattle, 315
California Education council schedules site visits, 8
FARAD funding: the long and the short of it, 317
Senate hearing focuses on beef recall, 449
Council on Education accredits Irish school, moves three colleges to limited status, 843
California law strengthens protections for researchers, 1382
California voters call for livestock housing changes, 1544
New DNA test will help breeders prevent equine cerebellar abiotrophy, 1547

Calls for Abstracts
E-abstract submissions for CRWAD sought, 844

Calls for Proposals
Company requests proposals for PRRS research awards, 1546

Canada
Reynolds to serve as dean of Atlantic Veterinary College, 708
Council on Education accredits Irish school, moves three colleges to limited status, 843
Hill's commits $5 million to Ontario teaching hospital, 978

Castration
Leaders advance AVMA strategic initiatives, 705

Cats
Domestic cat genome sequenced, 163

Cattle
United States achieves class-free status for brucellosis in cattle, 315

Centers for Disease Control and Prevention (CDC)
Ebola outbreak in Uganda involves a new strain of the virus, 450
Workers at swine slaughterhouses develop neurologic illnesses, 450
CDC hosts second Veterinary Student Day, 571
Reserves of human-use rabies vaccine could alleviate supply worries, 1243

China
Team studies disease outbreak among pigs in China, 570

Clinical Trials
Funding supports clinical trials at NC veterinary school, 1244

Cobb-Vantress Inc
Genomics breeding program to benefit poultry industry, 1382

Colorado
Education council schedules site visits, 8
CSU building new home for veterinary laboratories, 317
Education council schedules site visits, 449

Conference of Research Workers in Animal Diseases (CRWAD)
CRWAD dedicated to Ross, 447
E-abstract submissions for CRWAD sought, 844

Continuing Veterinary Medical Education
Experts to teach summer course in foreign diseases, 315
Workshop to explore antimicrobial indications for companion animals, 571
AVMA online CE makes grand debut, 1544

Council for Agricultural Science and Technology (CAST)
Agricultural council offers free issue papers, 978

Creutzfeldt-Jakob Disease (CJD)
Genetic mutation may cause BSE, 1547

Crime
California law strengthens protections for researchers, 1382

Crohn's Disease
USDA renews funding for integrated research on Johnne's, 843

Databases
FDA provides summaries of adverse drug experiences, 1243
Veterinary Master Files a source of drug data, 1545

Dehorning
Leaders advance AVMA strategic initiatives, 705

Denmark
Leaders advance AVMA strategic initiatives, 705

Diplomates
American College of Veterinary Pathology announces diplomates, 318
Eight microbiologists certified, 571

Disasters
AVMA, HHS reach agreement on roles in emergency response, 448
Health studies of Sept 11 dogs ongoing, 450
AVMA helps animal shelters, announces new leader in New Orleans, 1113
Luminaries honored at AVMA convention, 1113
Hurricane Gustav prompts emergency responders to evacuate shelters, 1245

DNA
Domestic cat genome sequenced, 163
Hill's donates feline genome data to spur research, 1115
New DNA test will help breeders prevent equine cerebellar abiotrophy, 1547

Drug Compounding
HOD approves veal calf housing policy, acts on range of proposals, 1112

Drug Labeling
Workshop to explore antimicrobial indications for companion animals, 571

Drug Residues
FARAD funding: the long and the short of it, 317

Dues
Leaders advance AVMA strategic initiatives, 705

Ebola Virus
Ebola outbreak in Uganda involves a new strain of the virus, 450

Egypt
Avian influenza continues spreading, but global response improves, 8

Elections
Board enhances AVMA visibility, 7
CRWAD dedicated to Ross, 447
Dee, Meyer elected to AVMA Executive Board, 448
AVMA commits to Vet 2011, and new one-health and animal welfare measures, 977
Luminaries honored at AVMA convention, 1113
Board recommends winter elections for AVMA officers, 1114
Nominations to AVMA entities being accepted, 1382

Electronic Mail
Members' e-mail addresses protected by AVMA, 569
Elephant Tethering
Leaders advance AVMA strategic initiatives, 705

Emerging Infectious Diseases
Gates Foundation helps fund global animal health school, 571
One-health concept central at conference on infectious disease, 707

Employment
HOD approves veal calf housing policy, acts on range of proposals, 1112

England
Leaders advance AVMA strategic initiatives, 705

Environmental Protection Agency (EPA)
NIH, EPA partner to reduce their toxicity testing on animals, 448
Ecosystem health is goal of Envirovet, 842
New Web site gathers pesticide incidents involving animals, 1546

Epidemiology
Avian influenza continues spreading, but global response improves, 8
New swine flu subtype has avian flu genes, 163
Avian influenza flares up in India, more than a dozen other countries, 315
Health studies of Sept 11 dogs ongoing, 450
Workers at swine slaughterhouses develop neurologic illnesses, 450
Team studies disease outbreak among pigs in China, 570
CDC hosts second Veterinary Student Day, 571
Gates Foundation helps fund global animal health school, 571
One-health concept central at conference on infectious disease, 707
USDA renews funding for work on PRRS, avian influenza, 1244

Equine Cerebellar Abiotrophy
New DNA test will help breeders prevent equine cerebellar abiotrophy, 1547

Euthanasia
Euthanasia panel nominees sought, 1381, 1545

Exhibitions
Board enhances AVMA visibility, 7

Exotic Companion Mammal Specialty
Leaders advance AVMA strategic initiatives, 705

Feed
FDA answers question on BSE feed rule, 1244

Florida
Education council schedules site visits, 8
FARAD funding: the long and the short of it, 317
Education council schedules site visits, 449, 843, 1246

Food, Drug, and Cosmetic Act
FDA would allow marketing of food from genetically engineered animals, 1381

Food and Drug Administration (FDA)
Veterinarian oversees food safety for FDA, former AVMA staffer heads veterinary center, 163
FARAD funding: the long and the short of it, 317
FDA clarifying minor use of drugs under MUMS Act, 570
FDA issues rule banning substances from animal food, feed, 707
AVMA testifies about livestock antimicrobials, 976
FDA provides summaries of adverse drug experiences, 1243

Food Animal Residue Avoidance Databank (FARAD)
FARAD funding: the long and the short of it, 317
HOD approves veal calf housing policy, acts on range of proposals, 1112

Food Safety
Senate hearing focuses on beef recall, 449
Gates Foundation helps fund global animal health school, 571
Leaders advance AVMA strategic initiatives, 705
One-health concept central at conference on infectious disease, 707
AVMA testifies about livestock antimicrobials, 976
FDA would allow marketing of food from genetically engineered animals, 1381
Genetic mutation may cause BSE, 1547

Foreign Animal Diseases
Experts to teach summer course in foreign diseases, 315

Foresight Review Task Force
Leaders advance AVMA strategic initiatives, 705

Fort Dodge
Luminaries honored at AVMA convention, 1113

Found Animals Foundation
$75M dedicated to nonsurgical contraception for cats and dogs, 1546

Funding
Penn receives $1 million gift for laminitis research, 9
Research awards conferred, 9
Laminitis projects garner support, 164
FARAD funding: the long and the short of it, 317
Funds available for research on porcine circovirus, 570
Gates Foundation helps fund global animal health school, 571
Leaders advance AVMA strategic initiatives, 705
Cornell fellows program to address shortage of academic specialists, 707
Vallat earns first Penn Vet World Award, 842
Maddie’s Fund supports MAF study, 843
USDA renews funding for integrated research on Johne’s, 843
Hill’s commits $5 million to Ontario teaching hospital, 978
Hill’s donates feline genome data to spur research, 1115
Funding supports clinical trials at NC veterinary school, 1244
Genomics breeding program to benefit poultry industry, 1382
NCI funds $10.9 million for retrovirus models of cancer, 1382
Funding supports clinical trials at NC veterinary school, 1244
Company requests proposals for PRRS research awards, 1546
$75M dedicated to nonsurgical contraception for cats and dogs, 1546
New DNA test will help breeders prevent equine cerebellar abiotrophy, 1547

Gates Foundation
Gates Foundation helps fund global animal health school, 571

Genetics
Domestic cat genome sequenced, 163
Genetic cancer link between humans, dogs identified, 569
Hill’s donates feline genome data to spur research, 1115
FDA would allow marketing of food from genetically engineered animals, 1381
Genomics breeding program to benefit poultry industry, 1382
Genetic mutation may cause BSE, 1547
New DNA test will help breeders prevent equine cerebellar
abiotrophy, 1547

Georgia
Laminitis projects garner support, 164

Ghana
Avian influenza continues spreading, but global response
improves, 8

Global Influenza Surveillance Network
Avian influenza flares up in India, more than a dozen other
countries, 315

Grayson-Jockey Club
Laminitis projects garner support, 164

Grocery Manufacturers Association (GMA)
Veterinarian oversees food safety for FDA, former AVMA staffer
heads veterinary center, 163

Guidelines
Equine association updates vaccination guidelines, 450

Hallmark/Westland Meat Company
Senate hearing focuses on beef recall, 449

Hendrix Genetics
Genomics breeding program to benefit poultry industry, 1382

Hill’s Pet Nutrition
Hill’s commits $5 million to Ontario teaching hospital, 978
Luminaries honored at AVMA convention, 1113
Hill’s donates feline genome data to spur research, 1115

Human-Animal Bond
Maddie’s Fund supports MAF study, 843

Humane Methods of Slaughter Act
HOD approves veal calf housing policy, acts on range of pro-
posals, 1112

Humane Society of the United States (HSUS)
AVAR joins HSUS to form veterinary association, 316

Illinois
Ecosystem health is goal of Envirovet, 842

Income
AVMA working for you, 1381

Indiana
Workers at swine slaughterhouses develop neurologic ill-
esses, 450
Genomics breeding program to benefit poultry industry, 1382
Purdue names two veterinarians as great teachers, 1383

Indonesia
Avian influenza continues spreading, but global response
improves, 8

Influenza
Avian influenza continues spreading, but global response
improves, 8
New swine flu subtype has avian flu genes, 163
Avian influenza flares up in India, more than a dozen other
countries, 315

Institute for Laboratory Animal Research (ILAR)
New resource targets laboratory animal stress, distress, 164

Insurance
GHLIT to promote benefits of pet health insurance, 1246

Interdisciplinary Collaboration
One-health Web site debuts, 1546

International Veterinary Medicine
Gates Foundation helps fund global animal health school, 571
AVMA commits to Vet 2011, and new one-health and animal
welfare measures, 977

Internet
AVMA goes live on YouTube, 316
New online monograph series is open access, 569
AVMA online CE makes grand debut, 1544
Veterinary Master Files a source of drug data, 1545
New Web site gathers pesticide incidents involving animals, 1546
One-health Web site debuts, 1546

Iowa
New swine flu subtype has avian flu genes, 163
Researcher identifies eye disease in dogs, 569
Team studies disease outbreak among pigs in China, 570
ISU establishes, fills entrepreneurial professorship, 571
Iowa State dedicates medical center, 1546

Ireland
Council on Education accredits Irish school, moves three col-
leges to limited status, 843

Johne’s Disease
USDA renews funding for integrated research on Johnne’s, 843

Journal of the American Veterinary Medical Association
(JAVMA)
AVMA online CE makes grand debut, 1544

Journal of Veterinary Medical Education (JVME)
Baker becomes editor of JVME, 318

Judicial Council
Judicial Council seat joins vacancies, 316

Kansas
Team studies disease outbreak among pigs in China, 570
USDA renews funding for work on PRRS, avian influenza, 1244
Genetic mutation may cause BSE, 1547

Laminitis
Penn receives $1 million gift for laminitis research, 9
Laminitis projects garner support, 164

Legislation
Senate hearing focuses on beef recall, 449
Leaders advance AVMA strategic initiatives, 705
California law strengthens protections for researchers, 1382
California voters call for livestock housing changes, 1544
AVMA fellows find home in Senate, 1545

Legislative Acts
USDA proposes end to acclimation certificates, 165
FDA clarifying minor use of drugs under MUMS Act, 570
Leaders advance AVMA strategic initiatives, 705
HOD approves veal calf housing policy, acts on range of pro-
posals, 1112
FDA would allow marketing of food from genetically engineered
animals, 1381
California law strengthens protections for researchers, 1382

Licensure
AVMA online CE makes grand debut, 1544

Livestock
Senate hearing focuses on beef recall, 449
California voters call for livestock housing changes, 1544

Louisiana
Laminitis projects garner support, 164
Council on Education accredits Irish school, moves three colleges to limited status, 843
Hurricane Gustav prompts emergency responders to evacuate, shelter pets, 1245

Maddie’s Fund
Maddie’s Fund supports MAF study, 843

Maryland
USDA renews funding for work on PRRS, avian influenza, 1244

Massachusetts
Board enhances AVMA visibility, 7

Merial
Luminaries honored at AVMA convention, 1113

Methicillin-resistant *Staphylococcus aureus*
AVMA testifies about livestock antimicrobials, 976

Mexico
Leaders advance AVMA strategic initiatives, 705

Minnesota
Workers at swine slaughterhouses develop neurologic illnesses, 450
Genetic cancer link between humans, dogs identified, 569
University of Minnesota appoints Ames as dean, 978
USDA renews funding for work on PRRS, avian influenza, 1244

Minor Use and Minor Species Act (MUMS)
FDA clarifying minor use of drugs under MUMS Act, 570
FDA appoints new director for minor-use, minor-species drugs, 1245

Missouri
Domestic cat genome sequenced, 163

Morris Animal Foundation
Veterinary student scholar proposals being accepted, 9
Maddie’s Fund supports MAF study, 843
Hill’s donates feline genome data to spur research, 1115

National Academy of Sciences (NAS)
Board enhances AVMA visibility, 7
Veterinary student scholar proposals being accepted, 9

National Aeronautic and Space Administration (NASA)
Veterinarian performs maneuvers at space station, 708

National Animal Health Laboratory Network (NAHLN)
CSU building new home for veterinary laboratories, 317

National Antimicrobial Resistance Monitoring System (NARMS)
AVMA testifies about livestock antimicrobials, 976
Report available on antimicrobial resistance, 1243

National Association of State Public Health Veterinarians (NASPHV)
CDC hosts second Veterinary Student Day, 571

National Cancer Institute (NCI)
Genetic cancer link between humans, dogs identified, 569

National Institutes of Health (NIH)
NIH, EPA partner to reduce their toxicity testing on animals, 448

National Pesticide Information Center (NPIC)
New Web site gathers pesticide incidents involving animals, 1546

National Pork Board (NPB)
Team studies disease outbreak among pigs in China, 570

National Public Radio (NPR)
Luminaries honored at AVMA convention, 1113

National Research Council (BRC)
Veterinary student scholar proposals being accepted, 9

National Thoroughbred Racing Association (NTRA)
Laminitis projects garner support, 164

Nebraska
Workers at swine slaughterhouses develop neurologic illnesses, 450

New York
Cornell fellows program to address shortage of academic specialists, 707

New Zealand
Team studies disease outbreak among pigs in China, 570

Nigeria
Avian influenza continues spreading, but global response improves, 8

Nominations
AVMA continues to accept nominations to entities, 165
Judicial Council seat joins vacancies, 316
Nominations being accepted for at-large council vacancies, 706
AVMA seeks nominations for euthanasia panel working groups, 1381
Euthanasia panel nominees sought, 1381
Nominations to AVMA entities being accepted, 1382
Nominations open for world leadership award, 1383
AVMA invites award nominations, 1545
Euthanasia panel nominees sought, 1545

North Carolina
FARAD funding: the long and the short of it, 317
Genetic cancer link between humans, dogs identified, 569
Hill’s donates feline genome data to spur research, 1115
Funding supports clinical trials at NC veterinary school, 1244

Novartis Animal Health
Reserves of human-use rabies vaccine could alleviate supply worries, 1243
Funding supports clinical trials at NC veterinary school, 1244

Occupational Hazards
Study links occupational exposures with risk of miscarriage, 706

Office International des Epizooties (OIE)
Avian influenza continues spreading, but global response improves, 8

Vallat earns first Penn Vet World Award, 842
Ohio
Rural practice input sought from all veterinarians, students, 448
Ohio State names interim dean, 1115
NCI funds $10.9 million for retrovirus models of cancer, 1382

Oncology
Genetic cancer link between humans, dogs identified, 569
NCI funds $10.9 million for retrovirus models of cancer, 1382

One Health Initiative
Leaders advance AVMA strategic initiatives, 705
One-health concept central at conference on infectious disease, 707
AVMA commits to Vet 2011, and new one-health and animal welfare measures, 977
Luminaries honored at AVMA convention, 1113
One-health Web site debuts, 1546

Ophthalmology
Researcher identifies eye disease in dogs, 569

Oregon
Rural practice input sought from all veterinarians, students, 448

Overpopulation
$75M dedicated to nonsurgical contraception for cats and dogs, 1546

Pennsylvania
Penn receives $1 million gift for laminitis research, 9
Health studies of Sept 11 dogs ongoing, 450
Maddie’s Fund supports MAF study, 843
Nominations open for world leadership award, 1383

Pesticides
New Web site gathers pesticide incidents involving animals, 1546

Pet Health Insurance
GHLIT to promote benefits of pet health insurance, 1246

Pfizer Animal Health
Research awards conferred, 9

Phi Zeta Honor Society
Phi Zeta presents research awards for 2008, 1245

Porcine Circovirus
Funds available for research on porcine circovirus, 570
Team studies disease outbreak among pigs in China, 570
Company funds research on porcine circovirus, 1546

Porcine Reproductive and Respiratory Syndrome (PRRS)
Team studies disease outbreak among pigs in China, 570
USDA renews funding for work on PRRS, avian influenza, 1244
Company requests proposals for PRRS research awards, 1546

Privacy
Members’ e-mail addresses protected by AVMA, 569

Progressive Inflammatory Neuropathy (PIN)
Workers at swine slaughterhouses develop neurologic illnesses, 450

Proposition 2
California voters call for livestock housing changes, 1544

Public Health
Avian influenza continues spreading, but global response improves, 8
New online monograph series is open access, 569
CDC hosts second Veterinary Student Day, 571
One-health concept central at conference on infectious disease, 707
One-health Web site debuts, 1546

Public Relations
Board enhances AVMA visibility, 7
AVMA goes live on YouTube, 316
New online monograph series is open access, 569

Rabies
Leaders advance AVMA strategic initiatives, 705
Reserves of human-use rabies vaccine could alleviate supply worries, 1243

Recalls
Senate hearing focuses on beef recall, 449

Regulations
USDA proposes end to acclimation certificates, 165
United States achieves class-free status for brucellosis in cattle, 315
Senate hearing focuses on beef recall, 449
FDA issues rule banning substances from animal food, feed, 707
FDA answers question on BSE feed rule, 1244
Veterinary Master Files a source of drug data, 1545

Researcher Protection Act
California law strengthens protections for researchers, 1382

Retinopathy
Researcher identifies eye disease in dogs, 569

Risk Analysis
California voters call for livestock housing changes, 1544

Rural Veterinary Medicine
Rural practice input sought from all veterinarians, students, 448

Salaries
HOD approves veal calf housing policy, acts on range of proposals, 1112
AVMA working for you, 1381

Sanofi Pasteur
Reserves of human-use rabies vaccine could alleviate supply worries, 1243

Saudi Arabia
Avian influenza continues spreading, but global response improves, 8

Scotland
Education council schedules site visits, 8, 449, 843, 1246

Shelters
Maddie’s Fund supports MAF study, 843
AVMF helps animal shelters, announces new leader in New Orleans, 1113
Hurricane Gustav prompts emergency responders to evacuate, shelter pets, 1245

Slaughter
Workers at swine slaughterhouses develop neurologic illnesses, 450
Smithsonian Institution
Board enhances AVMA visibility, 7

Society for the Prevention of Cruelty to Animals (SPCA)
Hurricane Gustav prompts emergency responders to evacuate, shelter pets, 1245

Society for Tropical Veterinary Medicine (STVM)
CRWAD dedicated to Ross, 447

South Dakota
Team studies disease outbreak among pigs in China, 570

Spay/Neuter
$75M dedicated to nonsurgical contraception for cats and dogs, 1546

Standards for Confining Farm Animals
California voters call for livestock housing changes, 1544

Sterilization
$75M dedicated to nonsurgical contraception for cats and dogs, 1546

Stress
New resource targets laboratory animal stress, distress, 164

Student American Veterinary Medical Association (SAVMA)
HOD approves veal calf housing policy, acts on range of proposals, 1112

Surveillance
Avian influenza flares up in India, more than a dozen other countries, 315
Senate hearing focuses on beef recall, 449

Surveys
Board enhances AVMA visibility, 7
Rural practice input sought from all veterinarians, students, 448
Maddie’s Fund supports MAF study, 843

Swine Fever Virus
Team studies disease outbreak among pigs in China, 570

Swine Influenza
New swine flu subtype has avian flu genes, 163

Task Forces
Board enhances AVMA visibility, 7
Leaders advance AVMA strategic initiatives, 705

Tennessee
Education council schedules site visits, 8, 449
University of Tennessee expands teaching hospital, 844
Tennessee appoints Thompson as dean, 1244

Tetracore, Inc
Team studies disease outbreak among pigs in China, 570

Texas
Education council schedules site visits, 8, 449
Professor receives recognition for equine research, 571
Education council schedules site visits, 843

Togo
Avian influenza continues spreading, but global response improves, 8

Toxicology
FARAD funding: the long and the short of it, 317
NIH, EPA partner to reduce their toxicity testing on animals, 448

Study links occupational exposures with risk of miscarriage, 706
Ecosystem health is goal of Envirowet, 842
New Web site gathers pesticide incidents involving animals, 1546

Transmissible Spongiform Encephalopathies (TSEs)
FDA issues rule banning substances from animal food, feed, 707
FDA answers question on BSE feed rule, 1244
Genetic mutation may cause BSE, 1547

Trapping
Leaders advance AVMA strategic initiatives, 705

Uganda
Ebola outbreak in Uganda involves a new strain of the virus, 450

United Nations (UN)
Avian influenza continues spreading, but global response improves, 8
Avian influenza flares up in India, more than a dozen other countries, 315

US Armed Forces
Adams to lead Veterinary Corps, 1244

US Central Intelligence Agency (CIA)
Avian influenza flares up in India, more than a dozen other countries, 315

US Congress
AVMA Congressional Advocacy Network seeking volunteers, 316
FARAD funding: the long and the short of it, 317
Senate hearing focuses on beef recall, 449
FDA clarifying minor use of drugs under MUMS Act, 570
AVMA fellows find home in Senate, 1545

US Department of Agriculture (USDA)
USDA proposes end to acclimation certificates, 165
Experts to teach summer course in foreign diseases, 315
United States achieves class-free status for brucellosis in cattle, 315
CSU building new home for veterinary laboratories, 317
CDC hosts second Veterinary Student Day, 571
USDA renews funding for integrated research on Johne’s, 843
USDA renews funding for work on PRRS, avian influenza, 1244

US Department of Health and Human Services (HHS)
AVMA, HHS reach agreement on roles in emergency response, 448

US Department of Homeland Security (DHS)
CDC hosts second Veterinary Student Day, 571

US Department of State
US diplomat, Friends of the Farm helping to destigmatize animal health, 448

Vaccinology
Equine association updates vaccination guidelines, 450
Gates Foundation helps fund global animal health school, 571
Agricultural council offers free issue papers, 978
Reserves of human-use rabies vaccine could alleviate supply worries, 1243

Vermont
AVMA fellows find home in Senate, 1545

Vet 2011
AVMA commits to Vet 2011, and new one-health and animal welfare measures, 977
Veterinary Facilities
University of Tennessee expands teaching hospital, 844
Iowa State dedicates medical center, 1546

Veterinary History
AVMA commits to Vet 2011, and new one-health and animal welfare measures, 977
25 years: Wisconsin veterinary school celebrates anniversary, 1383

Veterinary Medical Education
Cornell fellows program to address shortage of academic specialists, 707
AVMA commits to Vet 2011, and new one-health and animal welfare measures, 977
Hill’s commits $5 million to Ontario teaching hospital, 978
25 years: Wisconsin veterinary school celebrates anniversary, 1383
Iowa State dedicates medical center, 1546

Veterinary Practice
ISU establishes, fills entrepreneurial professorship, 571

Veterinary Profession
Leaders advance AVMA strategic initiatives, 705
AVMA working for you, 1381

Veterinary Students
CDC hosts second Veterinary Student Day, 571

Veterinary Workforce Grant Program
Leaders advance AVMA strategic initiatives, 705

Virology
Avian influenza flares up in India, more than a dozen other countries, 315
Ebola outbreak in Uganda involves a new strain of the virus, 450
Team studies disease outbreak among pigs in China, 570
One-health concept central at conference on infectious disease, 707
NCI funds $10.9 million for retrovirus models of cancer, 1382

Volunteers
AVMF helps animal shelters, announces new leader in New Orleans, 1113
Nominations to AVMA entities being accepted, 1382

Washington
Gates Foundation helps fund global animal health school, 571

Wildlife
Leaders advance AVMA strategic initiatives, 705

Wisconsin
Education council schedules site visits, 8
University of Wisconsin selects associate dean for research, 9
Experts to teach summer course in foreign diseases, 315
Education council schedules site visits, 449, 843, 1246
25 years: Wisconsin veterinary school celebrates anniversary, 1383

World Equine Veterinary Association (WEVA)
Professor receives recognition for equine research, 571

World Health Organization (WHO)
Avian influenza flares up in India, more than a dozen other countries, 315
Ebola outbreak in Uganda involves a new strain of the virus, 450

YouTube
AVMA goes live on YouTube, 316
Index to Subjects

Abomasum
Ultrasoundographic examination of the omasum, liver, and small and large intestines in cows with right displacement of the abomasum and abomasal volvulus [U Braun et al], 777

Abortion
Reproductive tract disease associated with inoculation of pregnant white-tailed deer with bovine viral diarrhea virus [JF Ridpath et al], 1630

Accelerometers
Evaluation of two-dimensional accelerometers to monitor behavior of beef calves after castration [BJ White et al], 1005

Acepromazine
Effects of acepromazine and butorphanol on tiletamine-zolazepam anesthesia in llamas [TM Prado et al], 182
Effect of acepromazine, butorphanol, or N-butylscopolammonium bromide on visceral and somatic nociception and duodenal motility in conscious horses [LC Sanchez et al], 579

Acetanilide
Plasma acetanilide and fatty acid profiles during exercise and training in Standardbreds [CM Westermann et al], 1469

Adipose Tissue
Effects of systemic inflammation on insulin sensitivity in horses and inflammatory cytokine expression in adipose tissue [EL Kennedy et al], 130
Effect of adipose-derived nuclelated cell fractions on tendon repair in horses with collagenase-induced tendinitis [AJ Nixon et al], 928

Adrenergic-receptor Antagonists
Effects of a peripheral adrenergic-receptor antagonist on the hemodynamic changes induced by medetomidine administration in conscious dogs [SS Enouf et al], 728

Aesthesiometer
Evaluation of duration of corneal anesthesia induced by ophthalmic 0.5% proparacaine hydrochloride by use of a Cochet-Bonnet aesthesiometer in clinically normal horses [KL Kalf et al], 1655

Albanian Grey Parrots
Pharmacokinetics of voriconazole after oral administration in single and multiple doses in Albanian grey parrots (Psittacus erithacus timneh) [K Flammer et al], 114

AJVR Reviewers, 2007
311

Alaskan Sled Dogs
Assessment of alterations in triglyceride and glycogen concentrations in muscle tissue of Alaskan sled dogs during repetitive prolonged exercise [EC McKenzie et al], 1097

Aldosterone
Assessment of diuretic effects and changes in plasma aldosterone concentration following oral administration of a single dose of furosemide or azoemide in healthy dogs [Y Horii et al], 1664

Alfaxalone-2-hydroxypropyl-ß-cyclodextrin
Comparison of the anesthetic efficacy and cardiopulmonary effects of continuous rate infusions of alfaxalone-2-hydroxpropyl-ß-cyclodextrin and propofol in dogs [B Ambros et al], 1391

Alkalosis
Respiratory alkalosis and primary hypocapnia in Labrador Retrievers participating in field trials in high-ambient-temperature conditions [JE Steiss et al], 1262

Allergy
Pharmacokinetics of cetirizine in healthy cats [MG Papich et al], 670

Alpacas
Hematologic effects of subcutaneous administration of recombinant human granulocyte colony-stimulating factor (filgrastim) in healthy alpacas [EC McKenzie et al], 770

Ameroid Ring Constrictors
In vitro expansion patterns of ameroid ring constrictors [SS Leshem et al], 1520

Ametropia
Refractive states of eyes and association between ametropia and breed in dogs [MA Kubai et al], 946

Amikacin
Effects of triamcinolone acetonide, sodium hyaluronate, amikacin sulfate, and mepivacaine hydrochloride, alone and in combination, on morphology and matrix composition of lipopolysaccharide-challenged and unchallenged equine articular cartilage explants [DM Bolt et al], 861

Amino Acids
Effect of dietary nutrients on osteochondrosis lesions and cartilage properties in pigs [NZ Frantz et al], 617

Aminopyrine
Optimization of sample handling and processing for the carbon-13-labeled aminopyrine demethylation blood test and determination of a reference range for test results in healthy dogs [JV DeBiasio et al], 1385

Aminorex
Pharmacokinetics and effects of aminorex in horses [LR Soma et al], 675

Amphetamines
Pharmacokinetics and effects of aminorex in horses [LR Soma et al], 675

Analgesia
Effectiveness of administration of phenylbutazone alone or concurrent administration of phenylbutazone and flunixin meglumine to alleviate lameness in horses [KG Keegan et al], 167
cyclooxygenase expression and prostanoid production in pyloric and duodenal mucosa in dogs after administration of nonsteroidal anti-inflammatory drugs [JG Wooten et al], 457
Effect of acepromazine, butorphanol, or N-butylscopolammonium bromide on visceral and somatic nociception and duodenal motility in conscious horses [LC Sanchez et al], 579
Pharmacokinetics of butorphanol tartrate in red-tailed hawks (Buteo jamaicensis) and great horned owls (Bubo virginianus) [SM Riggs et al], 596
Effects of ketocanazole on the pharmacokinetics and pharmacodynamics of morphine in healthy Greyhounds [B KuKanich et al], 664
Pharmacokinetics of buprenorphine following intravenous administration in dogs [U Krotscheck et al], 722

AJVR, Vol 69, No. 1–12, January–December, 2008 Index 16
Effects of nonsteroidal anti-inflammatory drugs on long-term pain in calves castrated by use of an external clamping technique following epidural anesthesia [G Stilwell et al], 744
Postoperative analgesic effects of epidural administration of neostigmine alone or in combination with morphine in ovario-hysterectomized dogs [RL Marcucio et al], 854
Pharmacokinetics of orally administered tramadol in domestic rabbits [Oryctolagus cuniculus] [MU Souza et al], 979
Effects of epidurally administered morphine or buprenorphine on the thermal threshold in cats [BH Pyependorf et al], 983
Evaluation of the efficacy and safety for use of two sedation and analgesia protocols to facilitate assisted ventilation of healthy dogs [MR Etheri et al], 1351
Pharmacokinetics of butorphanol in cats after intramuscular and buccal transmucosal administration [SM Wells et al], 1548
Anti-inflammatory and analgesic effects of intra-articular injection of triamcinolone acetonide, mepivacaine hydrochloride, or both on lipopolysaccharide-induced lameness in horses [AT Kay et al], 1646

Analytic & Diagnostic Techniques
Comparison of canine capillary and jugular venous lactate concentrations determined by use of an enzymatic-amperometric bedside system [L Ferasin et al], 208
Antibody index and specific antibody quotient in horses after intragastric administration of Sarcocystis neurona sporocysts [KA Heskit et al], 403
Determination of reference intervals for plasma biochemical values in clinically normal adult domestic shorthair cats by use of a dry-slide biochemical analyzer [BS Reynolds et al], 471
Effects of sampling instrument and processing technique on DNA yield and detection rate for feline herpesvirus-1 via polymerase chain reaction assay [HD Westermeyer et al], 811
Development and analytic validation of a radioimmunoassay for the quantification of canine calprotectin in serum and feces from dogs [RM Heilmann et al], 845
Comparison of prothrombin time, activated partial thromboplastin time, and fibrinogen concentration in blood samples collected via an intravenous catheter versus direct venipuncture in dogs [VA Macbeckelbergh et al], 868
Development of a technique for quantification of reticulocytes and assessment of erythrocyte regenerative capacity in birds [JL Johns et al], 1067
Comparison of two-dimensional and three-dimensional systems collected via an intravenous catheter versus direct venipuncture in dogs [VA Macbeckelbergh et al], 868
Evaluation of EDTA hematology tubes for collection of blood samples for tests of secondary hemostasis in dogs [JJ Cerón et al], 1141
Evaluation of antibodies against feline coronavirus 7b protein for diagnosis of feline infectious peritonitis in cats [MA Kennedy et al], 1179
Noninvasive determination of body segment parameters of the hind limb in Labrador Retrievers with and without cranial cruciate ligament disease [CA Ragettly et al], 1188
Optimization of sample handling and processing for the carbon 13-labeled aminopyrine demethylation bioassay test and determination of a reference range for test results in healthy dogs [JV DeBiasio et al], 1385
Application of the sodium dilution principle to calculate extracellular fluid volume changes in horses during dehydration and rehydration [CL Fielding et al], 1506

Analyzers
Determination of reference intervals for plasma biochemical values in clinically normal adult domestic shorthair cats by use of a dry-slide biochemical analyzer [BS Reynolds et al], 471

Anaplasma spp
Evaluation of sequential coinfection with Anaplasma phagocytophilum and Anaplasma marginale in cattle [BR Hoar et al], 1171

Anatomy
Evaluation of computed tomographic anatomy of the equine metacarpophalangeal joint [K Vanderperren et al], 631

Anesthesiology
Induction and recovery characteristics and cardiopulmonary effects of sevoflurane and isoflurane in bald eagles [PH Joyner et al], 13
Effects of acepromazine and butorphanol on tiletamine-zolazepam anesthesia in llamas [TM Prado et al], 182
Minimum anesthetic concentration of isoflurane in captive thick-billed parrots (Rhynchopsitta pachyrhyncha) [JA Mercado et al], 189
Changes in pH of peritoneal fluid associated with carbon dioxide insufflation during laparoscopic surgery in dogs [FM Duerr et al], 298
Sedative and cardiopulmonary effects of medetomidine hydrochloride and xylazine hydrochloride and their reversal with atipamezole hydrochloride in calves [E Ríoja et al], 319
Physiologic responses and plasma endothelin-1 concentrations associated with abrupt cessation of nitric oxide inhalation in isoflurane-anesthetized horses [TL Grubb et al], 423
Evaluation of induction characteristics and hypnotic potency of isoflurane and sevoflurane in healthy dogs [EH Hofmeister et al], 451
Pharmacokinetics of remifentanil in conscious cats and cats anesthetized with isoflurane [BH Pyependorf et al], 531
Cardiopulmonary effects of anesthetic induction with thiopental, propofol, or a combination of ketamine hydrochloride and diazepam in dogs sedated with a combination of medetomidine and hydromorphone [SS Enouri et al], 586
Effects of a peripheral ß adrenergic-receptor antagonist on the hemodynamic changes induced by medetomidine administration in conscious dogs [SS Enouri et al], 728
Effects of head-down positioning on regional central nervous system perfusion in isoflurane-anesthetized horses [RJ Brosnan et al], 737
Effect of inhalation of isoflurane at end-tidal concentrations greater than, equal to, and less than the minimum anesthetic concentration on bispectral index in chickens [O Martín-Jurado et al], 1254
Hemodynamic and serum biochemical alterations associated with intravenous administration of three types of contrast media in anesthetized dogs [RE Pollard et al], 1268
Hemodynamic and serum biochemical alterations associated with intravenous administration of three types of contrast media in anesthetized cats [RE Pollard et al], 1274
Evaluation of the efficacy and safety for use of two sedation and analgesia protocols to facilitate assisted ventilation of healthy dogs [MR Etheri et al], 1351
Comparison of the anesthetic efficacy and cardiopulmonary effects of continuous rate infusions of alfalfaleone-2-hydroxypropyl-β-cycloexetrin and propofol in dogs [B Ambros et al], 1381
Evaluation of atrial fibrillation induced during anesthesia with fentanyl and pentobarbital in German Shepherd Dogs with inherited arrhythmias [R Pariaut et al], 1434
Evaluation of duration of corneal anesthesia induced with ophthalmic 0.5% proparacaine hydrochloride by use of a Cochet-Bonnet aesthesiometer in clinically normal horses [KL Kalf et al], 1655
Antibodies
Adsortive effects of di-tri-octahedral smectite on Clostridium perfringens alpha, beta, and beta-2 exotoxins and equine colostral antibodies [JB Lawler et al], 233
Antibody index and specific antibody quotient in horses after intrastrachal administration of Sarcocystis neurona sporocysts [KA Heskitt et al], 403
Evaluation of antibodies against feline coronavirus 7b protein for diagnosis of feline infectious peritonitis in cats [MA Kennedy et al], 1179
Antifungals
Pharmacokinetics of voriconazole after oral administration of single and multiple doses in African grey parrots (Psittacus erithacus timneh) [K Flammer et al], 114
In vitro susceptibility of Pythium insidiosum and a Lagenidium sp to itraconazole, posaconazole, voriconazole, terbinafine, caspofungin, and mafenoxan [TA Brown et al], 1463
Antihistamines
Pharmacokinetics of cetirizine in healthy cats [MG Papich et al], 670
Antimicrobials
Antimicrobial susceptibility of enteric bacteria recovered from feedlot cattle administered chlorotetracycline in feed [TM Platt et al], 2008;69:988
Correction: 2008;69:1163
In vitro efficacy of an ophthalmic drug combination against corneal pathogens of horses [NC Scotty et al], 2008;69:101
Correction: 2008;69:430
Comparison of two indirect techniques for local delivery of a high dose of an antimicrobial in the distal portion of forelimbs of horses [JU Ettico et al], 334
Intraocular pharmacokinetics of intravenously administered marbofloxacin in rabbits with experimentally induced acute endophthalmitis [A Regnier et al], 410
Pharmacokinetics of florenficol in serum and synovial fluid after regional intravenous perfusion in the distal portion of the hind limb of adult cows [UN Gilliam et al], 997
Pharmacokinetics after administration of an injectable experimental long-acting parenteral formulation of doxycycline hyclate in goats [D Vargas et al], 1085
Antioxidants
Effect of grape polyphenols on oxidative stress in canine lens epithelial cells [CA Barden et al], 94
Antivirals
Virus-specific antiviral treatment for controlling severe and fatal outbreaks of feline calicivirus infection [AW Smith et al], 23
Aorta
Evaluation of transesophageal echo-Doppler ultrasonography for the measurement of aortic blood flow in anesthetized cats [ML Rezende et al], 1135
Apomorphine
Safety and efficacy of an ocular insert for apomorphine-induced emesis in dogs [DD Cote et al], 1360
Apoptosis
Apoptosis of ligamentous cells of the cranial cruciate ligament from stable stifle joints of dogs with partial cranial cruciate ligament rupture [M Kray et al], 625
Effects of nuclear factor, B on regulation of cytokine expression and apoptosis in bovine monocytes exposed to Mycobacterium avium subsp paratuberculosis [DJ Weiss et al], 804
Evaluation of lymphocyte apoptosis in dogs with inflammatory bowel disease [JR Dandrieux et al], 1279
Arrhythmias
Evaluation of atrial fibrillation induced during anesthesia with fentanyl and pentobarbital in German Shepherd Dogs with inherited arrhythmias [R Pariaut et al], 1434
Arthritis
Relationships among measurements obtained by use of computed tomography and radiography and scores of cartilage microdamage in hip joints with moderate to severe joint laxity of adult dogs [MJ Lopez et al], 362
Relative expression of matrix metalloproteinase-2 and -9 in synovial fluid from healthy calves and calves with experimentally induced septic arthritis [D Francoz et al], 1022
Arthrodesis
In vitro mechanical evaluation of medial plating for pantarsal arthrodesis in dogs [RP Guillou et al], 1406
Atenolol
Comparison of pharmacodynamic variables following oral versus transdermal administration of atenolol to healthy cats [JM MacGregor et al], 39
Arterial Blood Flow
Spectral waveform analysis of intranodal arterial blood flow in abnormally large superficial lymph nodes in dogs [D Della Santa et al], 478
Atipamezole
Sedative and cardiopulmonary effects of medetomidine hydrochloride and xylazine hydrochloride and their reversal with atipamezole hydrochloride in calves [E Rioja et al], 319
Atrial Natriuretic Peptide
Relationships between velocities of pulmonary venous flow and plasma concentrations of atrial natriuretic peptide in healthy dogs [Y Hor et al], 465
Autoimmunity
Evaluation of perinuclear anti-neutrophilic cytoplasmic autoantibodies as an early marker of protein-losing enteropathy and protein-losing nephropathy in Soft Coated Wheaten Terriers [K Allenspach et al], 1301
Azosomide
Assessment of diuretic effects and changes in plasma aldosterone concentration following oral administration of a single dose of furosemide or azosomide in healthy dogs [Y Hor et al], 1664
B
Bacteria
Antimicrobial susceptibility of enteric bacteria recovered from feedlot cattle administered chlorotetracycline in feed [TM Platt et al], 2008;69:988
Correction: 2008;69:1163
In vitro efficacy of an ophthalmic drug combination against corneal pathogens of horses [NC Scotty et al], 2008;69:101
Correction: 2008;69:430
Association of soil concentrations of Rhodococcus equi and incidence of pneumonia attributable to Rhodococcus equi in foals on farms in central Kentucky [JH Osterholt et al], 385
Results of cytologic and microbiologic analysis of bronchoalveolar lavage fluid in New Zealand White rabbits [MG Hawkins et al], 572
Evaluation of sequential coinfection with Anaplasma phagocytophilum and Anaplasma marginale in cattle [BR Hoar et al], 1171
Evaluation of the potential of animal streptococcal isolates belonging to serogroups C and G to elicit acute rheumatic fever [V Barroso et al], 1183
Role of bacteria in the pathogenesis of recurrent uveitis in horses from the southeastern United States [BC Gilger et al], 1329
Evaluation of matrix metalloproteinase concentrations in pre-corneal tear film from dogs with *Pseudomonas aeruginosa*-associated keratitis [L Wang et al], 1341

Effects of simulated digests of *Biota orientalis* and a dietary nutraceutical on interleukin-1-induced inflammatory responses in cartilage explants [W Pearson et al], 1560

**Bacterins**

Evaluation of *Mycoplasma hypopneumoniae* bacterins for porcine torque teno virus DNAs [S Krakowka et al], 1601

**Bald Eagles**

Induction and recovery characteristics and cardiopulmonary effects of sevoflurane and isoflurane in bald eagles [PH Joyner et al], 13

**Behavior**

Evaluation of two-dimensional accelerometers to monitor behavior of beef calves after castration [BJ White et al], 1005

**Belgian Horses**

Insulin sensitivity in Belgian horses with polysaccharide storage myopathy [AM Firstman et al], 2008:69:818

Correction: 2008:69:879

**β-adrenergic Receptors**

Comparison of pharmacodynamic variables following oral versus transdermal administration of atenolol to healthy cats [JM MacGregor et al], 39

**β-Adrenoceptors**

Comparison of the pharmacokinetic properties of bisoprolol and carvedilol in healthy dogs [G Beddies et al], 1659

**Bioavailability**

Oral bioavailability of etoposide after administration of a single dose to tumor-bearing dogs [AB Flory et al], 1316

**Biochemical Values**

Determination of reference intervals for plasma biochemical values in clinically normal adult domestic shorthair cats by use of a dry-slide biochemical analyzer [BS Reynolds et al], 471

**Bioequivalence**

Evaluation of bioequivalence after oral, intramuscular, and intravenous administration of racemic ketoprofen in pigs [MR Raekallio et al], 108

**Biomaterials**

In vitro and in vivo comparison of five biomaterials used for orthopedic soft tissue augmentation [JL Cook et al], 148

**Biomicroscopy**

Ultrasound biomicroscopy of the iridocorneal angle of the eye before and after phacoemulsification and intraocular lens implantation in dogs [MD Rose et al], 279

**Biopsy**

Evaluation of a laparoscopic technique for collection of serial full-thickness small intestinal biopsy specimens in standing sedated horses [JL Bracamonte et al], 431

**Biota occidentalis**

Effects of simulated digests of *Biota orientalis* and a dietary nutraceutical on interleukin-1-induced inflammatory responses in cartilage explants [W Pearson et al], 1560

**Biotin**

Evaluation of technetium Tc 99m-labeled biotin for scintigraphic detection of soft tissue inflammation in horses [LG Kleine et al], 639

**Birds**

Induction and recovery characteristics and cardiopulmonary effects of sevoflurane and isoflurane in bald eagles [PH Joyner et al], 13

Pharmacokinetics of voriconazole after oral administration of single and multiple doses in African grey parrots (*Psittacus erithacus timneh*) [K Flammer et al], 114

Minimum anesthetic concentration of isoflurane in captive thick-billed parrots (*Rhynchopitta pachyrhyncha*) [JA Mercado et al], 189

Pharmacokinetics of butorphanol tartrate in red-tailed hawks (*Buteo jamaicensis*) and great horned owls (*Bubo virginianus*) [SM Riggs et al], 596

Development of a technique for quantification of reticulocytes and assessment of erythrocyte regenerative capacity in birds [JL Johns et al], 1067

Effect of inhalation of isoflurane at end-tidal concentrations greater than, equal to, and less than the minimum anesthetic concentration on bispectral index in chickens [O Martin-Jurado et al], 1254

Somatosensory evoked potentials and sensory nerve conduction velocities in the thoracic limb of mallard ducks (*Anas platyrhynchos*) [DJ Brenner et al], 1476

**Bisoprolol**

Comparison of the pharmacokinetic properties of bisoprolol and carvedilol in healthy dogs [G Beddies et al], 1659

**Bispectral Index**

Effect of inhalation of isoflurane at end-tidal concentrations greater than, equal to, and less than the minimum anesthetic concentration on bispectral index in chickens [O Martin-Jurado et al], 1254

**Blood**

Evaluation of EDTA hematology tubes for collection of blood samples for tests of secondary hemostasis in dogs [JJ Cerón et al], 1141

**Blood Flow**

Measurements of equine laminar blood flow and vascular permeability by use of dynamic contrast-enhanced computed tomography [EF Kruger et al], 371

Evaluation of transesophageal echo-Doppler ultrasonography for the measurement of aortic blood flow in anesthetized cats [ML Rezende et al], 1135

**Body Weight**

Comparison of two canine registry databases on the prevalence of hip dysplasia by breed and the relationship of dysplasia with body weight and height [PH Comhaire et al], 330

**Bone**

Histologic and micro-computed tomographic evaluation of the osseointegration of a nonresorbable bone substitute in alveoli of ponies after tooth extraction [L Vlaminck et al], 604

Comparison of mean bone densities of three preparations of the distal portion of the equine third metacarpal bone measured by use of quantitative computed tomography [MG Drum et al], 891

Structural characterization of subchondral bone in the distal aspect of third metacarpal bones from Thoroughbred racehorses via micro-computed tomography [LM Rubio-Martínez et al], 1413

Mechanical properties of subchondral bone in the distal aspect of third metacarpal bones from Thoroughbred racehorses [LM Rubio-Martínez et al], 1423

In vivo effects of intra-articular injection of gelatin hydrogen microspheres containing basic fibroblast growth factor on experimentally induced defects in third metacarpal bones of horses [N Sasaki et al], 1555
Book Reviews
Flynn’s Parasites of Laboratory Animals (2nd ed), by David G Baker [LJ Tambrallo], 11
The IACUC Handbook (2nd ed), by Jerald Silverman, Mark A Suckow & Sreekant Murthy [RS Schwiebert], 11
The Laboratory Canine (The Laboratory Animal Pocket Reference Series), by Garrett Field & Todd A Jackson [CL Emerson], 11
Ferret Husbandry, Medicine and Surgery (2nd ed), by JH Lewington [JJ Heatley], 12
Infectious Diseases and Pathology of Reptiles: Color Atlas and Text, by Elliott R Jacobson [MD Stafford], 12
Handbook of Veterinary Pain Management (2nd ed), by James Duerr et al, 45
Pathology of Laboratory Rodents and Rabbits (3rd ed), by Dean H Percy and Stephen W Barthold [R Meisner], 840
Handbook of Veterinary Clinical Research, by Mark Holmes and Peter Cockcroft [DC Dorman], 841

Bovine Respiratory Syncytial Virus (BRSV)
Effect of infection with bovine respiratory syncytial virus on pulmonary clearance of an inhaled antigen in calves [LJ Gershwin et al], 416

Bovine Viral Diarrhea Virus (BVDV)
Associations between health and productivity in cow-calf beef herds and persistent infection with bovine viral diarrhea virus, antibodies against bovine viral diarrhea virus, or antibodies against infectious bovine rhinotracheitis virus in calves [CL Waldner et al], 916
Reproductive tract disease associated with inoculation of pregnant white-tailed deer with bovine viral diarrhea virus [JF Ridpath et al], 1630

Boxers
Plasma fatty acid concentrations in Boxers and Doberman Pinschers [CE Smith et al], 195
An index of myocardial performance applied to the right ventricle of Boxers with arrhythmogenic right ventricular cardiomyopathy [RD Baumwart et al], 1029

Brain
Quantitative assessment of blood volume, blood flow, and permeability of the brain of clinically normal dogs by use of dynamic contrast-enhanced computed tomography [KL Peterson et al], 45
Effects of head-down positioning on regional central nervous system perfusion in isoflurane-anesthetized horses [RJ Brosnan et al], 737

BRCA2
Novel variations and loss of heterozygosity of BRCA2 identified in a dog with mammary tumors [Y Yoshikawa et al], 1323

Breeds
Comparison of two canine registry databases on the prevalence of hip dysplasia by breed and the relationship of dysplasia with body weight and height [FH Comhaine et al], 330
Refractive states of eyes and association between ametropia and breed in dogs [MA Kubai et al], 946
Evaluation of differences between breeds for substance P, vasoactive intestinal polypeptide, and neurofilament 200 in the abomasal wall of cattle [M Sickinger et al], 1247

Bronchoalveolar Lavage
Results of cytologic and microbiologic analysis of bronchoalveolar lavage fluid in New Zealand White rabbits [MG Hawkins et al], 572

Buccal Administration
Pharmacokinetics of butorphanol in cats after intramuscular and buccal transmucosal administration [SM Wells et al], 1548

Buprenorphine
Pharmacokinetics of buprenorphine following intravenous administration in dogs [U Krotscheck et al], 722
Effects of epidurally administered morphine or buprenorphine on the thermal threshold in cats [BH Pypendop et al], 983

Butorphanol
Effects of acepromazine and butorphanol on meatamine-zolazepam anesthesia in llamas [TM Prado et al], 182
Effect of acepromazine, butorphanol, or N-butylscopolammonium bromide on visceral and somatic nociception and duodenal motility in conscious horses [LC Sanchez et al], 579
Pharmacokinetics of butorphanol tartrate in red-tailed hawks (Buteo Jamaicainthes) and great horned owls (Bubo Virgini- anus) [SM Riggs et al], 596
Pharmacokinetics of butorphanol in cats after intramuscular and buccal transmucosal administration [SM Wells et al], 1548

Caffeine
Effects of intravenous administration of caffeine on physiologic variables in exercising horses [GC Ferraz et al], 1670

Calcium
Effects of intravenous administration of two volumes of calcium solution on plasma ionized calcium concentration and recovery from naturally occurring hypocalcemia in lactating dairy cows [JG Doze et al], 1346

Calicivirus
Virus-specific antiviral treatment for controlling severe and fatal outbreaks of feline calicivirus infection [AW Smith et al], 23

Calprotectin
Development and analytic validation of a radioimmunoassay for the quantification of canine calprotectin in serum and feces from dogs [RM Heilmann et al], 845

Camelids
Effects of acepromazine and butorphanol on tiletamine-zolazepam anesthesia in llamas [TM Prado et al], 182
Composition and electrophoretic mobility of plasma lipoproteins of dromedary camels (Camelus dromedarius) [F Asadi et al], 880

Candesartan Cilexitil
Comparison of the effects of candesartan cilexetil and enalapril maleate on right ventricular myocardial remodeling in dogs with experimentally induced pulmonary stenosis [T Yamane et al], 1574

Carbon Dioxide
Changes in pH of peritoneal fluid associated with carbon dioxide insufflation during laparoscopic surgery in dogs [FM Duerr et al], 298

Cardiac Output
Cardiac output determination by use of lithium dilution during exercise in horses [MM Durando et al], 1054

Cardiomyopathy
An index of myocardial performance applied to the right ventricle of Boxers with arrhythmogenic right ventricular cardiomyopathy [RD Baumwart et al], 1029
Molecular evaluation of five cardiac genes in Doberman Pinschers with dilated cardiomyopathy [KM Meurs et al], 1050
Comparisons of morphometric measurements and serum insulin-like growth factor concentration in healthy cats and cats with hypertrophic cardiomyopathy [VK Yang et al], 1061
Cardiopulmonary Dynamics
Sedative and cardiopulmonary effects of medetomidine hydrochloride and xylazine hydrochloride and their reversal with atipamezole hydrochloride in calves [E Roja et al], 319
Cardiopulmonary effects of anesthetic induction with thiopental, propofol, or a combination of ketamine hydrochloride and diazepam in dogs sedated with a combination of medetomidine and hydromorphone [SS Enouri et al], 586

Cardiovascular System
Induction and recovery characteristics and cardiopulmonary effects of sevoflurane and isoflurane in bald eagles [PH Joyner et al], 13
Volume loading-related changes in tissue Doppler images derived from the tricuspid valve annulus in dogs [Y Hori et al], 33
Comparison of pharmacodynamic variables following oral versus transdermal administration of atenolol to healthy cats [JM MacGregor et al], 39
Quantitative assessment of blood volume, blood flow, and permeability of the brain of clinically normal dogs by use of dynamic contrast-enhanced computed tomography [KL Peterson et al], 45
Roles of thromboxane A2 and 5-hydroxytryptamine in endotoxin-induced digital vasocostriction in horses [NJ Menzies-Gow et al], 199
Effects of subanesthetic doses of ketamine on hemodynamic and immunologic variables in dogs with experimentally induced endotoxemia [AE DeCue et al], 228
Evaluation of the renin-angiotensin system in cardiac tissues of cats with pressure-overload cardiac hypertrophy [M Uechi et al], 343
Evaluation of induction of vasoactive mediators from equine digital vein endothelial cells by endotoxin [NJ Menzies-Gow et al], 349
Myocardial fluid balance in dogs with naturally acquired heartworm infection [RH Stewart et al], 356
Measurements of equine laminar blood flow and vascular permeability by use of dynamic contrast-enhanced computed tomography [EF Kruger et al], 371
Relationships between velocities of pulmonary venous flow and plasma concentrations of atrial natriuretic peptide in healthy dogs [Y Hori et al], 465
Spectral waveform analysis of intranodal arterial blood flow in abnormally large superficial lymph nodes in dogs [D Delia Santa et al], 478
Vascular foramina of the metacarpophalangeal sesamoid bones of Greyhounds and their relationship to sesamoid disease [AE Daniel et al], 716
Effects of a peripheral α adrenergic-receptor antagonist on the hemodynamic changes induced by medetomidine administration in conscious dogs [SS Enouri et al], 728
Effects of head-down positioning on regional central nervous system perfusion in isoflurane-anesthetized horses [RJ Brosnan et al], 737
Distribution of myofibroblasts, smooth muscle-like cells, macrophages, and mast cells in mitral valve leaflets of dogs with myxomatous mitral valve disease [RI Han et al], 763
An index of myocardial performance applied to the right ventricle of Boxers with arrhythmogenic right ventricular cardiomyopathy [RD Baumwart et al], 1029
Estimation of left ventricular filling pressure by use of Doppler echocardiography in health anesthetized dogs subjected to acute volume loading [KE Schober et al], 1034
Molecular evaluation of five cardiac genes in Doberman Pinschers with dilated cardiomyopathy [KM Meurs et al], 1050
Cardiac output determination by use of lithium dilution during exercise in horses [MM Durando et al], 1054
Comparisons of morphometric measurements and serum insulin-like growth factor concentration in healthy cats and cats with hypertrophic cardiomyopathy [VK Yang et al], 1061
Evaluation of transesophageal echo-Doppler ultrasonography for the measurement of aortic blood flow in anesthetized cats [ML Rezende et al], 1135
Evaluation of atrial fibrillation induced during anesthesia with fentanyl and pentobarbital in German Shepherd Dogs with inherited arrhythmias [R Pariaut et al], 1434
In vitro expansion patterns of ameroid ring constrictors [SS Leshem et al], 1520
Comparison of the effects of candesartan cilexett and enalapril maleate on right ventricular myocardial remodeling in dogs with experimentally induced pulmonary stenosis [T Yamane et al], 1574
Comparison of the pharmacokinetic properties of bisoprolol and carvedilol in healthy dogs [G Beddies et al], 1659
Effects of intravenous administration of caffeine on physiologic variables in exercising horses [G Ferraz et al], 1670

Carprofen
Effects of carprofen on the integrity and barrier function of canine colonic mucosa [CA Briere et al], 174

Cartilage
Relationships among measurements obtained by use of computed tomography and radiography and scores of cartilage microdamage in hip joints with moderate to severe joint laxity of adult dogs [MJ Lopez et al], 362
Effect of dietary nutrients on osteochondrosis lesions and cartilage properties in pigs [NZ Frantz et al], 617
Effects of triamcinolone acetonide, sodium hyaluronate, amikacin sulfate, and mepvivacaine hydrochloride, alone and in combination, on morphology and matrix composition of lipopolysaccharide-challenged and unchallenged equine articular cartilage explants [DM Bolt et al], 861
Effect of dexamethasone supplementation on chondrogenesis of equine mesenchymal stem cells [AA Stewart et al], 1013
Effects of methylprednisolone acetate and glucosamine on proteoglycan production by equine chondrocytes in vitro [CR Byron et al], 1123
Effects of clinically relevant concentrations of glucosamine on equine chondrocytes and synoviocytes in vitro [CR Byron et al], 1129
Effects of simulated digests of Biota orientalis and a dietary nutraceutical on interleukin-1-induced inflammatory responses in cartilage explants [W Pearson et al], 1560

Carvedilol
Comparison of the pharmacokinetic properties of bisoprolol and carvedilol in healthy dogs [G Beddies et al], 1659

Caspofungin
In vitro susceptibility of Pythium insidiosum and a Lagenidium sp to tricarboxazole, posaconazole, voriconazole, terbinafline, caspofungin, and mfenoxam [TA Brown et al], 1463

Castration
Plasma concentrations of substance P and cortisol in beef calves after castration or simulated castration [JF Coetzee et al], 2008:69,751
Correction: 2008:69,885
Comparison of intratrueteric injection of zinc gluconate versus surgical castration to sterilize male dogs [JK Levy et al], 130
Effects of nonsteroidal anti-inflammatory drugs on long-term pain in calves castrated by use of an external clamping technique following epidural anesthesia [G Stilwell et al], 744
Evaluation of two-dimensional accelerometers to monitor behavior of beef calves after castration [BJ White et al], 1005

Cataracts
Inheritance of cataracts and primary lens luxation in Jack Russell Terriers [AM Oberbauer et al], 222
Characterization and prevalence of cataracts in Labrador Retrievers in The Netherlands [IMG Krajer-Huver et al], 1336
Cattle
Antimicrobial susceptibility of enteric bacteria recovered from feedlot cattle administered chlortetracycline in feed [TM Platt et al], 2008;69:988
Correction: 2008;69:1163

Herd characteristics and management practices associated with seroprevalence of Mycobacterium avium subsp paratuberculosis infection in dairy herds [S Tavompanich et al], 904
Associations between health and productivity in cow-calf beef herds and persistent infection with bovine viral diarrhea virus, antibodies against bovine viral diarrhea virus, or antibodies against infectious bovine rhinotrachitis virus in calves [CL Waldner et al], 916
Effects of a commercially available vaccine against Salmonella enterica Newport on milk production, somatic cell count, and shedding of Salmonella organisms in female dairy cattle with no signs of salmonellosis [DR Hermesch et al], 1229
Effects of intravenous administration of two volumes of calcium solution on plasma ionized calcium concentration and recovery from naturally occurring hypocalcemia in lactating dairy cows [DG Doze et al], 1346
Clinical observations, biochemical data, and postmortem and histopathologic findings in young dairy calves fed zeolite clonoptilolite binder combined with milk replacer [DL Step et al], 1587

Cavalier King Charles Spaniels
Radiographic morphology of the cranial portion of the cervical vertebral column in Cavalier King Charles Spaniels and its relationship to syringomyelia [CE Stalin et al], 89

Cecum
Use of multichannel electrotestinography for noninvasive assessment of myoelectrical activity in the cecum and large colon of horses [JB Koenig et al], 709

Cerebrospinal Fluid
Assessment of vitamin E concentrations in serum and cerebrospinal fluid in horses following oral administration of vitamin E [JK Higgins et al], 785

Cetirizine
Pharmacokinetics of cetirizine in healthy cats [MG Papich et al], 670

Chemotherapy
Flow cytometric evaluation of multidrug resistance proteins on grossly normal canine nodal lymphocyte membranes [SE Schleis et al], 1310
Oral bioavailability of etoposide after administration of a single dose to tumor-bearing dogs [AB Flory et al], 1316

Chickens
Effect of inhalation of isoflurane at end-tidal concentrations greater than, equal to, and less than the minimum anesthetic concentration on bispectral index in chickens [O Martin-Jurado et al], 1254

Chlortetracycline
Antimicrobial susceptibility of enteric bacteria recovered from feedlot cattle administered chlortetracycline in feed [TM Platt et al], 2008;69:988
Correction: 2008;69:1163

Chondrocytes
Effects of methylprednisolone acetate and glucosamine on proteoglycan production by equine chondrocytes in vitro [CR Byron et al], 1123
Effects of clinically relevant concentrations of glucosamine on equine chondrocytes and synoviocytes in vitro [CR Byron et al], 1129

Chondrogenesis
Effect of dexamethasone supplementation on chondrogenesis of equine mesenchymal stem cells [AA Stewart et al], 1013

Chronaxie
Assessment of impulse duration thresholds for electrical stimulation of muscles (chronaxie) in dogs [SG Sawaya et al], 1305

Cidovir
Effect of topical ophthalmic application of cidovir on experimentally induced primary ocular feline herpesvirus-1 infection in cats [JP Fontenelle et al], 289

Clamp
Effects of nonsteroidal anti-inflammatory drugs on long-term pain in calves castrated by use of an external clamping technique following epidural anesthesia [G Stilwell et al], 744

Clinical Pathology
Effects of long-term oral administration of levothyroxine sodium on serum thyroid hormone concentrations, clinicopathologic variables, and echocardiographic measurements in healthy adult horses [N Frank et al], 68
Plasma fatty acid concentrations in Boxers and Doberman Pinschers [CE Smith et al], 195
Comparison of canine capillary and jugular venous lactate concentrations determined by use of an enzymatic-amperometric bedside system [L Ferasin et al], 208
Determination of reference intervals for plasma biochemical values in clinically normal adult domestic shorthair cats by use of a dry-slide biochemical analyzer [BS Reynolds et al], 471
Frequency of detectable serum IgG concentrations in precolostral calves [M Chigerwe et al], 791
Comparison of prothrombin time, activated partial thromboplastin time, and fibrinogen concentration in blood samples collected via an intravenous catheter versus direct venipuncture in dogs [VA Meecekebergh et al], 868
Composition and electrophoretic mobility of plasma lipoproteins of dromedary camels (Camelus dromedarius) [F Asadi et al], 880
Relationship between plasma iron concentration and gastric pH in captive adult bottlenose dolphins (Tursiops truncatus) [MA Mitchell et al], 894
Development of a technique for quantification of reticulocytes and assessment of erythrocyte regenerative capacity in birds [JL Johns et al], 1067
Evaluation of EDTA hematology tubes for collection of blood samples for tests of secondary hemostasis in dogs [JJ Cerón et al], 1141
Effect of colostrum administration by use of orosensory intubation on serum IgG concentrations in Holstein bull calves [M Chigerwe et al], 1158
Evaluation of sequential coinfection with Anaplasma phagocytophilum and Anaplasma marginale in cattle [BR Hoar et al], 1171
Respiratory alkalosis and primary hypocapnia in Labrador Retrievers participating in field trials in high-ambient-temperature conditions [JE Steiss et al], 1262
Hemodynamic and serum biochemical alterations associated with intravenous administration of three types of contrast media in anesthetized dogs [RE Pollard et al], 1268
Hemodynamic and serum biochemical alterations associated with intravenous administration of three types of contrast media in anesthetized cats [RE Pollard et al], 1274
Effects of intravenous administration of two volumes of calcium solution on plasma ionized calcium concentration and recovery from naturally occurring hypocalcemia in lactating dairy cows [JG Doze et al], 1346
Optimization of sample handling and processing for the carbon 13-labeled aminopyrine demethylation blood test and determination of a reference range for test results in healthy dogs [JV DeBiasio et al], 1385
Application of the sodium dilution principle to calculate extracellular fluid volume changes in horses during dehydration and rehydration [CL Fielding et al], 1506
Assessment of a dimethyl sulfoxide-stabilized frozen canine platelet concentrate [J Guillain et al], 1580
Clinical observations, biochemical data, and postmortem and histopathologic findings in young dairy calves fed zeolite clinoptilolite binder combined with milk replacer [DL Step et al], 1587

**Clostridium perfringens**
Adsorptive effects of di-tri-octahedral smectite on Clostridium perfringens alpha, beta, and beta-2 exotoxins and equineColostrum
coalostronal antibodies [JB Lawler et al], 233

**Coagulation**
Comparison of prothrombin time, activated partial thromboplastin time, and fibrinogen concentration in blood samples collected via an intravenous catheter versus direct venipuncture in dogs [VA Maecckelbergh et al], 868
Assessment of a dimethyl sulfoxide-stabilized frozen canine platelet concentrate [J Guillain et al], 1580

**Cochet-Bonnet**
Evaluation of duration of corneal anesthesia induced with ophthalmic 0.5% prepa-ralcanine hydrochloride by use of a Cochett-Bonnet aesthesiometer in clinically normal horses [KL Kalf et al], 1655

**Collagen**
Evaluation of the potential of animal streptococcal isolates belonging to serogroups C and G to elicit acute rheumatic fever [V Barroso et al], 1183
Measurement of serum carboxyterminal cross-linked telopeptide of type I collagen concentration in dogs with osteosarcoma [JG Hintermeister et al], 1481

**Collagenase**
Effect of adipose-derived nucleated cell fractions on tendon repair in horses with collagenase-induced tendinitis [AJ Nixon et al], 928

**Colon**
Effects of carprofen on the integrity and barrier function of canine colonic mucosa [CA Briere et al], 174
Use of multichannel electrointestinography for noninvasive assessment of myoelectrical activity in the cecum and large colon of horses [JB Koenig et al], 709
Pathophysiologic effects of phenylbutazone on the right dorsal colon in horses [RS McConnico et al], 1496

**Colon-stimulating Factor**
Hematologic effects of subcutaneous administration of recombinant human granulocyte-colony-stimulating factor (filgrastim) in healthy alpacas [EC McKenzie et al], 770

**Colostrum**
Adsorptive effects of di-tri-octahedral smectite on Clostridium perfringens alpha, beta, and beta-2 exotoxins and equine Colonealostronal antibodies [JB Lawler et al], 233
Determination of serologic and colostral response in late-gestation cows vaccinated with a Mycoplasma bovis bacterin [CO Calloway et al], 912
Effect of colostrum administration by use of oesocephagal intubation on serum IgG concentrations in Holstein bull calves [M Chiigerwe et al], 1158

**Computed Tomography**
Quantitative assessment of blood volume, blood flow, and permeability of the brain of clinically normal dogs by use of dynamic contrast-enhanced computed tomography [KL Peterson et al], 45
Relationships among measurements obtained by use of computed tomography and radiography and scores of cartilage microdamage in hip joints with moderate to severe joint laxity of adult dogs [MJ Lopez et al], 362
Measurements of equine laminar blood flow and vascular permeability by use of dynamic contrast-enhanced computed tomography [EF Kruger et al], 371
Histologic and micro-computed tomographic evaluation of the osseointegration of a nonresorbable bone substitute in alveoli of ponies after tooth extraction [L Vlaminck et al], 604
Evaluation of computed tomographic anatomy of the equine metacarpophalangeal joint [K Vanderperren et al], 631
Comparison of mean bone densities of three preparations of the distal portion of the equine third metacarpal bone measured by use of quantitative computed tomography [MG Drum et al], 891
Structural characterization of subchondral bone in the distal aspect of third metacarpal bones from Thoroughbred racehorses via micro-computed tomography [LM Rubio-Martinez et al], 1413
Effects of body position and clinical signs on L7-S1 intervertebral foraminal area and lumbosacral angle in dogs with lum-boasal disease as measured via computed tomography [JC Jones et al], 1446
Determination of glomerular filtration rate in anesthetized pigs by use of three-phase whole-kidney computed tomography and Patlak plot analysis [K Alexander et al], 1455

**Conduction**
Somatosensory evoked potentials and sensory nerve conduction velocities in the thoracic limb of mallard ducks (Anas platyrhynchos) [DJ Brenner et al], 1476

**Contagious Ecthyma**
Development of a contagious ecthyma vaccine for goats [JMB Musser et al], 1366

**Contrast Media**
Hemodynamic and serum biochemical alterations associated with intravenous administration of three types of contrast media in anesthetized dogs [RE Pollard et al], 1268
Hemodynamic and serum biochemical alterations associated with intravenous administration of three types of contrast media in anesthetized cats [RE Pollard et al], 1274

**Corneas**
In vitro efficacy of an ophthalmic drug combination against corneal pathogens of horses [NC Scotty et al], 2008;69:101
Correction: 2008;69:430
Evaluation of duration of corneal anesthesia induced with ophthalmic 0.5% prepa-ralcanine hydrochloride by use of a Cochett-Bonnet aesthesiometer in clinically normal horses [KL Kalf et al], 1655

**Coronavirus**
Evaluation of antibodies against feline coronavirus 7b protein for diagnosis of feline infectious peritonitis in cats [MA Kennedy et al], 1179

**Corrections**
Antimicrobial susceptibility of enteric bacteria recovered from feedlot cattle administered chlorotetracycline in feed [TM Platt et al], 2008;69:988
Correction: 2008;69:1163
Effects of the second-generation synthetic lipid A analogue E5564 on responses to endotoxin equine whole blood and monocytes [MD Figueiredo et al], 2008;69:796
Correction: 2008;69:1021
Insulin sensitivity in Belgian horses with polysaccharide storage myopathy [AM Finshman et al], 2008;69:818
Correction: 2008;69:879
Plasma concentrations of substance P and cortisol in beef calves after castration or simulated castration [JF Coetzee et al], 2008;69:751
Correction: 2008;69:885
In vitro efficacy of an ophthalmic drug combination against corneal pathogens of horses [NC Scotty et al], 2008;69:101
Correction: 2008;69:430

Corticosteroids
In vivo evaluation of the effect of trans-10, cis-12 conjugated linoleic acid on phagocytosis by canine peripheral blood polymorphonuclear neutrophilic leukocytes exposed to methylprednisolone sodium succinate [J-H Kang et al], 494
Evaluation of the diffusion of corticosteroids between the distal interphalangeal joint and navicular bursa in horses [FE Pauwels et al], 611

Cortisol
Plasma concentrations of substance P and cortisol in beef calves after castration or simulated castration [JF Coetzee et al], 2008;69:751
Correction: 2008;69:885
Effects of intravenous administration of caffeine on physiologic variables in exercising horses [GC Ferraz et al], 1670

Craniococutaneous Ligament
Apoptosis of ligamentous cells of the cranial cruciate ligament from stable stifl joints of dogs with partial cranial cruciate ligament rupture [M Krayar et al], 625
Noninvasive determination of body segment parameters of the hind limb in Labrador Retrievers with and without cranial cruciate ligament disease [CA Ragelty et al], 1188

Critical Care Medicine
Safety and efficacy of an ocular insert for apomorphine-induced emesis in dogs [DD Cote et al], 1360

Cyanuric Acid
Evaluation of the renal effects of experimental feeding of melamine and cyanuric acid to fish and pigs [R Reimsereschudel et al], 1217

Cyclooxygenase
Cyclooxygenase expression and prostanoid production in pyloric and duodenal mucosae in dogs after administration of nonsteroidal anti-inflammatory drugs [JG Wooten et al], 457

Cystitis
Comparison of distributions of survivin among tissues from urinary bladders of dogs with cystitis, transitional cell carcinoma, or histologically normal urinary bladders [WV Rankin et al], 1073

Cytokine
Effects of systemic inflammation on insulin sensitivity in horses and inflammatory cytokine expression in adipose tissue [EL Kennedy et al], 130
Effects of nuclear factor-κB on regulation of cytokine expression and apoptosis in bovine monocytes exposed to Mycobacterium avium subsp paratuberculosis [DJ Weiss et al], 804

Cytology
Results of cytologic and microbiologic analysis of bronchoalveolar lavage fluid in New Zealand White rabbits [MG Hawkins et al], 572

Deer
Reproductive tract disease associated with inoculation of pregnant white-tailed deer with bovine viral diarrrhea virus [JF Ridpath et al], 1630

Dehydration
Application of the sodium dilution principle to calculate extracellular fluid volume changes in horses during dehydration and rehydration [CL Fielding et al], 1506

Density
Comparison of mean bone densities of three preperations of the distal portion of the equine third metacarpal bone measured by use of quantitative computed tomography [MG Drum et al], 891

Dexamethasone
Effects of dexamethasone administration on insulin signaling and glucose metabolism in equine skeletal muscle [HA Tiley et al], 51
Effect of dexamethasone supplementation on chondrogenesis of equine mesenchymal stem cells [AA Stewart et al], 1013

Diazepam
Cardiopulmonary effects of anesthetic induction with thiopental, propofol, or a combination of ketamine hydrochloride and diazepam in dogs sedated with a combination of medetomidine and hydromorphone [SS Enouri et al], 586

Diet
Effects of dietary supplementation with fish oil on vivo production of inflammatory mediators in clinically normal dogs [CJ LeBlanc et al], 486
Effect of dietary nutrients on osteochondrosis lesions and cartilage properties in pigs [NZ Frantz et al], 617

Digestive System
Effects of carprofen on the integrity and barrier function of canine colonic mucosa [CA Briere et al], 174
Statistical relevance of ultrasonographic criteria in the assessment of diffuse liver disease in dogs and cats [DA Feeney et al], 212
Evaluation of a laparoscopic technique for collection of serial full-thickness small intestinal biopsy specimens in standing sedated horses [JL Bracamonte et al], 431
Cyclooxygenase expression and prostanoid production in pyloric and duodenal mucosae in dogs after administration of nonsteroidal anti-inflammatory drugs [JG Wooten et al], 457
Effects of small intestinal ischemia and reperfusion on expression of tumor necrosis factor-α and interleukin-6 messenger RNAs in the jejunum, liver, and lungs of dogs [Y Nezu et al], 512
Evaluation of an endoscopically assisted gastropexy technique in dogs [M Dujowich et al], 537
Effect of acepromazine, butorphanol, or N-butyloxycyanammonium bromide on visceral and somatic nociception and duodenal motility in conscious horses [LC Sanchez et al], 579
Histologic and micro-computed tomographic evaluation of the osseointegration of a nonresorbable bone substitute in alveolar of canine mandible after tooth extraction [L Vlamimick et al], 604
Changes in gallbladder volume in healthy dogs after food was withheld for 12 hours followed by ingestion of a meal or a meal containing erythromycin [KL Ramstedt et al], 647
Use of multichannel electrointestinography for noninvasive assessment of myoelectrical activity in the cecum and large colon of horses [JB Koenig et al], 709
Ultrasonographic examination of the omasum, liver, and small and large intestines in cows with right displacement of the abomasum and abomasal volvulus [U Braun et al], 777
Development and analytic validation of a radioimmunoassay for the quantification of canine calprotectin in serum and feces from dogs [RM Heilmann et al], 845
Mucosal distribution of eosinophilic granulocytes within the gastrointestinal tract of horses [AK Rötting et al], 874
Evaluation of the effect of ranitidine on gastroduodenal contractile activity and gastric emptying in horses [O Maher et al], 1153
Effects of firocoxib, meloxicam, and teportal on prostanoid
and leukotriene production by duodenal mucosa and other tissues of osteoarthritic dogs [JP Punke et al], 1203
Evaluation of differences between breeds for substance P, vasoactive intestinal polypeptide, and neurofilament 200 in the abomasal wall of cattle [M Sickinger et al], 1247
Evaluation of lymphocyte apoptosis in dogs with inflammatory bowel disease [JR Dandrieux et al], 1279
Evaluation of perinuclear anti-neutrophilic cytoplasmic autoantibodies as an early marker of protein-losing enteropathy and protein-losing nephropathy in Soft Coated Wheaten Terriers [K Allenspach et al], 1301
Pathophysiologic effects of phenylbutazone on the right dorsal colon in horses [RS McConnico et al], 1496

Dihydroartemisinin
Biological activity of dihydroartemisinin in canine osteosarcoma cell lines [K Hosoya et al], 519

Dimethyl Sulfoxide
Assessment of a dimethyl sulfoxide-stabilized frozen canine platelet concentrate [U Guillaumin et al], 1580

Displacement
Ultrasoundographic examination of the omasum, liver, and small and large intestines in cows with right displacement of the abomasum and abomasal volvulus [U Braun et al], 777

Di-tri-octahedral Smectite
Adsorptive effects of di-tri-octahedral smectite on Clostridium perfringens alpha, beta, and beta-2 exotoxins and equine colostral antibodies [JB Lawler et al], 233

Diuretics
Assessment of diuretic effects and changes in plasma aldosterone concentration following oral administration of a single dose of furosemide or azosemide in healthy dogs [Y Hori et al], 1664

DNA
Effects of sampling instrument and processing technique on DNA yield and detection rate for feline herpesvirus-1 via polymerase chain reaction assay [HD Westermeyer et al], 811

Doberman Pinschers
Plasma fatty acid concentrations in Boxers and Doberman Pinschers [CE Smith et al], 195
Molecular evaluation of five cardiac genes in Doberman Pinschers with dilated cardiomyopathy [KM Meurs et al], 1050

Dolphins
Relationship between plasma iron concentration and gastric pH in captive adult bottlenose dolphins (Tursiops truncatus) [MA Mitchell et al], 894

Doppler
Volume loading-related changes in tissue Doppler images derived from the tricuspid valve annulus in dogs [Y Hori et al], 33

Doxycycline
Pharmacokinetics after administration of an injectable experimental long-acting parenteral formulation of doxycycline hyclate in goats [D Vargas et al], 1085

Ducks
Somatosensory evoked potentials and sensory nerve conduction velocities in the thoracic limb of mallard ducks (Anas platyrhynchos) [DJ Brenner et al], 1476

Duodenum
Cyclooxygenase expression and prostanoid production in pyloric and duodenal mucosae in dogs after administration of nonsteroidal anti-inflammatory drugs [JG Wooten et al], 457
Effect of acepromazine, butorphanol, or N-butylscopolammonium bromide on visceral and somatic nociception and duodenal motility in conscious horses [LC Sanchez et al], 579

Dust
Effects of inhaled fine dust on lung tissue changes and antibody response induced by spores of opportunistic fungi in goats [CW Purdy et al], 501

E
E5564
Effects of the second-generation synthetic lipid A analogue E5564 on responses to endotoxin equine whole blood and monocytes [MD Figueiredo et al], 2008;69:796
Correction: 2008;69:1021

Echocardiography
Volume loading-related changes in tissue Doppler images derived from the tricuspid valve annulus in dogs [Y Hori et al], 33
Effects of long-term oral administration of levothyroxine sodium on serum thyroid hormone concentrations, clinicopathologic variables, and echocardiographic measurements in healthy adult horses [N Frank et al], 68
Estimation of left ventricular filling pressure by use of Doppler echocardiography in health anesthetized dogs subjected to acute volume loading [KE Schober et al], 1034

EDTA
Evaluation of EDTA hematology tubes for collection of blood samples for tests of secondary hemostasis in dogs [JJ Cerón et al], 1141

Electrointestinography
Use of multichannel electrointestinography for noninvasive assessment of myoelectrical activity in the cecum and large colon of horses [JB Koenig et al], 709

Electromyography
Activity of selected rostral and caudal hyoid muscles in clinically normal horses during strenuous exercise [SL Morello et al], 682

Electrophoresis
Composition and electrophoretic mobility of plasma lipoproteins of dromedary camels (Camelus dromedarius) [FA Asadi et al], 880

Electrotherapy
Assessment of impulse duration thresholds for electrical stimulation of muscles (chronaxy) in dogs [SL Morello et al], 1305

Emesis
Safety and efficacy of an ocular insert for apomorphine-induced emesis in dogs [DD Cote et al], 1360

Enalapril
Comparison of the effects of candesartan cilexetil and enalapril maleate on right ventricular myocardial remodeling in dogs with experimentally induced pulmonary stenosis [T Yamane et al], 1574

Endocrinology
Insulin sensitivity in Belgian horses with polysaccharide storage myopathy [AM Firshman et al], 2008;69:818
Correction: 2008;69:879
Effects of dexamethasone administration on insulin signaling and glucose metabolism in equine skeletal muscle [HA Tiley et al], 51
Transmission of relaxin and estrogens to suckling canine pups
via milk and possible association with hip joint laxity [BG Steinetz et al], 59
Effects of long-term oral administration of levothyroxine sodium on serum thyroid hormone concentrations, clinicopathologic variables, and echocardiographic measurements in healthy adult horses [N Frank et al], 68
Effects of long-term oral administration of levothyroxine sodium on glucose dynamics in healthy adult horses [N Frank et al], 76
Effects of intravenous endotoxin challenge on glucose and insulin dynamics in horses [F Tóth et al], 82
Hypertension and insulin resistance in a mixed-breed population of ponies predisposed to laminitis [SR Bailey et al], 122
Effects of systemic inflammation on insulin sensitivity in horses and inflammatory cytokine expression in adipose tissue [EL Kennedy et al], 130
Effects of ultraviolet radiation on plasma 25-hydroxyvitamin D3 concentrations in corn snakes (Elaphe guttata) [MJ Aciero et al], 294
Evaluation of the renin-angiotensin system in cardiac tissues of cats with pressure-overload cardiac hypertrophy [M Uechi et al], 343
Assessment of serum thyroid hormone concentrations in lambs with selenium deficiency myopathy [B Dairi-Naghadeh et al], 659
Effect of sucking an isotonic solution of sodium acetate, sodium bicarbonate, or sodium chloride on abomasal emptying rate and luminal pH in calves [TS Marshall et al], 824
Endometrium
Uterine involution and endometrial function in postpartum pony mares [S Jischa et al], 1525
Endocarditis
Intraocular pharmacokinetics of intravenously administered marbofloxacin in rabbits with experimentally induced acute endocarditis [A Regnier et al], 410
Endoscopy
Evaluation of an endoscopically assisted gastropexy technique in dogs [M Dujowich et al], 537
Use of endoscopy for examination of the sacral epidural space in sanding cattle [S Franz et al], 891
Endothelial Cells
Evaluation of the induction of vasoactive mediators from equine digital vein endothelial cells by endotoxin [NJ Menzies-Gow et al], 349
Endothelin-1
Physiologic responses and plasma endothelin-1 concentrations in corn snakes (Elaphe guttata) [MJ Aciero et al], 294
Enzymatic-amperometric System
Comparison of canine capillary and jugular venous lactate concentrations determined by use of an enzymatic-amperometric bedside system [L Ferasin et al], 208
Eosinophils
Mucosal distribution of eosinophilic granulocytes within the gastrointestinal tract of horses [AK Rötting et al], 874
Epidemiology
Use of epidemiologic risk modeling to evaluate control of foot-and-mouth disease in southern Thailand [K Wongsathapornchai et al], 240
Assessment of the likelihood of introduction of foot-and-mouth disease through importation of live animals into the Malaysia-Thailand-Myanmar peninsula [K Wongsathapornchai et al], 252
Comparison of two canine registry databases on the prevalence of hip dysplasia by breed and the relationship of dysplasia with body weight and height [FH Comhaire et al], 330
Identification of hyperendemic foci of horses with West Nile virus disease in Texas [CA Wittich et al], 376
Association of soil concentrations of Rhodococcus equi and incidence of pneumonia attributable to Rhodococcus equi in foals on farms in central Kentucky [ND Cohen et al], 385
Exploratory spatial data analysis of regional seroprevalence of antibodies against epizootic hemorrhagic disease virus in cattle from Illinois and Indiana [TC Boyer et al], 1286
Epidural Space
Use of endoscopy for examination of the sacral epidural space in sanding cattle [S Franz et al], 891
Epizootic Hemorrhagic Disease Virus (EHDV)
Exploratory spatial data analysis of regional seroprevalence of antibodies against epizootic hemorrhagic disease virus in cattle from Illinois and Indiana [TC Boyer et al], 1286
Equine Herpesvirus
Risk factors for development of neurologic disease after experimental exposure to equine herpesvirus-1 in horses [GP Allen], 1595
Equipment
Evaluation of EDTA hematology tubes for collection of blood samples for tests of secondary hemostasis in dogs [JJ Cerón et al], 1141
Erythrocytes
Development of a technique for quantification of reticulocytes and assessment of erythrocyte regenerative capacity in birds [JL Johns et al], 1067
Erythromycin
Changes in gallbladder volume in healthy dogs after food was withheld for 12 hours followed by ingestion of a meal or a meal containing erythromycin [KL Ramstedt et al], 647
Erythropoietic System
Lactate transport in canine red blood cells [NM Koho et al], 1091
Characterization of uveitis induced by use of a single intravitreal injection of bacterial lipopolysaccharide in cats [MJ Del Sole et al], 1487
Evaluation of duration of corneal anesthetic effect of topical 0.5% proparacaine hydrochloride by use of a Cochet-Bonnet aesthesiometer in clinically normal horses [KL Kalf et al], 1655

Fatty Acids
Plasma fatty acid concentrations in Boxers and Doberman Pinschers [CE Smith et al], 195
Effect of dietary nutrients on osteochondrosis lesions and cartilage properties in pigs [NZ Frantz et al], 617
Plasma acylcarnitine and fatty acid profiles during exercise and training in Standardbreds [CM Westermann et al], 1469

Feedlots
Antimicrobial susceptibility of enteric bacteria recovered from feedlot cattle administered chlortetracycline in feed [TM Platt et al], 2008;69:988
Correction: 2008;69:1163

Feline Coronavirus
Evaluation of antibodies against feline coronavirus 7b protein for diagnosis of feline infectious peritonitis in cats [MA Kennedy et al], 1179
Feline Herpesvirus
Effect of topical ophthalmic application of cidofovir on experimentally induced primary ocular feline herpesvirus-1 infection in cats [JP Fontenelle et al], 289
Effects of sampling instrument and processing technique on DNA yield and detection rate for feline herpesvirus-1 by polymerase chain reaction assay [HD Westermeyer et al], 811

Feline Infectious Peritonitis
Evaluation of antibodies against feline coronavirus 7b protein for diagnosis of feline infectious peritonitis in cats [MA Kennedy et al], 1179
Fentanyl
Evaluation of atrial fibrillation induced during anesthesia with fentanyl and pentobarbital in German Shepherd Dogs with inherited arrhythmias [R Pariault et al], 1434
Fibrillation
Evaluation of atrial fibrillation induced during anesthesia with fentanyl and pentobarbital in German Shepherd Dogs with inherited arrhythmias [R Pariault et al], 1434
Fibrinogen
Comparison of prothrombin time, activated partial thromboplastin time, and fibrinogen concentration in blood samples collected via an intravenous catheter versus direct venipuncture in dogs [VA Maeckebergh et al], 868

Fibroblasts
Assessment of platelet growth factors in supernatants from rehydrated freeze-dried equine platelets and their effects on fibroblasts in vitro [F Tablin et al], 1512
In vivo effects of intra-articular injection of gelatin hydrogen microspheres containing basic fibroblast growth factor on experimentally induced defects in third metacarpal bones of horses [N Sasaki et al], 1555
Assessment of the transformation of equine skin-derived fibroblasts to multinucleated skeletal myotubes following lentiviral-induced expression of equine myogenic differentiation 1 [M Fernandez-Fuente et al], 1637

Filtrastim
Hematologic effects of subcutaneous administration of recombi-
Firocoxib
Effects of firocoxib, meloxicam, and tepoxalin on prostanoid and leukotriene production by duodenal mucosa and other tissues of osteoarthritic dogs [JP Punke et al], 1203
Pharmacokinetics of firocoxib after administration of multiple consecutive daily doses to horses [LT Letendre et al], 1399

Fish Oil
Effects of dietary supplementation with fish oil on in vivo production of inflammatory mediators in clinically normal dogs [CJ LeBlanc et al], 486
Effect of dietary nutrients on osteochondrosis lesions and cartilage properties in pigs [NZ Frantz et al], 617

Fiorfenicol
Pharmacokinetics of florfenicol in serum and synovial fluid after high dose of an antimicrobial in the distal portion of forelimbs [Wongsathapornchai et al], 252
Comparison of two indirect techniques for local delivery of a meal containing erythromycin [KL Ramstedt et al], 647

Flow Cytometry
Flow cytometric evaluation of multidrug resistance proteins on grossly normal canine nodal lymphocyte membranes [SE Schleis et al], 1310

Fluid Balance
Myocardial fluid balance in dogs with naturally acquired heartworm infection [RH Stewart et al], 356
Use of high-frequency ultrasonography for evaluation of skin thickness in relation to hydration status and fluid distribution at various cutaneous sites in dogs [A Diana et al], 1148

Flunarizine
Effects of the topicaly applied calcium-channel blocker flunarizine on intraocular pressure in clinically normal dogs [AL Greller et al], 273

Flunixin
Effectiveness of administration of phenylbutazone alone or concurrent administration of phenylbutazone and flunixin meglumine to alleviate lameness in horses [KG Keegan et al], 167

Foot-and-mouth Disease (FMD)
Use of epidemiologic risk modeling to evaluate control of foot-and-mouth disease in southern Thailand [K Wongnsathapornchai et al], 240
Assessment of the likelihood of the introduction of foot-and-mouth disease through importation of live animals into the Malaysia-Thailand-Myanmar peninsula [K Wongnsathapornchai et al], 252

Forelimbs
Comparison of two indirect techniques for local delivery of a high dose of an antimicrobial in the distal portion of forelimbs of horses [JA Errico et al], 334

Foramina
Vascular foramina of the metacarpophalangeal sesamoid bones of Greyhounds and their relationship to sesamoid disease [A Daniel et al], 716

Fractures
Quantitative analysis of scintigraphic findings in tibial stress fractures in Thoroughbred racehorses [A Valdés-Martínez et al], 886

Fungi
Effects of inhaled fine dust on lung tissue changes and antibody response induced by spores of opportunistic fungi in goats [CW Purdy et al], 501

Furosemide
Assessment of diuretic effects and changes in plasma aldosterone concentration following oral administration of a single dose of furosemide or azosemide in healthy dogs [Y Hori et al], 1664

F-wave
F-wave conduction velocity, persistence, and amplitude for the tibial nerve in clinically normal cats [S Okuno et al], 261

Gallbladder
Changes in gallbladder volume in healthy dogs after food was withheld for 12 hours followed by ingestion of a meal or a meal containing erythromycin [KL Ramstedt et al], 647

Gastropexy
Evaluation of an endoscopically assisted gastropexy technique in dogs [M Dujowich et al], 537

Gelatin
In vivo effects of intra-articular injection of gelatin hydrogen microspheres containing basic fibroblast growth factor on experimentally induced defects in third metacarpal bones of horses [N Sasaki et al], 1555

Genetics
Molecular evaluation of five cardiac genes in Doberman Pinschers with dilated cardiomyopathy [KM Meurs et al], 1050
Identification of quantitative trait loci for osteoarthritis of hip joints in dogs [RG Mateescu et al], 1294
Novel variations and loss of heterozygosity of BRCA2 identified in a dog with mammary tumors [Y Yoshikawa et al], 1323

German Shepherd Dogs
Evaluation of atrial fibrillation induced during anesthesia with fentanyl and pentobarbital in German Shepherd Dogs with inherited arrhythmias [R Pariaut et al], 1434

Glioblastoma
Comparison of the distribution of glial fibrillary acidic protein, heat shock protein 60, and hypoxia-inducible factor-1α in retinas from glaucomatous and normal canine eyes [CA Savagian et al], 265

Gliafibrillary Acidic Protein
Comparison of the distribution of glial fibrillary acidic protein, heat shock protein 60, and hypoxia-inducible factor-1α in retinas from glaucomatous and normal canine eyes [CA Savagian et al], 265

Glioma
Comparison of the distribution of glial fibrillary acidic protein, heat shock protein 60, and hypoxia-inducible factor-1α in retinas from glaucomatous and normal canine eyes [CA Savagian et al], 265

Glucagon
Effects of clinically relevant concentrations of glucosamine on proteoglycan production by equine chondrocytes in vitro [CR Byron et al], 1123
Effects of clinically relevant concentrations of glucosamine on equine chondrocytes and synoviocytes in vitro [CR Byron et al], 1129
Pharmacokinetics of butorphanol tartrate in red-tailed hawks

Hawks

Growth Factors
Assessment of platelet growth factors in supernatants from vascular foramina of the metacarpophalangeal sesamoid bones of Greyhounds and their relationship to sesamoid disease [A Daniel et al], 716

Head-down Positioning
Effects of head-down positioning on regional central nervous system perfusion in isoflurane-anesthetized horses [RJ Brosnan et al], 737

Heartworms
Myocardial fluid balance in dogs with naturally acquired heartworm infection [RH Stewart et al], 356

Heart
Volume loading-related changes in tissue Doppler images derived from the tricuspid valve annulus in dogs [Y Hori et al], 33

Glucose
Effects of dexamethasone administration on insulin signaling and glucose metabolism in equine skeletal muscle [HA Tiley et al], 51

Effects of long-term oral administration of levothyroxine sodium on glucose dynamics in healthy adult horses [N Frank et al], 76

Effects of an intravenous endotoxin challenge on glucose and insulin dynamics in horses [F Tóth et al], 82

Glycogen
Assessment of alterations in triglyceride and glycogen concentrations in muscle tissue of Alaskan sled dogs during repetitive prolonged exercise [EC McKenzie et al], 1097

Grafts
Effects of hyperbaric oxygen on full-thickness meshed skin grafts applied to fresh and granulating wounds in horses [TEC Holder et al], 140

Granulocytes
Hematologic effects of subcutaneous administration of recombinant human granulocyte colony-stimulating factor (filgrastim) in healthy alpacas [EC McKenzie et al], 770

Mucosal distribution of eosinophilic granulocytes within the gastrointestinal tract of horses [AK Rötting et al], 874

Grapes
Effect of grape polyphenols on oxidative stress in canine lens epithelial cells [CA Barden et al], 94

Greyhounds
Effects of ketoconazole on the pharmacokinetics and pharmacodynamics of morphine in healthy Greyhounds [B KuKanich et al], 664

Vascular foramina of the metacarpophalangeal sesamoid bones of Greyhounds and their relationship to sesamoid disease [A Daniel et al], 716

Growth Factors
Assessment of platelet growth factors in supernatants from rehydrated freeze-dried equine platelets and their effects on fibroblasts in vitro [F Tablin et al], 1512

In vivo effects of intra-articular injection of gelatin hydrogen microspheres containing basic fibroblast growth factor on experimentally induced defects in third metacarpal bones of horses [N Sasaki et al], 1555

Hawks
Pharmacokinetics of butorphanol tartrate in red-tailed hawks (Buteo jamaicensis) and great horned owls (Bubo virginianus) [SM Riggs et al], 596

Head-down Positioning
Effects of head-down positioning on regional central nervous system perfusion in isoflurane-anesthetized horses [RJ Brosnan et al], 737

Healing
Effects of topical application of taurolidine on second intention healing of experimentally induced wounds in rats [JM Simpson et al], 1210

H
Hawks
Pharmacokinetics of butorphanol tartrate in red-tailed hawks (Buteo jamaicensis) and great horned owls (Bubo virginianus) [SM Riggs et al], 596

Heart
Volume loading-related changes in tissue Doppler images derived from the tricuspid valve annulus in dogs [Y Hori et al], 33

Evaluation of the renin-angiotensin system in cardiac tissues of cats with pressure-overload cardiac hypertrophy [M Uechi et al], 343

Myocardial fluid balance in dogs with naturally acquired heartworm infection [RH Stewart et al], 356

Relationships between velocities of pulmonary venous flow and plasma concentrations of atrial natriuretic peptide in healthy dogs [Y Hori et al], 465

An index of myocardial performance applied to the right ventricle of Boxers with arrhythmogenic right ventricular cardiomyopathy [RD Baumwart et al], 1029

Estimation of left ventricular filling pressure by use of Doppler echocardiography in health anesthetized dogs subjected to acute volume loading [KE Schober et al], 1034

Molecular evaluation of five cardiac genes in Doberman Pinschers with dilated cardiomyopathy [KM Meurs et al], 1050

Cardiac output determination by use of lithium dilution during exercise in horses [MM Durando et al], 1054

Comparisons of morphometric measurements and serum insulin-like growth factor concentration in healthy cats and cats with hypertrophic cardiomyopathy [VK Yang et al], 1061

Evaluation of atrial fibrillation induced during anesthesia with fentanyl and pentobarbital in German Shepherd Dogs with inherited arrhythmias [R Pariaut et al], 1434

Heartworms
Myocardial fluid balance in dogs with naturally acquired heartworm infection [RH Stewart et al], 356

Heat Shock Protein 60
Comparison of the distribution of glial fibrillary acidic protein, heat shock protein 60, and hypoxia-inducible factor-1α in retinas from glaucomatous and normal canine eyes [CA Savagian et al], 265

Height
Comparison of two canine registry databases on the prevalence of hip dysplasia by breed and the relationship of dysplasia with body weight and height [FH Comhaire et al], 330

Hematology
Evaluation of EDTA hematology tubes for collection of blood samples for tests of secondary hemostasis in dogs [JJ Cerón et al], 1141

Hematopoietic System
Effects of the second-generation synthetic lipid A analogue E5564 on responses to endotoxin equine whole blood and monocytes [MD Figueiredo et al], 2008;69:796

Correction: 2008;69:1021

Hematologic effects of subcutaneous administration of recombinant human granulocyte colony-stimulating factor (filgrastim) in healthy alpacas [EC McKenzie et al], 770

Evaluation of sequential coinfection with E5564 on responses to endotoxin equine whole blood and monocytes [MD Figueiredo et al], 2008;69:796

Evaluation of sequential coinfection with Anaplasma phagocytophilum and Anaplasmata marginale in cattle [BR Hoar et al], 1171

Assessment of a dimethyl sulfoxide-stabilized frozen canine platelet concentrate [J Guillain et al], 1580

Hemodynamics
Relationships between velocities of pulmonary venous flow and plasma concentrations of atrial natriuretic peptide in healthy dogs [Y Hori et al], 465

Effects of a peripheral α-adrenergic-receptor antagonist on the hemodynamic changes induced by medetomidine administration in conscious dogs [SS Enouri et al], 728

Hemodynamic and serum biochemical alterations associated with intravenous administration of three types of contrast media in anesthetized dogs [RE Pollard et al], 1268
Hemodynamic and serum biochemical alterations associated with intravenous administration of three types of contrast media in anesthetized cats [RE Pollard et al], 1274

Hemostasis
Evaluation of EDTA hematology tubes for collection of blood samples for tests of secondary hemostasis in dogs [JJ Cerón et al], 1141
Assessment of a dimethyl sulfoxide-stabilized frozen canine platelet concentrate [J Guillaumin et al], 1580

Hepatitis

Herpesvirus
Effect of topical ophthalmic application of cidofovir on experimentally induced primary ocular feline herpesvirus-1 infection in cats [JP Fontenelle et al], 289
Effects of sampling instrument and processing technique on DNA yield and detection rate for feline herpesvirus-1 via polymerase chain reaction assay [HD Westermeyer et al], 811
Risk factors for development of neurologic disease after experimental exposure to equine herpesvirus-1 in horses [GP Allen], 1595

Hind Limb
Comparison of two-dimensional and three-dimensional systems for kinematic analysis of the sagittal motion of canine hind limbs during walking [J Kim et al], 1116
Noninvasive determination of body segment parameters of the hind limb in Labrador Retrievers with and without cranial cruciate ligament disease [CA Ragetly et al], 1188

Hip Dysplasia
Transmission of relaxin and estrogens to suckling canine pups via milk and possible association with hip joint laxity [BG Steinetz et al], 59
Comparison of two canine registry databases on the prevalence of hip dysplasia by breed and the relationship of dysplasia with body weight and height [FH Comhaire et al], 330

Hip Joint
Transmission of relaxin and estrogens to suckling canine pups via milk and possible association with hip joint laxity [BG Steinetz et al], 59
Identification of quantitative trait loci for osteo arthritis of hip joints in dogs [RG Mateescu et al], 1294

Histology
Histologic and micro-computed tomographic evaluation of the osseointegration of a nonresorbable bone substitute in alveoli of ponies after tooth extraction [L Vlaminck et al], 604
Mucosal distribution of eosinophilic granulocytes within the gastrointestinal tract of horses [AK Rötting et al], 874

Histone Deacetylase
Evaluation of the effects of histone deacetylase inhibitors on cells from canine cancer cell lines [WC Kisseberth et al], 938

Hooves
Hypertension and insulin resistance in a mixed-breed population of ponies predisposed to laminitis [SR Bailey et al], 122
Measurements of equine laminar blood flow and vascular permeability by use of dynamic contrast-enhanced computed tomography [EF Kruger et al], 371

Hotlines Every Veterinarian Should Know
1536

Hyaluronate
Examination of synovial fluid hyaluronan quantity and quality in stifle joints of dogs with osteoarthritis [RO Venable et al], 1569

Hydrogen
In vivo effects of intra-articular injection of gelatin hydrogen microspheres containing basic fibroblast growth factor on experimentally induced defects in third metacarpal bones of horses [N Sasaki et al], 1555

Hydromorphine
Cardiopulmonary effects of anesthetic induction with thiopental, propofol, or a combination of ketamine hydrochloride and diazepam in dogs sedated with a combination of medetomidine and hydromorphine [SS Enouri et al], 586

5-Hydroxytryptamine
Roles of thromboxane A2 and 5-hydroxytryptamine in endotoxin-induced digital vasoconstriction in horses [NJ Menzies-Gow et al], 199

25-Hydroxyvitamin D3
Effects of ultraviolet radiation on plasma 25-hydroxyvitamin D3 concentrations in corn snakes (Elaphe guttata) [MJ Acierno et al], 294

Hyoid Muscle
Activity of selected rostral and caudal hyoid muscles in clinically normal horses during strenuous exercise [SL Morello et al], 682

Hyperbaric Oxygen
Effects of hyperbaric oxygen on full-thickness meshed skin grafts applied to fresh and granulating wounds in horses [TEC Holder et al], 140

Hypertension
Hypertension and insulin resistance in a mixed-breed population of ponies predisposed to laminitis [SR Bailey et al], 122

Hypertrophy
Evaluation of the renin-angiotensin system in cardiac tissues of cats with pressure-overload cardiac hypertrophy [M Uechi et al], 343

Hypocalcemia
Effects of intravenous administration of two volumes of calcium solution on plasma ionized calcium concentration and recovery from naturally occurring hypocalcemia in lactating dairy cows [JG Doze et al], 1346

Hypocapnia
Respiratory alkalosis and primary hypocapnia in Labrador Retrievers participating in field trials in high-ambient-temperature conditions [JE Steiss et al], 1262

Hypoxia-inducible Factor-1α
Comparison of the distribution of glial fibrillary acidic protein, heat shock protein 60, and hypoxia-inducible factor-1α in retinas from glaucomatous and normal canine eyes [CA Savagian et al], 265

IgG
Frequency of detectable serum IgG concentrations in precolostral calves [M Chigerwe et al], 791
Illinois

Exploratory spatial data analysis of regional seroprevalence of antibodies against epizootic hemorrhagic disease virus in cattle from Illinois and Indiana [TC Boyer et al], 1286

Immunology

Effects of the second-generation synthetic lipid A analogue E5564 on responses to endotoxin equine whole blood and monocytes [MD Figueiredo et al], 2008;69:796
Correction: 2008;69:1021
Effects of subanesthetic doses of ketamine on hemodynamic and immunologic variables in dogs with experimentally induced endotoxemia [AE DeClue et al], 228
Effects of dietary supplementation with fish oil on in vivo production of inflammatory mediators in clinically normal dogs [CJ LeBlanc et al], 486

In vivo evaluation of the effect of trans-10, cis-12 conjugated linoleic acid on phagocytosis by canine peripheral blood polymorphonuclear neutrophil leukocytes exposed to methylprednisolone sodium succinate [J-H Kang et al], 494
Effects of inhaled fine dust on lung tissue changes and antibody response induced by spores of opportunistic fungi in goats [CW Purdy et al], 501
Effects of small intestinal ischemia and reperfusion on expression of tumor necrosis factor-α and interleukin-6 messenger RNAs in the jejunum, liver, and lungs of dogs [Y Nezu et al], 512
Hematologic effects of subcutaneous administration of recombinant human granulocyte colony-stimulating factor (filgrastim) in healthy alpacas [EC McKenzie et al], 770
Frequency of detectable serum IgG concentrations in precolostral calves [M Chigerwe et al], 791
Effect of colostrum administration by use of oro-esophageal intubation on serum IgG concentrations in Holstein bull calves [M Chigerwe et al], 1158

Impulse Duration

Assessment of impulse duration thresholds for electrical stimulation of muscles (chronaxy) in dogs [SG Sawaya et al], 1305

Indiana

Exploratory spatial data analysis of regional seroprevalence of antibodies against epizootic hemorrhagic disease virus in cattle from Illinois and Indiana [TC Boyer et al], 1286

Induction

Evaluation of induction characteristics and hypnotic potency of isoflurane and sevoflurane in healthy dogs [EH Hofmeister et al], 451

Infectious Bovine Rhinotracheitis Virus (IBRV)

Associations between health and productivity in cow-calf beef herds and persistent infection with bovine viral diarrhea virus, antibodies against bovine viral diarrhea virus, or antibodies against infectious bovine rhinotracheitis virus in calves [CL Waldner et al], 916

Inflammation

Effects of systemic inflammation on insulin sensitivity in horses and inflammatory cytokine expression in adipose tissue [EL Kennedy et al], 130
Effects of dietary supplementation with fish oil on in vivo production of inflammatory mediators in clinically normal dogs [CJ LeBlanc et al], 486
Evaluation of technetium Tc 99m-labeled biotin for scintigraphic detection of soft tissue inflammation in horses [LG Kleine et al], 639
Effects of nuclear factor-κB on regulation of cytokine expression and apoptosis in bovine monocytes exposed to Mycobacterium avium subsp paratuberculosis [DJ Weiss et al], 804
Anti-inflammatory and anesthetic effects of intra-articular injection of trimcinolone acetone, mepvacaine hydrochloride, or both on lipopolysaccharide-induced lameness in horses [AT Kay et al], 1646

Inflammatory Bowel Disease

Development and analytic validation of a radioimmunoassay for the quantification of canine calprotectin in serum and feces from dogs [RM Heilmann et al], 845
Evaluation of lymphocyte apoptosis in dogs with inflammatory bowel disease [JR Dandrieux et al], 1279

Inheritance

Inheritance of cataracts and primary lens luxation in Jack Russell Terriers [AM Oberbauer et al], 222

Insulin

Insulin sensitivity in Belgian horses with polysaccharide storage myopathy [AM Finshman et al], 2008;69:818
Correction: 2008;69:879
Effects of dexamethasone administration on insulin signaling and glucose metabolism in equine skeletal muscle [HA Tiley et al], 51
Effects of an intravenous endotoxin challenge on glucose and insulin dynamics in horses [F Tóth et al], 82
Hypertension and insulin resistance in a mixed-breed population of ponies predisposed to laminitis [SR Bailey et al], 122
Effects of systemic inflammation on insulin sensitivity in horses and inflammatory cytokine expression in adipose tissue [EL Kennedy et al], 130
Effects of intravenous administration of caffeine on physiologic variables in exercising horses [GC Ferraz et al], 1670

Insulin-like Growth Factor

Comparisons of morphometric measurements and serum insulin-like growth factor concentration in healthy cats and cats with hypertrophic cardiomyopathy [VK Yang et al], 1061

Integumentary System

Use of high-frequency ultrasonography for evaluation of skin thickness in relation to hydration status and fluid distribution at various cutaneous sites in dogs [A Diana et al], 1148

Interleukin

Effects of small intestinal ischemia and reperfusion on expression of tumor necrosis factor-α and interleukin-6 messenger RNAs in the jejunum, liver, and lungs of dogs [Y Nezu et al], 512
Effects of simulated digests of Biota orientalis and a dietary nutraceutical on interleukin-1-induced inflammatory responses in cartilage explants [W Pearson et al], 1560

Interphalangeal Joint

Evaluation of the diffusion of corticosteroids between the distal interphalangeal joint and navicular bursa in horses [FE Pauwels et al], 611

Intervertebral Foramen

Effects of body position and clinical signs on L7-S1 intervertebral foraminal area and lumbosacral angle in dogs with lumbosacral disease as measured via computed tomography [JC Jones et al], 1446

Intestines

Evaluation of a laparoscopic technique for collection of serial full-thickness small intestinal biopsy specimens in standing sedated horses [JL Bracamonte et al], 431
Ultrasonographic examination of the omasum, liver, and small and large intestines in cows with right displacement of the abomasum and abomasal volvulus [U Braun et al], 777
Intraocular Pressure
Effects of the topically applied calcium-channel blocker flunarizine on intraocular pressure in clinically normal dogs [AL Greller et al], 273

Intubation
Effect of colostrum administration by use of oroesophageal intubation on serum IgG concentrations in Holstein bull calves [M Chigerwe et al], 1158

Iridocorneal Angle
Ultrasound biomicroscopy of the iridocorneal angle of the eye before and after phacoemulsification and intraocular lens implantation in dogs [MD Rose et al], 279

Iron
Relationship between plasma iron concentration and gastric pH in captive adult bottlenose dolphins [Tursiops truncatus] [MA Mitchell et al], 894

Ischemia
Effects of small intestinal ischemia and reperfusion on expression of tumor necrosis factor-α and interleukin-6 messenger RNAs in the jejunum, liver, and lungs of dogs [Y Nezu et al], 512

Isoflurane
Induction and recovery characteristics and cardiopulmonary effects of sevoflurane and isoflurane in bald eagles [PH Joyner et al], 13

Minimum anesthetic concentration of isoflurane in captive thick-billed parrots (Rhynchopsitta pachyrhyncha) [JA Mercado et al], 189

Physiologic responses and plasma endothelin-1 concentrations associated with abrupt cessation of nitric oxide inhalation in isoflurane-anesthetized horses [TL Grubb et al], 423

Evaluation of induction characteristics and hypnotic potency of isoflurane and sevoflurane in healthy dogs [EH Hofmeister et al], 451

Pharmacokinetics of remifentanil in conscious cats and cats anesthetized with isoflurane [BH Pyeppendon et al], 531

Effects of head-down positioning on regional central nervous system perfusion in isoflurane-anesthetized horses [RJ Brosnan et al], 737

Effect of inhalation of isoflurane at end-tidal concentrations greater than, equal to, and less than the minimum anesthetic concentration on bicepspial index in chickens [O Martin-Jurado et al], 1254

Itraconazole
In vitro susceptibility of Pythium insidiosum and a Lagenidium sp to itraconazole, posaconazole, voriconazole, terbinafine, caspofungin, and mafenoxam [TA Brown et al], 1463

Jack Russell Terriers
Inheritance of cataracts and primary lens luxation in Jack Russell Terriers [AM Oberbauer et al], 222

Jejunum
Effects of small intestinal ischemia and reperfusion on expression of tumor necrosis factor-α and interleukin-6 messenger RNAs in the jejunum, liver, and lungs of dogs [Y Nezu et al], 512

Jig
In vitro evaluation of a custom cutting jig and custom plate for canine tibial plateau leveling [DJ Marcellin-Little et al], 961

Joints
Effects of dexamethasone administration on insulin signaling and glucose metabolism in equine skeletal muscle [HA Tiley et al], 51

Comparison of two canine registry databases on the prevalence of hip dysplasia by breed and the relationship of dysplasia with body weight and height [FH Comhaire et al], 330

Relationships among measurements obtained by use of computed tomography and radiography and scores of cartilage microdamage in hip joints with moderate to severe joint laxity of adult dogs [MJ Lopez et al], 362

Ventral abdominal approach for screw fixation of sacroiliac luxation in cadavers of cats and dogs [LR Borer et al], 542

Ventral abdominal approach for screw fixation of sacroiliac luxation in clinically affected cats [LR Borer et al], 549

Evaluation of the diffusion of corticosteroids between the distal interphalangeal joint and navicular bursa in horses [FE Pauwels et al], 611

Effect of dietary nutrients on osteochondrosis lesions and cartilage properties in pigs [NZ Frantz et al], 617

Apoptosis of ligamentous cells of the cranial cruciate ligament from stable stifle joints of dogs with partial cranial cruciate ligament rupture [M Krayer et al], 625

Evaluation of computed tomographic anatomy of the equine metacarpophalangeal joint [K Vanderpreeren et al], 631

Effects of triamcinolone acetonide, sodium hyaluronate, amikacin sulfate, and mepivacaine hydrochloride, alone and in combination, on morphology and matrix composition of lipopolysaccharide-challenged and unchallenged equine articular cartilage explants [DM Bolt et al], 861

Effect of dexamethasone supplementation on chondrogenesis of equine meniscal stem cells [AA Stewart et al], 1013

Relative expression of matrix metalloproteinase-2 and -9 in synovial fluid from healthy calves and calves with experimentally induced septic arthritis [D Francoz et al], 1022

Identification of quantitative trait loci for osteoarthritis of hip joints in dogs [RG Mateescu et al], 1294

Effects of body position and clinical signs on L7-S1 intervertebral foraminal area and lumbosacral angle in dogs with lumbosacral disease as measured via computed tomography [JC Jones et al], 1446

Effects of simulated digests of Biota orientalis and a dietary nutraceutical on interleukin-1-induced inflammatory responses in cartilage explants [W Pearson et al], 1560

Evaluation of synovial fluid hyaluronan quantity and quality in stifle joints of dogs with osteoarthritis [RO Venable et al], 1569

Anti-inflammatory and analgesic effects of intra-articular injection of triamcinolone acetonide, mepivacaine hydrochloride, or both on lipopolysaccharide-induced lameness in horses [AT Kay et al], 1846

Kentucky
Association of soil concentrations of Rhodococcus equi and incidence of pneumonia attributable to Rhodococcus equi in foals on farms in central Kentucky [ND Cohen et al], 385

Keratitis
Evaluation of matrix metalloproteinase concentrations in pre-corneal tear film from dogs with Pseudomonas aeruginosa-associated keratitis [L Wang et al], 1341

Ketamine
Effects of subanesthetic doses of ketamine on hemodynamic and immunologic variables in dogs with experimentally induced endotoxemia [AE DeClue et al], 228

Cardiopulmonary effects of anesthetic induction with thiopental, propofol, or a combination of ketamine hydrochloride and diazepam in dogs sedated with a combination of medetomidine and hydromorphone [SS Enouri et al], 586

Ketocanazole
Effects of ketocanazole on the pharmacokinetics and pharmacodynamics of morphine in healthy Greyhounds [B KuKanich et al], 664
Ketoprofen
Evaluation of bioequivalence after oral, intramuscular, and intravenous administration of racemic ketoprofen in pigs [MR Raekallio et al], 108

Kidney
Determination of glomerular filtration rate in anesthetized pigs by use of three-phase whole-kidney computed tomography and Patlak plot analysis [K Alexander et al], 1455

Kinematics
Comparison of two-dimensional and three-dimensional systems for kinematic analysis of the sagittal motion of canine hind limbs during walking [J Kim et al], 1116

Labrador Retrievers
Noninvasive determination of body segment parameters of the hind limb in Labrador Retrievers with and without cranial cruciate ligament disease [CA Ragetly et al], 1188
Respiratory alkalosis and primary hypopcapenia in Labrador Retrievers participating in field trials in high-ambient-temperature conditions [JE Steiss et al], 1262
Characterization and prevalence of cataracts in Labrador Retrievers in The Netherlands [IMG Kraijer-Huver et al], 1336

Lacerations
Effects of hyperbaric oxygen on full-thickness meshed skin grafts applied to fresh and granulating wounds in horses [TEC Holder et al], 140

Lactate
Comparison of canine capillary and jugular venous lactate concentrations determined by use of an enzymatic-amperometric bedside system [L Ferasin et al], 208
Lactate transport in canine red blood cells [NM Koho et al], 1091

Lactoferrin
In vitro effects of lactoferrin on lipopolysaccharide-induced proliferation, gene expression, and prostanoid production by bovine peripheral blood mononuclear cells [ME Dawes et al], 1164

Lagenidium spp
In vitro susceptibility of Pythium insidiosum and a Lagenidium sp to Itraconazole, posaconazole, voriconazole, terbinafine, caspofungin, and mefenoxam [TA Brown et al], 1463

Lambs
Assessment of serum thyroid hormone concentrations in lambs with selenium deficiency myopathy [B Dalir-Naghadeh et al], 659

Lameness
Effectiveness of administration of phenylbutazone alone or concurrent administration of phenylbutazone and flunixin meglumine to alleviate lameness in horses [KG Keegan et al], 167
Evaluation of the diffusion of corticosteroids between the distal interphalangeal joint and navicular bursa in horses [FE Pauwels et al], 611
Evaluation of technetium Tc 99m-labeled biotin for scintigraphic detection of soft tissue inflammation in horses [LG Kleine et al], 639
Vascular foramina of the metacarpophalangeal sesamoid bones of Greyhounds and their relationship to sesamoid disease [A Daniel et al], 716
Anti-inflammatory and analgesic effects of intra-articular injection of triamcinolone acetonide, meipivacaine hydrochloride, or both on lipopolysaccharide-induced lameness in horses [AT Kay et al], 1646

Lamineae
Measurements of equine laminar blood flow and vascular permeability by use of dynamic contrast-enhanced computed tomography [EF Kruger et al], 371

Laminitis
Hypertension and insulin resistance in a mixed-breed population of ponies predisposed to laminitis [SR Bailey et al], 122
Roles of thromboxane A2 and 5-hydroxytryptamine in endotoxin-induced digital vasoconstriction in horses [NJ Menzies-Gow et al], 199

Laparoscopy
Evaluation of a laparoscopic technique for collection of serial full-thickness small intestinal biopsy specimens in standing sedated horses [JL Bracamonte et al], 431

Lens
Effect of grape polyphenols on oxidative stress in canine lens epithelial cells [CA Barden et al], 94
Inheritance of cataracts and primary lens luxation in Jack Russell Terriers [AM Oberbauer et al], 222
Characterization and prevalence of cataracts in Labrador Retrievers in The Netherlands [IMG Kraijer-Huver et al], 1336

Lentivirus
Assessment of the transformation of equine skin-derived fibroblasts to multinucleated skeletal myotubes following lentiviral-induced expression of equine myogenic differentiation 1 [M Fernandez-Fuente et al], 1637

Letters to the Editor
Ultrasound biomicroscopy of the iridocorneal angle of the eye...[MD Rose et al], 2008;69:279
Letter: Comments on pathophysiology of angle changes caused by iris bowing [RJ Munger et al], 2008;69:567
Response [MD Rose et al], 2008;69:567

Leukocytes
In vivo evaluation of the effect of trans-10, cis-12 conjugated linoleic acid on phagocytosis by canine peripheral blood polymorphonuclear neutrophilic leukocytes exposed to methylprednisolone sodium succinate [J-H Kang et al], 494
Leukotriene
Effects of firocoxib, meloxicam, and te Coxapin on prostanoid and leukotriene production by duodenal mucosa and other tissues of osteoarthritic dogs [JP Punke et al], 1203

Levotiroxine
Effects of long-term oral administration of levotiroxine sodium on serum thyroid hormone concentrations, clinicopathologic variables, and echocardiographic measurements in healthy adult horses [N Frank et al], 68
Effects of long-term oral administration of levotiroxine sodium on glucose dynamics in healthy adult horses [N Frank et al], 76

Levonothyroxine
Effects of long-term oral administration of levotiroxine sodium from stable stifle joints of dogs with partial cranial cruciate ligament rupture [M Krayer et al], 625
Noninvasive determination of body segment parameters of the hind limb in Labrador Retrievers with and without cranial cruciate ligament disease [CA Ragetly et al], 1188

Limbs
Comparison of two-dimensional and three-dimensional systems for kinematic analysis of the sagittal motion of canine hind limbs during walking [J Kim et al], 1116
Noninvasive determination of body segment parameters of the hind limb in Labrador Retrievers with and without cranial cruciate ligament disease [CA Ragetly et al], 1188
Somatosensory evoked potentials and sensory nerve conduction velocities in the thoracic limb of mallard ducks (Anas platyrhynchos) [DJ Brenner et al], 1476

Linoleic Acid
In vivo evaluation of the effect of trans-10, cis-12 conjugated linoleic acid on phagocytosis by canine peripheral blood polymorphonuclear neutrophilic leukocytes exposed to methylprednisolone sodium succinate [JH Kang et al], 494

Lipids
Effects of the second-generation synthetic lipid A analogue E5564 on responses to endotoxin equine whole blood and monocytes [MD Figueiredo et al], 2008;69:796
Correction: 2008;69:1021
Effects of temperature and handling conditions on lipid emulsion stability in veterinary parenteral nutrition admixtures during simulated intravenous administration [EJ Thomovsky et al], 652

Lipoproteins
In vitro effects of lactoferrin on lipoproteins-induced proliferation, gene expression, and prostaglandin production by bovine peripheral blood mononuclear cells [ME Dawes et al], 1164
Characterization of uveitis induced by use of a single intravitreal injection of bacterial lipoproteins in cats [MJ Del Sole et al], 1487

Lipopolysaccharide
In vitro effects of lactoferrin on lipopolysaccharide-induced proliferation, gene expression, and prostaglandin production by bovine peripheral blood mononuclear cells [ME Dawes et al], 1164
Characterization of uveitis induced by use of a single intravitreal injection of bacterial lipopolysaccharide in cats [MJ Del Sole et al], 1487

Lipids
Effects of the second-generation synthetic lipid A analogue E5564 on responses to endotoxin equine whole blood and monocytes [MD Figueiredo et al], 2008;69:796
Correction: 2008;69:1021
Effects of temperature and handling conditions on lipid emulsion stability in veterinary parenteral nutrition admixtures during simulated intravenous administration [EJ Thomovsky et al], 652

Lipoproteins
Composition and electrophoretic mobility of plasma lipoproteins of dromedary camels (Camelus dromedarius) [F Asad et al], 880

Lithium
Cardiac output determination by use of lithium dilution during exercise in horses [MM Durando et al], 1054

Liver
Statistical relevance of ultrasonographic criteria in the assessment of diffuse liver disease in dogs and cats [DA Feeney et al], 212
Effects of small intestinal ischemia and reperfusion on expression of tumor necrosis factor-α and interleukin-6 messenger RNAs in the jejunum, liver, and lungs of dogs [Y Nezu et al], 512
Ultrasoundographic examination of the oesophagus, liver, and small and large intestines in cows with right displacement of the abomasum and abomasal volvulus [U Braun et al], 777
Optimization of sample handling and processing for the carbon 13-labeled aminopyrine demethylation blood test and determination of a reference range for test results in healthy dogs [JV DeBiasio et al], 1385

Llamas
Effects of acepromazine and butorphanol on tilmethane-zolazeapam anesthesia in llamas [TM Prado et al], 182

Lumbosacral Joint
Effects of body position and clinical signs on L7-S1 intervertebral foraminal area and lumbosacral angle in dogs with lumbosacral disease as measured via computed tomography [JC Jones et al], 1446

Lungs
Effects of inhaled fine dust on lung tissue changes and antibody response induced by spores of opportunistic fungi in goats [CW Purdy et al], 501
Effects of small intestinal ischemia and reperfusion on expression of tumor necrosis factor-α and interleukin-6 messenger RNAs in the jejunum, liver, and lungs of dogs [Y Nezu et al], 512

Luxation
Ventral abdominal approach for screw fixation of sacroiliac luxation in cadavers of cats and dogs [LR Borer et al], 542
Ventral abdominal approach for screw fixation of sacroiliac luxation in clinically affected cats [LR Borer et al], 549

Lymph Nodes
Spectral waveform analysis of intranodal arterial blood flow in abnormally large superficial lymph nodes in dogs [D Della Santa et al], 478

Lymphocytes
Evaluation of lymphocyte apoptosis in dogs with inflammatory bowel disease [JR Dandreux et al], 1279
Flow cytometric evaluation of multidrug resistance proteins on grossly normal canine nodal lymphocyte membranes [SE Schleis et al], 1310

Macrophages
Distribution of myofibroblasts, smooth muscle-like cells, macrophages, and mast cells in mitral valve leaflets of dogs with myxomatous mitral valve disease [RI Han et al], 763

Malaysia
Assessment of the likelihood of the introduction of foot-and-mouth disease through importation of live animals into the Malaysia-Thailand-Myanmar peninsula [K Wongsathapornchai et al], 252

Mammary Tumors
Novel variations and loss of heterozygosity of BRCA2 identified in a dog with mammary tumors [Y Yoshikawa et al], 1323

Marbofloxacin
Intraocular pharmacokinetics of intravenously administered marbofloxacin in rabbits with experimentally induced acute endophthalmitis [A Regnier et al], 410

Marine Mammals
Relationship between plasma iron concentration and gastric pH in captive adult bottlenose dolphins (Tursiops truncatus) [MA Mitchell et al], 894

Mast Cells
Distribution of myofibroblasts, smooth muscle-like cells, macrophages, and mast cells in mitral valve leaflets of dogs with myxomatous mitral valve disease [RI Han et al], 763

Matrix Metalloproteinase
Relative expression of matrix metalloproteinase-2 and -9 in synovial fluid from healthy calves and calves with experimentally induced septic arthritis [D Francoz et al], 1022
Evaluation of matrix metalloproteinase concentrations in preconal tear film from dogs with Pseudomonas aeruginosa-associated keratitis [L Wang et al], 1341

Medetomidine
Sedative and cardiopulmonary effects of medetomidine hydrochloride and xylazine hydrochloride and their reversal with atipamezole hydrochloride in calves [E Rioja et al], 319
Cardiopulmonary effects of anesthetic induction with thiopental, propofol, or a combination of ketamine hydrochloride and diazepam in dogs sedated with a combination of medetomidine and hydromorphone [SS Enouri et al], 586
Effects of a peripheral α-adrenergic-receptor antagonist on the hemodynamic changes induced by medetomidine administration in conscious dogs [SS Enouri et al], 728

Mefenoxam
In vitro susceptibility of Pythium insidiosum and a Lagenidium sp to itraconazole, posaconazole, voriconazole, terbinafine, caspofungin, and mefenoxam [TA Brown et al], 1463
Melamine Evaluation of the renal effects of experimental feeding of melamine and cyanuric acid to fish and pigs [R Reimschuessel et al], 1217

Meloxicam Effects of firocoxib, meloxicam, and tepoxalin on prostanoid and leukotriene production by duodenal mucosa and other tissues of osteoarthritic dogs [JP Punke et al], 1203

Mepivacaine Effects of triamcinolone acetonide, sodium hyaluronate, amikacin sulfate, and mepivacaine hydrochloride, alone and in combination, on morphology and matrix composition of lipopolysaccharide-challenged and unchallenged equine articular cartilage explants [DM Bolt et al], 861

Metacarpal Bones Comparison of mean bone densities of three preparations of the distal portion of the equine third metacarpal bone measured by use of quantitative computed tomography [MG Drum et al], 891

Structural characterization of subchondral bone in the distal aspect of third metacarpal bones from Thoroughbred racehorses via micro-computed tomography [LM Rubio-Martínez et al], 1413

Mechanical properties of subchondral bone in the distal aspect of third metacarpal bones from Thoroughbred racehorses [LM Rubio-Martínez et al], 1423

In vivo effects of intra-articular injection of gelatin hydrogen microspheres containing basic fibroblast growth factor on experimentally induced defects in third metacarpal bones of horses [N Sasaki et al], 1555

Metacarpophalangeal Joint Evaluation of computed tomographic anatomy of the equine metacarpophalangeal joint [K Vanderperren et al], 631

Methylprednisolone In vivo evaluation of the effect of trans-10, cis-12 conjugated linoleic acid on phagocytosis by canine peripheral blood polymorphonuclear neutrophilic leukocytes exposed to methylprednisolone sodium succinate [J-H Kang et al], 494

Effects of methylprednisolone acetate and glucosamine on pro-inflammatory and cytokine expression in bovine mononuclear cells exposed to Mycobacterium avium subsp paratuberculosis [DJ Weiss et al], 804

Monocytes Effects of the second-generation synthetic lipid A analogue E5564 on responses to endotoxin equine whole blood and monocytes [MD Figueiredo et al], 2008;69:796

Correction: 2008;69:1021

Effects of nuclear factor-κB on regulation of cytokine expression and apoptosis in bovine monocytes exposed to Mycobacterium avium subsp paratuberculosis [DJ Weiss et al], 804

Mononuclear Cells In vitro effects of lactoferrin on lipopolysaccharide-induced proliferation, gene expression, and prostanoid production by bovine peripheral blood mononuclear cells [ME Dawes et al], 1164

Morphine Effects of ketoconazole on the pharmacokinetics and pharmacodynamics of morphine in healthy Greyhounds [B KuKanich et al], 664

Postoperative analgesic effects of epidural administration of neostigmine alone or in combination with morphine in ovariohysterectomized dogs [RL Marcuio et al], 854

Effects of epidurally administered morphine or buprenorphine on the thermal threshold in cats [BH Pypendop et al], 983

Morphology Radiographic morphology of the cranial portion of the cervical vertebrae column in Cavalier King Charles Spaniels and its relationship to syringomyelia [CE Stalin et al], 89

Morphometry Comparisons of morphometric measurements and serum insulin-like growth factor concentration in healthy cats and cats with hypertrophic cardiomyopathy [VK Yang et al], 1061

Motility Effect of acepromazine, butorphanol, or N-butylscopolammonium bromide on visceral and somatic nociception and duodenal motility in conscious horses [LC Sanchez et al], 579

Mucor spp Effects of inhaled fine dust on lung tissue changes and antibody response induced by spores of opportunistic fungi in goats [CW Purdy et al], 501

Mucosa Effects of carprofen on the integrity and barrier function of canine colonic mucosa [CA Briere et al], 174

Cyclooxygenase expression and prostanoid production in pyloric and duodenal mucosae in dogs after administration of nonsteroidal anti-inflammatory drugs [JG Wooten et al], 457

Mucosal distribution of eosinophilic granulocytes within the gastrointestinal tract of horses [AK Rötting et al], 674

Effects of firocoxib, meloxicam, and tepoxalin on prostanoid and leukotriene production by duodenal mucosa and other tissues of osteoarthritic dogs [JP Punke et al], 1203

Multidrug Resistance Flow cytometric evaluation of multidrug resistance proteins on grossly normal canine nodal lymphocyte membranes [SE Schleis et al], 1310

Muscle Assessment of alterations in triglyceride and glycogen concentrations in muscle tissue of Alaskan sled dogs during repetitive prolonged exercise [EC McKenzie et al], 1097

Assessment of impulse duration thresholds for electrical stimu-
Navicular Bursa
Evaluation of the diffusion of corticosteroids between the distal interphalangeal joint and navicular bursa in horses [FE Pauwels et al], 611

N-butylscopolammonium Bromide
Effect of acepromazine, butorphanol, or N-butylscopolammonium bromide on visceral and somatic nociception and duodenal motility in conscious horses [RL Marucio et al], 954

Neostigmine
Postoperative analgesic effects of epidural administration of neostigmine alone or in combination with morphine in ovariohysterectomized dogs [RC Marcucio et al], 89

Nephropathy
Evaluation of perinuclear anti-neutrophilic cytoplasmic autoantibodies as an early marker of protein-losing enteropathy and protein-losing nephropathy in Soft Coated Wheaten Terriers [K Allenspach et al], 1301

Nervous System
Quantitative assessment of blood volume, blood flow, and permeability of the brain of clinically normal dogs by use of dynamic contrast-enhanced computed tomography [KL Peterson et al], 45

Radiographic morphology of the cranial portion of the cervical vertebral column in Cavalier King Charles Spaniels and its relationship to syringomyelia [CE Stalir et al], 89

Inheritance of cataracts and primary lens luxation in Jack Russell Terriers [AM Oberbauer et al], 222

F-wave conduction velocity, persistence, and amplitude for the tibial nerve in clinically normal cats [S Okuno et al], 261

Comparison of the distribution of glial fibrillary acidic protein, heat shock protein 60, and hypoxia-inducible factor-1α in retinas from glaucomatous and normal canine eyes [CA Savagian et al], 265

Effects of the topically applied calcium-channel blocker flunarizine on intraocular pressure in clinically normal cats [AL Greller et al], 273

Ultrasound biomicroscopy of the iridocorneal angle on intraocular pressure in clinically normal dogs [MD Rose et al], 279

Effect of topical ophthalmic application of cidofovir on experimentally induced primary ocular feline herpesvirus-1 infection in cats [JP Fontenelle et al], 289

Intraocular pharmacokinetics of intravenously administered marbofloxacin in rabbits with experimentally induced acute endophthalmitis [A Regnier et al], 410

Effect of body position on intraocular pressure in dogs without glaucoma [JJ Broadwater et al], 527

Effects of head-down positioning on regional central nervous system perfusion in isoflurane-anesthetized horses [RJ Brosnan et al], 737

Assessment of vitamin E concentrations in serum and cerebrospinal fluid in horses following oral administration of vitamin E [JK Higgins et al], 785

Somatosensory evoked potentials and sensory nerve conduction velocities in the thoracic limb of mallard ducks (Anas platyrhynchos) [DJ Brenner et al], 1476

Risk factors for development of neurologic disease after experimental exposure to equine herpesvirus-1 in horses [GP Allen], 1595

Netherlands
Characterization and prevalence of cataracts in Labrador Retrievers in The Netherlands [IMG Kraijer-Huver et al], 1336

Neurofilament 200
Evaluation of differences between breeds for substance P, vasoactive intestinal polypeptide, and neurofilament 200 in the abomasal wall of cattle [M Sickinger et al], 1247

Neurology
F-wave conduction velocity, persistence, and amplitude for the tibial nerve in clinically normal cats [S Okuno et al], 261

Neutriceuticals
Effects of simulated digests of Biota orientalis and a dietary neutriceutical on interleukin-1-induced inflammatory responses in cartilage explants [W Pearson et al], 1560

Neutrophils
In vivo evaluation of the effect of trans-10, cis-12 conjugated linoleic acid on phagocytosis by canine peripheral blood polymorphonuclear neutrophilic leukocytes exposed to Mycobacterium avium subsp. paratuberculosis [J-H Kang et al], 494

Evaluation of perinuclear anti-neutrophilic cytoplasmic autoantibodies as an early marker of protein-losing enteropathy and protein-losing nephropathy in Soft Coated Wheaten Terriers [K Allenspach et al], 1301

Nitric Oxide
Physiologic responses and plasma endothelin-1 concentrations associated with abrupt cessation of nitric oxide inhalation in isoflurane-anesthetized horses [TL Grubb et al], 423

Nociception
Effect of acepromazine, butorphanol, or N-butylscopolammonium bromide on visceral and somatic nociception and duodenal motility in conscious horses [LC Sanchez et al], 579

Nonsteroidal Anti-inflammatory Drugs (NSAIDs)
Evaluation of bioequivalence after oral, intramuscular, and intravenous administration of racemic ketoprofen in pigs [MR Raekallio et al], 108

Effectiveness of administration of phenylbutazone alone or concurrent administration of phenylbutazone and flunixin meglumine to alleviate lameness in horses [KG Keegan et al], 167

Effects of carprofen on the integrity and barrier function of canine colonic mucosa [CA Briere et al], 174

Cyclooxygenase expression and prostanooid production in pyloric and duodenal mucosae in dogs after administration of nonsteroidal anti-inflammatory drugs [JG Wooten et al], 457

Effects of nonsteroidal anti-inflammatory drugs on long-term pain in calves castrated by use of an external clamping technique following epidural anesthesia [G Stilwell et al], 744

Effects of firocoxib, meloxicam, and tepoxalin on prostanoid and leukotriene production by duodenal mucosa and other tissues of osteoarthritic dogs [JP Punke et al], 1203

Pharmacokinetics of firocoxib after administration of multiple consecutive daily doses to horses [LT Letendre et al], 1399

Pathophysiologic effects of phenylbutazone on the right dorsal colon in horses [RS McConno et al], 1496

Nuclear Factor-κB
Effects of nuclear factor-κB on regulation of cytokine expression and apoptosis in bovine monocytes exposed to Mycobacterium avium subsp. paratuberculosis [DJ Weiss et al], 804

Nutrition
Effects of temperature and handling conditions on lipid emulsion stability in veterinary parenteral nutrition admixtures during simulated intravenous administration [EJ Thomovsky et al], 652

Ocular Insert
Safety and efficacy of an ocular insert for apomorphine-induced emesis in dogs [DD Cote et al], 1360

Omasum
Ultrasonographic examination of the omasum, liver, and small and large intestines in cows with right displacement of the abomasum and abomasal volvulus [U Braun et al], 777
Orthopedics
In vitro and in vivo comparison of five biomaterials used for orthopedic soft tissue augmentation [JL Cook et al], 148
Ventral abdominal approach for screw fixation of sacroiliac luxation in cadavers of cats and dogs [LR Borer et al], 542
Ventral abdominal approach for screw fixation of sacroiliac luxation in clinically affected cats [LR Borer et al], 549
In vitro evaluation of a custom cutting jig and custom plate for canine tibial plateau leveling [DJ Marcellin-Little et al], 961
In vitro mechanical evaluation of medial plating for pantarsal arthrodesis in dogs [RP Guillou et al], 1406
In vivo effects of intra-articular injection of gelatin hydrogen microspheres containing basic fibroblast growth factor on experimentally induced defects in third metacarpal bones of horses [N Sasaki et al], 1555

Osteoarthritis
Effects of firocoxib, meloxicam, and tepoxalin on prostanoi di and leukotriene production by duodenal mucosa and other tissues of osteoarthritic dogs [JP Punke et al], 1203
Identification of quantitative trait loci for osteo arthritis of hip joints in dogs [RG Mateescu et al], 1294
Examination of synovial fluid hyaluronan quantity and quality in stifle joints of dogs with osteoarthritis [RO Venable et al], 1569

Osteochondrosis
Effect of dietary nutrients on osteochondrosis lesions and cartilage properties in pigs [NZ Frantz et al], 617

Osteosarcoma
Biological activity of dihydroartemisinin in canine osteosarcoma cell lines [K Hosoya et al], 519
Evaluation of the mammalian target of rapamycin pathway and the effect of rapamycin on target expression and cellular proliferation in osteosarcoma cells from dogs [IK Gordon et al], 1079
Intrinsic radiosensitivity and repair of sublethal radiation-induced damage in canine osteosarcoma cell lines [CL Fitzpatrick et al], 1197
Measurement of serum carboxyterminal cross-linked telopeptide of type I collagen concentration in dogs with osteosarcoma [JG Hintermeister et al], 1481

Ovariohysterectomy
Postoperative analgesic effects of epidural administration of neostigmine alone or in combination with morphine in ovariohysterectomized dogs [RL Marucio et al], 854

Owls
Pharmacokinetics of butorphanol tartrate in red-tailed hawks (Buteo jamaicensis) and great horned owls (Bubo virginianus) [SM Riggs et al], 596

Oxygen
Effects of warm-up intensity on oxygen transport during supramaximal exercise in horses [K Mukai et al], 690

Pain
Plasma concentrations of substance P and cortisol in beef calves after castration or simulated castration [JF Coetzee et al], 2008;69:751

Correction: 2008;69:885
Effect of acemopamine, butorphanol, or N-butyloxycalanoinum bromide on visceral and somatic nociception and duodenal motility in conscious horses [LC Sanchez et al], 579
Effects of nonsteroidal anti-inflammatory drugs on long-term pain in calves castrated by use of an external clamping technique following epidural anesthesia [G Stilwell et al], 744
Evaluation of two-dimensional accelerometers to monitor behavior of beef calves after castration [BJ White et al], 1005

Ophthalmology
In vitro efficacy of an ophthalmic drug combination against corneal pathogens of horses [NC Scotty et al], 2008;69:101
Correction: 2008;69:430
Inheritance of cataracts and primary lens luxation in Jack Russell Terriers [AM Oberbauer et al], 222
Effects of the topical applied calcium-channel blocker flunarizine on intraocular pressure in clinically normal dogs [AL Greller et al], 273
Ultrasound biomicroscopy of the iridocorneal angle of the eye before and after phacoemulsification and intraocular lens implantation in dogs [MD Rose et al], 279
Effect of topical ophthalmic application of cidofovir on experimentally induced primary ocular feline herpesvirus-1 infection in cats [JP Fontenne et al], 289
Intraocular pharmacokinetics of intravenously administered marbofloxacin in rabbits with experimentally induced acute endophthalmitis [A Regnier et al], 410
Effect of body position on intraocular pressure in dogs without glaucoma [JG Hintermeister et al], 1481
Characterization and prevalence of cataracts in Labrador Retrievers in The Netherlands [IMG Krajier-Huver et al], 1336
Evaluation of matrix metalloproteinase concentrations in pre-corneal tear film from dogs with Pseudomonas aeruginosa-associated keratitis [L Wang et al], 1341
Characterization of uveitis induced by use of a single intravitreal injection of bacterial lipopolysaccharide in cats [MJ Del Sole et al], 1487
Evaluation of duration of corneal anesthesia induced with ophthalmic 0.5% proparacaine hydrochloride by use of a Cochet-Bonnet aesthesiometer in clinically normal horses [KL Kalf et al], 1655

Opioids
Pharmacokinetics of remifentanil in conscious cats and cats anesthetized with isoflurane [BH Pypendop et al], 531
Pharmacokinetics of orally administered tramadol in domestic rabbits (Oryctolagus cuniculus) [MJ Souza et al], 979
Effects of epidurally administered morphine or buprenorphine on the thermal threshold in cats [BH Pypendop et al], 983
Porcine Dermatitis and Nephropathy Syndrome (PDNS)
Evaluation of induction of porcine dermatitis and nephropathy syndrome in gnotobiotic pigs with negative results for porcine circovirus type 2 [S Krakowka et al], 1615

Porcine Reproductive and Respiratory Syndrome (PRRS)
Evaluation of induction of porcine dermatitis and nephropathy syndrome in gnotobiotic pigs with negative results for porcine circovirus type 2 [S Krakowka et al], 1615
Evaluation of the effects of porcine genogroup 1 torque teno virus in gnotobiotic swine [S Krakowka et al], 1623

Porcine Torque Teno Virus (PTTV)
Evaluation of Mycoplasma hypopneumoniae bacterins for porcine torque teno virus DNAs [S Krakowka et al], 1601
Effect of coinfection with genogroup 1 porcine torque teno virus on porcine circovirus type 2-associated postweaning multisystemic wasting syndrome in gnotobiotic pigs [JA Ellis et al], 1608
Evaluation of the effects of porcine genogroup 1 torque teno virus in gnotobiotic swine [S Krakowka et al], 1623

Portosystemic Shunts
In vitro expansion patterns of ameroid ring constrictors [SS Leshem et al], 1520

Posaconazole
In vitro susceptibility of Pythium insidiosum and a Lagenidium sp to itraconazole, posaconazole, voriconazole, terbinafine, caspofungin, and miflenoxam [TA Brown et al], 1463

Postpartum
Uterine involution and endometrial function in postpartum mares [S Jischa et al], 1525

Postweaning Multisystemic Wasting Syndrome (PMWS)
Evaluation of Mycoplasma hypopneumoniae bacterins for porcine torque teno virus DNAs [S Krakowka et al], 1601
Effect of coinfection with genogroup 1 porcine torque teno virus on porcine circovirus type 2-associated postweaning multisystemic wasting syndrome in gnotobiotic pigs [JA Ellis et al], 1608
Evaluation of induction of porcine dermatitis and nephropathy syndrome in gnotobiotic pigs with negative results for porcine circovirus type 2 [S Krakowka et al], 1615

Potentials
Somatosensory evoked potentials and sensory nerve conduction velocities in the thoracic limb of mallard ducks (Anas platyrhynchos) [DJ Brenner et al], 1476

Production
Associations between health and productivity in cow-calf beef herds and persistent infection with bovine viral diarrhea virus, antibodies against bovine viral diarrhea virus, or antibodies against infectious bovine rhinotracheitis virus in calves [CL Waldner et al], 916

Proparacaine
Evaluation of duration of corneal anesthesia induced with ophthalmic 0.5% proparacaine hydrochloride by use of a Cochet-Bonnet aesthesiometer in clinically normal horses [KL Kalf et al], 1655

Propofol
Cardiopulmonary effects of anesthetic induction with thiopental, propofol, or a combination of ketamine hydrochloride and diazepam in dogs sedated with a combination of medetomidine and hydromorphone [SS Enouri et al], 586
Comparison of the anesthetic efficacy and cardiopulmonary effects of continuous rate infusions of alfalfalene-2-hydroxypropl -cyclohexin and propofol in dogs [B Ambros et al], 1391
Prostanoid
Cyclooxygenase expression and prostanoid production in pyloric and duodenal mucosa in dogs after administration of nonsteroidal anti-inflammatory drugs [JG Wooten et al], 457
In vitro effects of lactoferrin on lipopolysaccharide-induced proliferation, gene expression, and prostanoid production by bovine peripheral blood mononuclear cells [ME Dawes et al], 1164
Effects of firocoxib, meloxicam, and tepoxalin on prostanoid and leukotriene production by duodenal mucosa and other tissues of osteoarthritic dogs [JP Punke et al], 1203

Proteoglycan
Effects of methylprednisolone acetate and glucosamine on proteoglycan production by equine chondrocytes in vitro [CR Byron et al], 1123

Prothrombin
Comparison of prothrombin time, activated partial thromboplastin time, and fibrinogen concentration in blood samples collected via an intravenous catheter versus direct venipuncture in dogs [VA Maecckelbergh et al], 868

Pseudomonas spp
Evaluation of matrix metalloproteinase concentrations in precorneal tear film from dogs with Pseudomonas aeruginosa-associated keratitis [L Wang et al], 1341

Pulmonary Artery
Comparison of the effects of candesartan cilexetil and enalapril maleate on right ventricular myocardial remodeling in dogs with experimentally induced pulmonary stenosis [T Yamane et al], 1574

Pulmonary Venous Flow
Relationships between velocities of pulmonary venous flow and plasma concentrations of atrial natriuretic peptide in healthy dogs [Y Hori et al], 465

Pylorus
Cyclooxygenase expression and prostanoid production in pyloric and duodenal mucosa in dogs after administration of nonsteroidal anti-inflammatory drugs [JG Wooten et al], 457

Pythium insidiosum
In vitro susceptibility of Pythium insidiosum and a Lagenidium sp to itraconazole, posaconazole, voriconazole, terbinafine, caspofungin, and mefenoxam [TA Brown et al], 1463

Quantitative Trait Loci
Identification of quantitative trait loci for osteoarthritis of hip joints in dogs [RG Mateescu et al], 1294

Radioimmunoassay
Development and analytic validation of a radioimmunoassay for the quantification of canine calprotectin in serum and feces from dogs [RM Heilmann et al], 845

Radiology
Radiographic morphology of the cranial portion of the cervical vertebral column in Cavalier King Charles Spaniels and its relationship to syringomyelia [CE Stalin et al], 89
Relationships among measurements obtained by use of computed tomography and radiography and scores of cartilage microdamage in hip joints with moderate to severe joint laxity of adult dogs [MJ Lopez et al], 362
Measurements of equine laminar blood flow and vascular permeability by use of dynamic contrast-enhanced computed tomography [EF Kruger et al], 371
Hemodynamic and serum biochemical alterations associated with intravenous administration of three types of contrast media in anesthetized dogs [RE Pollard et al], 1268
Hemodynamic and serum biochemical alterations associated with intravenous administration of three types of contrast media in anesthetized cats [RE Pollard et al], 1274

Radiosensitivity
Intrinsic radiosensitivity and repair of sublethal radiation-induced damage in canine osteosarcoma cell lines [CL Fitzpatrick et al], 1197

Ranitidine
Evaluation of the effect of ranitidine on gastroduodenal contractile activity and gastric emptying in horses [O Maher et al], 1153

Rapamycin
Evaluation of the mammalian target of rapamycin pathway and the effect of rapamycin on target expression and cellular proliferation in osteosarcoma cells from dogs [IK Gordon et al], 1079

Red Blood Cells
Lactate transport in canine red blood cells [NM Koho et al], 1091

Reference Range
Optimization of sample handling and processing for the carbon 13-labeled aminopyrine demethylation blood test and determination of a reference range for test results in healthy dogs [JV DeBiasio et al], 1385

Registries
Comparison of two canine registry databases on the prevalence of hip dysplasia by breed and the relationship of dysplasia with body weight and height [FH Comhaire et al], 330

Relaxin
Transmission of relaxin and estrogens to suckling canine pups via milk and possible association with hip joint laxity [BG Steinetz et al], 59

Remifentanil
Pharmacokinetics of remifentanil in conscious cats and cats anesthetized with isoflurane [BH Pypendop et al], 531

Renin-angiotensin System
Evaluation of the renin-angiotensin system in cardiac tissues of cats with pressure-overload cardiac hypertrophy [M Uechi et al], 454

Reperfusion
Effects of small intestinal ischemia and reperfusion on expression of tumor necrosis factor-α and interleukin-6 messenger RNAs in the jejunum, liver, and lungs of dogs [Y Nezu et al], 512
Reproductive System
Plasma concentrations of substance P and cortisol in beef calves after castration or simulated castration [JF Coetzee et al], 2008:69:751
Correction: 2008:69:885
Comparison of intratracheal injection of zinc gluconate versus surgical castration to sterilize male dogs [JK Levy et al], 130
Effects of nonsteroidal anti-inflammatory drugs on long-term pain in calves castrated by use of an external clamping technique following epidural anesthesia [G Stilwell et al], 744
Uterine involution and endometrial function in postpartum pony mares [S Jischa et al], 1525
Reproductive tract disease associated with inoculation of pregnant white-tailed deer with bovine viral diarrhea virus [JF Ridpath et al], 1630

Respiratory System
Induction and recovery characteristics and cardiopulmonary effects of sevoflurane and isoflurane in bald eagles [PH Joyner et al], 13
Association of soil concentrations of Rhodococcus equi and incidence of pneumonia attributable to Rhodococcus equi in foals on farms in central Kentucky [ND Cohen et al], 385
Effect of infection with bovine respiratory syncytial virus on pulmonary clearance of an inhaled antigen in calves [LJ Gershwin et al], 416
Effects of inhaled fine dust on lung tissue changes and antibody response induced by spores of opportunistic fungi in goats [CW Purdy et al], 501
Effects of small intestinal ischemia and reperfusion on expression of tumor necrosis factor-α and interleukin-6 messenger RNAs in the jejunum, liver, and lungs of dogs [Y Nezu et al], 512
Results of cytologic and microbiologic analysis of bronchoalveolar lavage fluid in New Zealand White rabbits [MG Hawkins et al], 572
Activity of selected rostral and caudal hyoid muscles in clinically normal horses during strenuous exercise [SL Morello et al], 682
Respiratory alkalosis and primary hypocapnia in Labrador Retrievers participating in field trials in high-ambient-temperature conditions [JE Steiss et al], 1262

Reticulocytes
Development of a technique for quantification of reticulocytes and assessment of erythrocyte regenerative capacity in birds [JL Johns et al], 1067

Retinas
Comparison of the distribution of glial fibrillary acidic protein, heat shock protein 60, and hypoxia-inducible factor-1α in retinas from glaucomatous and normal canine eyes [CA Savagian et al], 265

Rheumatic Fever
Evaluation of the potential of animal streptococcal isolates belonging to serogroups C and G to elicit acute rheumatic fever [V Barroso et al], 1183

Rhodococcus equi
Association of soil concentrations of Rhodococcus equi and incidence of pneumonia attributable to Rhodococcus equi in foals on farms in central Kentucky [ND Cohen et al], 385

Risk Analysis
Use of epidemiologic risk modeling to evaluate control of foot-and-mouth disease in southern Thailand [K Wongathapornchai et al], 240
Assessment of the likelihood of the introduction of foot-and-mouth disease through importation of live animals into the Malaysia-Thailand-Myanmar peninsula [K Wongathapornchai et al], 252

RNA
Effects of small intestinal ischemia and reperfusion on expression of tumor necrosis factor-α and interleukin-6 messenger RNAs in the jejunum, liver, and lungs of dogs [Y Nezu et al], 512

Sarcoïd Joint
Ventral abdominal approach for screw fixation of sacroiliac luxation in cadavers of cats and dogs [LR Borer et al], 542
Ventral abdominal approach for screw fixation of sacroiliac luxation in clinically affected cats [LR Borer et al], 549

Sacrum
Use of endoscopy for examination of the sacral epidural space in sanding cattle [S Franz et al], 891

Salmonella spp
Effects of a commercially available vaccine against Salmonella enterica Newport on milk production, somatic cell count, and shedding of Salmonella organisms in female dairy cattle with no signs of salmonellosis [DR Hermesch et al], 1229

Sarcocystis spp
Effect of intermittent oral administration of ponazuril on experimental Sarcocystis neurona infection of horses [RJ MacKayed al], 396
Antibody index and specific antibody quotient in horses after intragastric administration of Sarcocystis neurona sporocysts [KA Heskitt et al], 403

Scintigraphy
Evaluation of technetium Tc 99m-labeled biotin for scintigraphic detection of soft tissue inflammation in horses [LG Kleine et al], 639
Quantitative analysis of scintigraphic findings in tibial stress fractures in Thoroughbred racehorses [A Valdés-Martínez et al], 886

Screws
Ventral abdominal approach for screw fixation of sacroiliac luxation in cadavers of cats and dogs [LR Borer et al], 542
Ventral abdominal approach for screw fixation of sacroiliac luxation in clinically affected cats [LR Borer et al], 549

Sedation
Effects of a peripheral α-adrenergic-receptor antagonist on the hemodynamic changes induced by medetomidine administration in conscious dogs [SS Enouri et al], 728
Evaluation of the efficacy and safety for use of two sedation and analgesia protocols to facilitate assisted ventilation of healthy dogs [MR Ethier et al], 1351

Selenium
Assessment of serum thyroid hormone concentrations in lambs with selenium deficiency myopathy [B Dalir-Naghadeh et al], 659

Serology
Determination of serologic and colostal response in late-gestation cows vaccinated with a Mycoplasma bovis bacterin [CO Calloway et al], 912
Associations between health and productivity in cow-calf beef herds and persistent infection with bovine viral diarrhea virus, antibodies against bovine viral diarrhea virus, or antibodies against infectious bovine rhinotracheitis virus in calves [CL Waldner et al], 916
Evaluation of antibodies against feline coronavirus 7b protein for diagnosis of feline infectious peritonitis in cats [MA Kennedy et al], 1179
Exploratory spatial data analysis of regional seroprevalence of antibodies against epizootic hemorrhagic disease virus in cattle from Illinois and Indiana [TC Boyer et al], 1286
Sesamoid Bones
Vascular foramina of the metacarpophalangeal sesamoid bones of Greyhounds and their relationship to sesamoid disease [A Daniel et al], 716

Sevoflurane
Induction and recovery characteristics and cardiopulmonary effects of sevoflurane and isoflurane in bald eagles [PH Joyner et al], 13
Evaluation of induction characteristics and hypnotic potency of isoflurane and sevoflurane in healthy dogs [EH Hofmeister et al], 451

Skeletal Muscle
Effects of dexamethasone administration on insulin signaling and glucose metabolism in equine skeletal muscle [HA Tiley et al], 51

Skin
Effects of hyperbaric oxygen on full-thickness meshed skin grafts applied to fresh and granulating wounds in horses [TEC Holder et al], 140
Use of high-frequency ultrasonography for evaluation of skin thickness in relation to hydration status and fluid distribution at various cutaneous sites in dogs [A Diana et al], 1148

Smooth-muscle Cells
Distribution of myofibroblasts, smooth muscle-like cells, macrophages, and mast cells in mitral valve leaflets of dogs with myxomatous mitral valve disease [RI Han et al], 763

Snakes
Effects of ultraviolet radiation on plasma 25-hydroxyvitamin D3 concentrations in corn snakes (Elaphe guttata) [MJ Acierno et al], 294

Sodium
Application of the sodium dilution principle to calculate extracellular fluid volume changes in horses during dehydration and rehydration [CL Fielding et al], 1506

Sodium Acetate
Effect of suckling an isotonic solution of sodium acetate, sodium bicarbonate, or sodium chloride on abomasal emptying rate and luminal pH in calves [TS Marshall et al], 824

Sodium Bicarbonate
Effect of suckling an isotonic solution of sodium acetate, sodium bicarbonate, or sodium chloride on abomasal emptying rate and luminal pH in calves [TS Marshall et al], 824

Soft Coated Wheaten Terriers
Evaluation of perinuclear anti-neutrophilic cytoplasmic autoantibodies as an early marker of protein-losing enteropathpy and protein-losing nephropathy in Soft Coated Wheaten Terriers [K Allenspach et al], 1301

Soft Palate
Activity of selected rostral and caudal hyoid muscles in clinically normal horses during strenuous exercise [SL Morello et al], 682

Soft Tissue
In vitro and in vivo comparison of five biomaterials used for orthopedic soft tissue augmentation [JL Cook et al], 148
Evaluation of technetium Tc 99m-labeled biotin for scintigraphic detection of soft tissue inflammation in horses [LG Kleine et al], 639

Soil
Association of soil concentrations of Rhodococcus equi and incidence of pneumonia attributable to Rhodococcus equi in foals on farms in central Kentucky [ND Cohen et al], 385

Somatic Cell Count
Effects of a commercially available vaccine against Salmonella enterica Newport on milk production, somatic cell count, and shedding of Salmonella organisms in female dairy cattle with no signs of salmonellosis [DR Hermesch et al], 1229

Spatial Data Analysis
Exploratory spatial data analysis of regional seroprevalence of antibodies against epizootic hemorrhagic disease virus in cattle from Illinois and Indiana [TC Boyer et al], 1286

Spectral Waveform Analysis
Spectral waveform analysis of intranodal arterial blood flow in abnormally large superficial lymph nodes in dogs [D Della Santa et al], 478

Spinal Cord
Radiographic morphology of the cranial portion of the cervical vertebral column in Cavalier King Charles Spaniels and its relationship to syringomyelia [CE Stalin et al], 89

Stem Cells
Effect of dexamethasone supplementation on chondrogenesis of equine mesenchymal stem cells [AA Stewart et al], 1013

Stenosis
Comparison of the effects of candesartan cilexetil and enalapril maleate on right ventricular myocardial remodeling in dogs with experimentally induced pulmonary stenosis [T Yamane et al], 1574

Stifile Joints
Apoptosis of ligamentous cells of the cranial cruciate ligament from stable stifle joints of dogs with partial cranial cruciate ligament rupture [M Krayer et al], 626
Examination of synovial fluid hyaluronan quantity and quality in stifle joints of dogs with osteoarthritis [RO Venable et al], 1569

Stomach
Evaluation of an endoscopically assisted gastropexy technique in dogs [M Dujowich et al], 537
Evaluation of the effect of ranitidine on gastroduodenal contractile activity and gastric emptying in horses [O Maher et al], 1153

Streptococcus spp
Evaluation of the potential of animal streptococcal isolates belonging to serogroups C and G to elicit acute rheumatic fever [V Barroso et al], 1183

Substance P
Plasma concentrations of substance P and cortisol in beef calves after castration or simulated castration [JF Coetzee et al], 2008;69:751
Correction: 2008;69:885
Evaluation of differences between breeds for substance P, vasoactive intestinal polypeptide, and neurofilament 200 in the abomasal wall of cattle [M Sickinger et al], 1247

Surgery
Comparison of intratesticular injection of zinc gluconate versus surgical castration to sterilize male dogs [JK Levy et al], 130
Effects of hyperbaric oxygen on full-thickness meshed skin grafts applied to fresh and granulating wounds in horses [TEC Holder et al], 140
In vitro and in vivo comparison of five biomaterials used for orthopedic soft tissue augmentation [JL Cook et al], 148
Evaluation of a laparoscopic technique for collection of serial
full-thickness small intestinal biopsy specimens in standing sedated horses [JL Bracamonte et al], 431
Evaluation of an endoscopically assisted gastropexy technique in dogs [M Dujowich et al], 537
Ventral abdominal approach for screw fixation of sacroiliac luxation in cadavers of cats and dogs [LR Borer et al], 542
Ventral abdominal approach for screw fixation of sacroiliac luxation in clinically affected cats [LR Borer et al], 549
In vitro evaluation of a custom cutting jig and custom plate for canine tibial plateau leveling [DJ Marcellin-Little et al], 961
Evaluation of two-dimensional accelerometers to monitor behavior of beef calves after castration [BJ White et al], 1005
Effects of topical application of taurine on second intention healing of experimentally induced wounds in rats [JM Simpson et al], 1210
In vitro expansion patterns of ameroid ring constrictors [SS Leshem et al], 1520

Survivin
Comparison of distributions of survivin among tissues from urinary bladders of dogs with cystitis, transitional cell carcinoma, or histologically normal urinary bladders [WV Rankin et al], 1073

Synovial Fluid
Pharmacokinetics of florfenicol in serum and synovial fluid after regional intravenous perfusion in the distal portion of the hind limb of adult cows [JN Gilliam et al], 997
Relative expression of matrix metalloproteinase-2 and -9 in synovial fluid from healthy calves and calves with experimentally induced septic arthritis [D Francoz et al], 1022
Examination of synovial fluid hyaluronan quantity and quality in stifle joints of dogs with osteoarthritis [RO Venable et al], 1569

Synoviocytes
Effects of clinically relevant concentrations of glucosamine on equine chondrocytes and synoviocytes in vitro [CR Byron et al], 1129

Synovitis
Anti-inflammatory and analgesic effects of intra-articular injection of triamcinolone acetadine, mepivacaine hydrochloride, or both on lipopolysaccharide-induced lameness in horses [AT Kay et al], 1646

Syringomyelia
Radiographic morphology of the cranial portion of the cervical vertebral column in Cavalier King Charles Spaniels and its relationship to syringomyelia [CE Stalin et al], 89

Tarsal Joints
In vitro mechanical evaluation of medial plating for pantarsal arthrodesis in dogs [RP Guillou et al], 1406

Taurine
Effects of topical application of taurine on second intention healing of experimentally induced wounds in rats [JM Simpson et al], 1210

Tears
Evaluation of matrix metalloproteinase concentrations in precorneal tear film from dogs with Pseudomonas aeruginosa-associated keratitis [L Wang et al], 1341

Technetium Tc 99m
Evaluation of technetium Tc 99m-labeled biont for scintigraphic detection of soft tissue inflammation in horses [LG Kleine et al], 639

Teeth
Histologic and micro-computed tomographic evaluation of the osseointegration of a nonresorbable bone substitute in alveolus of ponies after tooth extraction [L Vlaminck et al], 604

Telopeptide
Measurement of serum carboxyterminal cross-linked telopeptide of type I collagen concentration in dogs with osteosarcoma [JG Hintermeister et al], 1481

Temperature
Effects of temperature and handling conditions on lipid emulsion stability in veterinary parenteral nutrition admixtures during simulated intravenous administration [EJ Thomovsky et al], 652
Effects of epidurally administered morphine or buprenorphine on the thermal threshold in cats [BH Pypendop et al], 983
Respiratory alkalosis and primary hypocapnia in Labrador Retrievers participating in field trials in high-ambient-temperature conditions [JE Steiss et al], 1262

Tendon
Effect of adipose-derived nucleated cell fractions on tendon repair in horses with collagenase-induced tendinitis [AJ Nixon et al], 928

Terbinafine
In vitro susceptibility of Pythium insidiosum and a Lagenidium sp to tiraconazole, posaconazole, voriconazole, terbinafine, caspofungin, and mafenoxam [TA Brown et al], 1463

Testicles
Comparison of intratesticular injection of zinc gluconate versus surgical castration to sterilize male dogs [JK Levy et al], 130

Texas
Identification of hyperendemic foci of horses with West Nile virus disease in Texas [CA Wittich et al], 378

Thailand
Use of epidemiologic risk modeling to evaluate control of foot-and-mouth disease in southern Thailand [K Wongsathapornchai et al], 240
Assessment of the likelihood of the introduction of foot-and-mouth disease through importation of live animals into the Malaysia-Thailand-Myanmar peninsula [K Wongsathapornchai et al], 252

Thermal Threshold
Effects of epidurally administered morphine or buprenorphine on the thermal threshold in cats [BH Pypendop et al], 983

Thiopental
Cardiopulmonary effects of anesthetic induction with thiopental, propofol, or a combination of ketamine hydrochloride and diazepam in dogs sedated with a combination of medetomidine and hydromorphone [SS Enouri et al], 586

Thoroughbreds
Quantitative analysis of scintigraphic findings in tibial stress fractures in Thoroughbred racehorses [A Valdés-Martínez et al], 886
 Structural characterization of subchondral bone in the distal aspect of third metacarpal bones from Thoroughbred racehorses via micro-computed tomography [LM Rubio-Martínez et al], 1413
Mechanical properties of subchondral bone in the distal aspect of third metacarpal bones from Thoroughbred racehorses [LM Rubio-Martínez et al], 1423
Thromboplastin
Comparison of prothrombin time, activated partial thromboplastin time, and fibrinogen concentration in blood samples collected via an intravenous catheter versus direct venipuncture in dogs [VA Maecckelbergh et al], 868

Thromboxane
Roles of thromboxane A2 and 5-hydroxytryptamine in endotoxin-induced digital vasoconstriction in horses [NJ Menzies-Gow et al], 199

Thyroid Gland
Effects of oral and intramuscular administration of levothyroxine sodium on serum thyroid hormone concentrations, clinicopathologic variables, and echocardiographic measurements in healthy adult horses [NJ Frank et al], 68
Assessment of serum thyroid hormone concentrations in lambs with selenium deficiency myopathy [B Dalir-Naghadeh et al], 659

Thyroxine
Assessment of serum thyroid hormone concentrations in lambs with selenium deficiency myopathy [B Dalir-Naghadeh et al], 659

Tibia
Quantitative analysis of scintigraphic findings in tibial stress fractures in Thoroughbred racehorses [A Valdés-Martínez et al], 886

Tibial Nerve
F-wave conduction velocity, persistence, and amplitude for the tibial nerve in clinically normal cats [S Okuno et al], 261

Tibial Plateau
In vitro evaluation of a custom cutting jig and custom plate for canine tibial plateau leveling [DJ Marcellin-Little et al], 961

Tiletamine
Effects of acepromazine and butorphanol on tiletamine-zolazepam anesthesia in llamas [TM Prado et al], 182

Toxicology
Safety and efficacy of an ocular insert for apomorphine-induced emesis in dogs [DD Cote et al], 1360

Tramadol
Pharmacokinetics of orally administered tramadol in domestic rabbits (Oryctolagus cuniculus) [MJ Acierno et al], 979

Transitional Cell Carcinoma
Comparison of distributions of survivin among tissues from urinary bladders of dogs with cystitis, transitional cell carcinoma, or histologically normal urinary bladders [WV Rankin et al], 1073

Triamcinolone
Effects of triamcinolone acetonide, sodium hyaluronate, amikacin sulfate, and mepivacaine hydrochloride, alone and in combination, on morphology and matrix composition of lipopolysaccharide-challenged and unchallenged equine articular cartilage explants [DM Bolt et al], 861
Anti-inflammatory and analgesic effects of intra-articular injection of triamcinolone acetonide, mepivacaine hydrochloride, or both on lipopolysaccharide-induced lameness in horses [AT Kay et al], 1646

Trichoderma spp
Effects of inhaled fine dust on lung tissue changes and antibody response induced by spores of opportunistic fungi in goats [CW Purdy et al], 501

Tricuspid Valve Annulus
Volume loading-related changes in tissue Doppler images derived from the tricuspid valve annulus in dogs [Y Hori et al], 33

Triglycerides
Assessment of alterations in triglyceride and glycogen concentrations in muscle tissue of Alaskan sled dogs during repetitive prolonged exercise [EC McKenzie et al], 1097

Triiodothyronine
Assessment of serum thyroid hormone concentrations in lambs with selenium deficiency myopathy [B Dalir-Naghadeh et al], 659

Tumor Necrosis Factor-α
Effects of small intestinal ischemia and reperfusion on expression of tumor necrosis factor-α and interleukin-6 messenger RNAs in the jejunum, liver, and lungs of dogs [Y Nezu et al], 512

U

Ulcers
Cyclooxygenase expression and prostanoid production in pyloric and duodenal mucosae in dogs after administration of nonsteroidal anti-inflammatory drugs [JG Wooten et al], 457

Ultrasoundography
Statistical relevance of ultrasonographic criteria in the assessment of diffuse liver disease in dogs and cats [DA Feeney et al], 212
Ultrasound biomicroscopy of the iridocorneal angle of the eye before and after phacoemulsification and intracocular lens implantation in dogs [MD Rose et al], 279
Ultrasoundographic examination of the oesophagus, liver, and small and large intestines in cows with right displacement of the abomasum and abomasal volvulus [U Braun et al], 777
Evaluation of transesophageal echo-Doppler ultrasonography for the measurement of aortic blood flow in anesthetized cats [ML Rezende et al], 1135
Use of high-frequency ultrasonography for evaluation of skin thickness in relation to hydration status and fluid distribution at various cutaneous sites in dogs [A Diana et al], 1148

Ultraviolet Radiation
Effects of ultraviolet radiation on plasma 25-hydroxyvitamin D₃ concentrations in corn snakes (Elaphe guttata) [MJ Acierno et al], 294

United States Department of Agriculture (USDA)
Factors associated with amount of research funding obtained from the National Institutes of Health by colleges and schools of veterinary medicine [CP Coyne et al], 1676

Urinary System
Comparison of distributions of survivin among tissues from urinary bladders of dogs with cystitis, transitional cell carcinoma, or histologically normal urinary bladders [WV Rankin et al], 1073
Evaluation of the renal effects of experimental feeding of melamine and cyanuric acid to fish and pigs [R Reimschuessel et al], 1217
Evaluation of perinuclear anti-neutrophilic cytoplasmic autoantibodies as an early marker of protein-losing enteropathy and protein-losing nephropathy in Soft Coated Wheaten Terriers [K Allenspach et al], 1301
Determination of glomerular filtration rate in anesthetized pigs by use of three-phase whole-kidney computed tomography and Patlak plot analysis [K Alexander et al], 1455
Assessment of diuretic effects and changes in plasma aldosterone concentration following oral administration of a single dose of furosemide or azosemide in healthy dogs [Y Hori et al], 1664
Uterus
Uterine involution and endometrial function in postpartum pony mares [S Jischa et al], 1525

Uveitis
Role of bacteria in the pathogenesis of recurrent uveitis in horses from the southeastern United States [BC Gilger et al], 1329
Characterization of uveitis induced by use of a single intravitreal injection of bacterial lipopolysaccharide in cats [MJ Del Sole et al], 1487

Vaccinology
Determination of serologic and colostral response in late-gestation cows vaccinated with a Mycoplasma bovis bacterin [CO Calloway et al], 912
Effects of a commercially available vaccine against Salmonella enterica Newport on milk production, somatic cell count, and shedding of Salmonella organisms in female dairy cattle with no signs of salmonellosis [DR Hermesch et al], 1229
Development of a contagious ecthyma vaccine for goats [JMB Musser et al], 1366
Evaluation of Mycoplasma hypopneumoniae bacterins for porcine torque teno virus DNAs [S Krakowka et al], 1601

Vasoactive Intestinal Polypeptide
Determination of differences between breeds for substance P, vasoactive intestinal polypeptide, and neurofilament 200 in the abomasal wall of cattle [M Sickinger et al], 1247

Vasoconstriction
Roles of thromboxane A2 and 5-hydroxytryptamine in endotoxin-induced digital vasoconstriction in horses [NJ Menzies-Gow et al], 199

Veins
Evaluation of the induction of vasoactive mediators from equine digital vein endothelial cells by endotoxin [NJ Menzies-Gow et al], 349

Ventilation
Evaluation of the efficacy and safety for use of two sedation and analgesia protocols to facilitate assisted ventilation of healthy dogs [MR Ethier et al], 1351

Ventricles
An index of myocardial performance applied to the right ventricle of Boxers with arrhythmogenic right ventricular cardiomyopathy [RD Baumgart et al], 1029
Estimation of left ventricular filling pressure by use of Doppler echocardiography in heart anesthetized dogs subjected to acute volume loading [KE Schober et al], 1034
Comparison of the effects of candesartan cilexetil and enalapril maleate on right ventricular myocardial remodeling in dogs with experimentally induced pulmonary stenosis [TY Yamane et al], 1574

Vertebral Column
Radiographic morphology of the cranial portion of the cervical vertebral column in Cavalier King Charles Spaniels and its relationship to syringomyelia [CE Stalin et al], 89

Veterinary Medical Education
Factors associated with amount of research funding obtained from the National Institutes of Health by colleges and schools of veterinary medicine [CP Coyne et al], 1676

Virology
Virus-specific antiviral treatment for controlling severe and fatal outbreaks of feline calicivirus infection [AW Smith et al], 23
Assessment of the likelihood of the introduction of foot-and-mouth disease through importation of live animals into the Malaysia-Thailand-Myanmar peninsula [K Wongsathapornchai et al], 252
Effect of topical ophthalmic application of cidofovir on experimentally induced primary ocular feline herpesvirus-1 infection in cats [JP Fontenelle et al], 289
Identification of hyperendemic foci of horses with West Nile virus disease in Texas [CA Wittich et al], 378
Effect of infection with bovine respiratory syncytial virus on pulmonary clearance of an inhaled antigen in calves [LJ Gershwin et al], 416
Effects of sampling instrument and processing technique on DNA yield and detection rate for feline herpesvirus-1 via polymerase chain reaction assay [HD Westermeyer et al], 811
Evaluation of antibodies against feline coronavirus 7b protein for diagnosis of feline infectious peritonitis in cats [MA Kennedy et al], 1179
Exploratory spatial data analysis of regional seroprevalence of antibodies against epizootic hemorrhagic disease virus in cattle from Illinois and Indiana [TC Boyer et al], 1286
Development of a contagious ecthyma vaccine for goats [JMB Musser et al], 1366
Risk factors for development of neurologic disease after experimental exposure to equine herpesvirus-1 in horses [GP Allen], 1595
Evaluation of Mycoplasma hypopneumoniae bacterins for porcine torque teno virus DNAs [S Krakowka et al], 1601
Evaluation of induction of porcine dermatitis and nephropathy syndrome in gnotobiotic pigs with negative results for porcine circovirus type 2 [S Krakowka et al], 1615
Evaluation of the effects of porcine genogroup 1 torque teno virus in gnotobiotic swine [S Krakowka et al], 1623
Reproductive tract disease associated with inoculation of pregnant white-tailed deer with bovine viral diarrhea virus [JF Ridpath et al], 1630

Vitamins
Effects of ultraviolet radiation on plasma 25-hydroxyvitamin D3 concentrations in corn snakes (Elaphe guttata) [MJ Acierno et al], 294
Assessment of vitamin E concentrations in serum and cerebrospinal fluid in horses following oral administration of vitamin E [JK Higgins et al], 785

Volvulus
Ultrasonographic examination of the omasum, liver, and small and large intestines in cows with right displacement of the abomasum and abomasal volvulus [U Braun et al], 777

Voriconazole
Pharmacokinetics of voriconazole after oral administration of single and multiple doses in African grey parrots (Psittacus erithacus timneh) [K Fliammer et al], 114
In vitro susceptibility of Pythium insidiosum and a Lagenidium sp to itraconazole, posaconazole, voriconazole, terbinafine, caspofungin, and mafenoxam [TA Brown et al], 1463

Walking
Comparison of two-dimensional and three-dimensional systems for kinematic analysis of the sagittal motion of canine hind limbs during walking [J Kim et al], 1116

Warm-up
Effects of warm-up intensity on oxygen transport during supramaximal exercise in horses [K Mukai et al], 690

West Nile Virus
Identification of hyperendemic foci of horses with West Nile virus disease in Texas [CA Wittich et al], 378

Wounds
Effects of hyperbaric oxygen on full-thickness meshed skin
graffs applied to fresh and granulating wounds in horses
[TEC Holder et al], 140
Assessment of platelet growth factors in supernatants from
rehydrated freeze-dried equine platelets and their effects on
fibroblasts in vitro [F Tablin et al], 1512

X

Xylazine
Sedative and cardiopulmonary effects of medetomidine
hydrochloride and xylazine hydrochloride and their reversal
with atipamezole hydrochloride in calves [E Rioja et al], 319

Z

Zeolite Clinoptilolite
Clinical observations, biochemical data, and postmortem and
histopathologic findings in young dairy calves fed zeolite
clinoptilolite binder combined with milk replacer [DL Step et
al], 1587

Zinc
Comparison of intratesticular injection of zinc gluconate versus
surgical castration to sterilize male dogs [JK Levy et al], 130

Zolazepam
Effects of acepromazine and butorphanol on
tiletamine-zolazepam anesthesia in llamas [TM Prado et al],
182

Zoonoses
Identification of hyperendemic foci of horses with West Nile
virus disease in Texas [CA Wittich et al], 378
