American Journal of Veterinary Research

Index for Volume 70
No. 1 – 12    January – December 2009

Published by

AMERICAN VETERINARY MEDICAL ASSOCIATION

1931 N MEACHAM RD, SUITE 100, SCHAUMBURG, IL 60173-4360
Abbott Animal Health
Abbott online CE begins with fluid therapy, 1313

Academy for Educational Development
US makes big push to prevent next global pandemic, 1440

Accreditation
Education council schedules site visits, 9
Council on Education updates schools’ statuses, 165
Council schedules site visits, 438
Accreditation statuses reviewed by Council on Education, 689
Six veterinary technology programs become accredited, 808
AVMA board acts to improve Web site, veterinary internships; approves specialty, 940

Addis Ababa University College of Veterinary Medicine
Golden anniversary for Purdue veterinary school, 1181

Adoption
Feline health studies funded, 809

Agriculture
University Web site to educate about public health, agriculture, 440

Alabama
Accreditation statuses reviewed by Council on Education, 689

Alveolar Echinococcosis
Ross students present findings to WHO, 318

American Academy of Veterinary Pharmacology and Therapeutics (AAVPT)
Foundation to support pharmacology research, 560
AAVPT takes charge of drug monographs, 1442

American Association of Swine Veterinarians (AASV)
FDA revokes planned extralabel cephalosporin use ban, 10
PRRS research award applications invited, 1442

American Association of Veterinary Clinicians (AAVC)
AVMA board acts to improve Web site, veterinary internships; approves specialty, 940

American Association of Veterinary Immunologists (AAVI)
Ewing honored by CRWAD, 316

American Association of Veterinary Laboratory Diagnosticians (AAVLD)
Report pets with Salmonella; send samples, 316

American Association of Zoo Veterinarians (AAZV)
HOD elects officers, votes on antimicrobials, zoo veterinarians, 1062

American Board of Veterinary Practice - Reptile and Amphibian Practice
AVMA board acts to improve Web site, veterinary internships; approves specialty, 940

American College of Clinical Pharmacology (ACCP)
AAVPT takes charge of drug monographs, 1442

American College of Veterinary Behaviorists (ACVB)
Comments invited on proposed sports medicine and rehabilitation specialty, 318

American College of Veterinary Internal Medicine (ACVIM)
Updated backgrounder: therapy dogs can be colonized with MRSA, 941
ACVIM honors researchers, 1181

American College of Veterinary Microbiologists (ACVM)
Ewing honored by CRWAD, 316
Five microbiologists certified, 561

American College of Veterinary Ophthalmologists (ACVO)
ACVO awards Vision grants, 166

American College of Veterinary Pathologists (ACVP)
Industry sponsors renew support for pathology training positions, 439

American College of Veterinary Practitioners (ACVP)
ACVP announces diplomates, 317

American College of Veterinary Sports Medicine and Rehabilitation (ACVSMP)
Comments invited on proposed sports medicine and rehabilitation specialty, 318

American Kennel Club (AKC)
AVMA invites award nominations, 1312

American Recovery and Reinvestment Act
USDA funding research, laboratory facility care, 1180

American Thoracic Society
LSU research could affect care for humans and animals, 1442

American University of Antigua School of Veterinary Medicine and Biomedical Sciences
New veterinary school partners with Virginia-Maryland, 1311

American Veterinary Medical Association (AVMA)
‘Ambitious’ strategic plan unveiled by AAVMC, 559
Symposium calls for targeted efforts to increase diversity, 689
Updated backgrounder: therapy dogs can be colonized with MRSA, 941
Registration open for animal welfare symposium, 942
AVMA focuses on inclusivity within the profession, 1190
Demand for internships and residencies continues to rise, 1310
AVMA invites award nominations, 1312
Preparations continue for education consortium, 1440
AVMA electronic newsletters offer a wealth of material, 1442

American Veterinary Medical Foundation (AVMF)
Disaster preparedness grant awardees named, 165
AVMF scholarships available, 438
Symposium calls for targeted efforts to increase diversity, 689
Study: 22 percent of veterinarians screened had Q fever antibodies, 439
Funding shortage forces closure of Fresno lab, 808

Anesthesiology
Studies link occupational exposures to preterm delivery, birth defects, 809

Animal Health Institute (AHI)
Ewing honored by CRWAD, 316

Animal Rights
Animal rights extremist is one of FBI’s most wanted terrorists, 690

Animal Welfare
DeHaven addresses veterinarians at global animal welfare conference, 7
AVMA comments on regulation of genetically engineered animals, 8
FDA revokes planned extralabel cephalosporin use ban, 10
Registration open for animal welfare symposium, 942
Board approves drug disposal guidelines, antimicrobial use task force, 1061
Golden anniversary for Purdue veterinary school, 1181
Animal Welfare Act
Primate veterinarians bridge gap between science, human medicine, 1060

Anticoagulants
First rDNA construct approved for human use, 439

Antigua, West Indies
New veterinary school partners with Virginia-Maryland, 1311

Antimicrobials
FDA revokes planned extralabel cephalosporin use ban, 10

Appointments
Texas A&M has a new dean, 317
Audin, Matushek named to new positions in Publications Division, 559
Board approves drug disposal guidelines, antimicrobial use task force, 1061
Matushek named AVMA editor-in-chief, 1178
Preparations continue for education consortium, 1440

ARS Diet, Genomics, and Immunology Laboratory
Researchers study factors that regulate vaccination efficiency, 1441

Artwork
Golden anniversary for Purdue veterinary school, 1181

Assistance Animals
Updated backgrounder: therapy dogs can be colonized with MRSA, 941

Association for Veterinary Epidemiology and Preventive Medicine (AVEPM)
Ewing honored by CRWAD, 316

Association of American Veterinary Medical Colleges (AAVMC)
‘Ambitious’ strategic plan unveiled by AAVMC, 559
Symposium calls for targeted efforts to increase diversity, 689
Veterinary colleges cut back after seeing less income, 807
AVMA board acts to improve Web site, veterinary internships; approves specialty, 940
Registration open for animal welfare symposium, 942
Leininger to manage education consortium, 1064
Symposium focuses on inclusivity within the profession, 1190
Demand for internships and residencies continues to rise, 1310
Preparations continue for education consortium, 1440

Association of Avian Veterinarians (AAV)
HOD elects officers, votes on antimicrobials, zoo veterinarians, 1062

Association of Reptile and Amphibian Veterinarians (ARAV)
AVMA board acts to improve Web site, veterinary internships; approves specialty, 940

ATryn
First rDNA construct approved for human use, 439

Australia
Education council schedules site visits, 9
Council schedules site visits, 438
Accreditation statuses reviewed by Council on Education, 689
Feline health studies funded, 809
Studies link occupational exposures to preterm delivery, birth defects, 809
Education council schedules site visits, 942

AVMA American Board of Veterinary Specialties (ABVS)
Comments invited on proposed sports medicine and rehabilitation specialty, 318
AVMA board acts to improve Web site, veterinary internships; approves specialty, 940

AVMA Animal Welfare Committee (AWC)
Revision process begins for AVMA euthanasia guidelines, 942

AVMA Animal Welfare Symposium
Registration open for animal welfare symposium, 942

AVMA Annual Convention
Set sail for Seattle and the AVMA convention, 319

Board approves drug disposal guidelines, antimicrobial use task force, 1061
HOD elects officers, votes on antimicrobials, zoo veterinarians, 1062
AVMA recognizes leaders in veterinary medicine, animal care, 1063
Seattle convention offers in-depth education, AVMA discourse, 1063
Symposium focuses on inclusivity within the profession, 1190
AVMA invites award nominations, 1312
AVMA electronic newsletters offer a wealth of material, 1442

AVMA Antimicrobial Use Task Force
Board approves drug disposal guidelines, antimicrobial use task force, 1061

AVMA Board of Governors (BOG)
DEA seeks options for disposal of controlled substances by users, 561

AVMA Bylaws
Veterinary students key part of AVMA board agenda, 8
Amendments affect HOD referrals, councils, 808
Board approves drug disposal guidelines, antimicrobial use task force, 1061
HOD elects officers, votes on antimicrobials, zoo veterinarians, 1062

AVMA Candidates
Conference draws veterinary leaders to Chicago; HOD acts on proposals, 319

AVMA Clinical Practitioners Advisory Committee (CPAC)
DEA seeks options for disposal of controlled substances by users, 561

AVMA Clinical Proficiency Examination (CPE)
AVMA board acts to improve Web site, veterinary internships; approves specialty, 940

AVMA Committee on Veterinary Technician Education and Activities (CVTEA)
Six veterinary technology programs become accredited, 808

AVMA Communications Division
AVMA survey measures income trends through 2007, 9
Rule requires veterinarians to have identity theft prevention programs, 561
AVMA launches videotape messages from its CEO, 689
Board approves drug disposal guidelines, antimicrobial use task force, 1061
AVMA electronic newsletters offer a wealth of material, 1442

AVMA Congressional Advocacy Network (CAN)
AVMA electronic newsletters offer a wealth of material, 1442

AVMA Council on Biologic and Therapeutic Agents (COBTA)
The votes are in for AVMA councils, HAC, 1064

AVMA Council on Communications (COC)
Amendments affect HOD referrals, councils, 808
HOD elects officers, votes on antimicrobials, zoo veterinarians, 1062

AVMA Council on Education (COE)
Education council schedules site visits, 9
Council on Education updates schools’ statuses, 165
Council schedules site visits, 438
AVMA board acts to improve Web site, veterinary internships; approves specialty, 940
Education council schedules site visits, 942
The votes are in for AVMA councils, HAC, 1064
Education council schedules site visits, 1178

AVMA Council on Public Health and Regulatory Veterinary Medicine (CoPHRVM)
The votes are in for AVMA councils, HAC, 1064

AVMA Council on Research (COR)
The votes are in for AVMA councils, HAC, 1064
AVMA invites award nominations, 1312

AVMA Council on Veterinary Service (CVS)
The votes are in for AVMA councils, HAC, 1064
AVMA Diversity Symposium
Symposium focuses on inclusivity within the profession, 1190

AVMA Executive Board
Veterinary students key part of AVMA board agenda, 8
Price, Trimmer elected to AVMA Executive Board, 319
AVMA board acts to improve Web site, veterinary internships; approves specialty, 940
Board approves drug disposal guidelines, antimicrobial use task force, 1061

AVMA Finances
Conference draws veterinary leaders to Chicago; HOD acts on proposals, 319

AVMA Governmental Relations Division
Veterinary students key part of AVMA board agenda, 8
Federal veterinary loan repayment program moves ahead, 1061
Symposium focuses on inclusivity within the profession, 1190

AVMA Group Health and Life Insurance Trust (GHLIT)
AVMA seeks GHLIT nominations, 438

AVMA Guidelines on Euthanasia
Conference draws veterinary leaders to Chicago; HOD acts on proposals, 319
Revision process begins for AVMA euthanasia guidelines, 942

AVMA House Advisory Committee (HAC)
The votes are in for AVMA councils, HAC, 1064

AVMA House of Delegates (HOD)
Conference draws veterinary leaders to Chicago; HOD acts on proposals, 319
Amendments affect HOD referrals, councils, 808
AVMA delegates to consider revised random-source dog and cat policy, 808
HOD elects officers, votes on antimicrobials, zoo veterinarians, 1062
The votes are in for AVMA councils, HAC, 1064

AVMA Judicial Council
The votes are in for AVMA councils, HAC, 1064

AVMA Legislative Advisory Committee (LAC)
Board approves drug disposal guidelines, antimicrobial use task force, 1061

AVMA Membership and Field Services Division
Veterinary students key part of AVMA board agenda, 8
Rule requires veterinarians to have identity theft prevention programs, 561
Board approves drug disposal guidelines, antimicrobial use task force, 1061

Veterinary students key part of AVMA board agenda, 8

AVMA/NAVTA Executive Board Liaison Committee (EBLC)
Board approves drug disposal guidelines, antimicrobial use task force, 1061

AVMA News Bulletin
AVMA electronic newsletters offer a wealth of material, 1442

AVMA News Bytes
AVMA electronic newsletters offer a wealth of material, 1442

AVMA Officers
Veterinary students key part of AVMA board agenda, 8

AVMA Policies
Veterinary students key part of AVMA board agenda, 8
AVMA delegates to consider revised random-source dog and cat policy, 808
Board approves drug disposal guidelines, antimicrobial use task force, 1061
HOD elects officers, votes on antimicrobials, zoo veterinarians, 1062
AVMA electronic newsletters offer a wealth of material, 1442

AVMA Political Action Committee (AVMAPAC)
AVMA electronic newsletters offer a wealth of material, 1442

AVMA Publications Division
Audin, Matushek named to new positions in Publications Division, 559
AVMA Editor-in-Chief Emeritus Audin dies, 688
Matushek named AVMA editor-in-chief, 1178
AVMA electronic newsletters offer a wealth of material, 1442

AVMA Staff
Board approves drug disposal guidelines, antimicrobial use task force, 1061
Matushek named AVMA editor-in-chief, 1178

AVMA State Advocacy Committee (SAC)
AVMA board acts to improve Web site, veterinary internships; approves specialty, 940

AVMA State Legislation Update
AVMA electronic newsletters offer a wealth of material, 1442

AVMA Strategic Plan
Conference draws veterinary leaders to Chicago; HOD acts on proposals, 319

AVMA Task Force on Diversity
Symposium focuses on inclusivity within the profession, 1190

AVMA Task Force on Future Roles and Expectations
AVMA board acts to improve Web site, veterinary internships; approves specialty, 940

AVMA Task Force on Veterinary Internships
AVMA board acts to improve Web site, veterinary internships; approves specialty, 940
Demand for internships and residencies continues to rise, 1310

AVMA Town Hall Meeting
Seattle convention offers in-depth education, AVMA discourse, 1063

AVMA Veterinary Leadership Conference
Conference draws veterinary leaders to Chicago; HOD acts on proposals, 319
Symposium focuses on inclusivity within the profession, 1190

AVMA Veterinary Leadership Experience
Board approves drug disposal guidelines, antimicrobial use task force, 1061

AVMA Veterinary Medical Assistance Teams (VMATs)
AVMA electronic newsletters offer a wealth of material, 1442

AVMA Web Site
AVMA board acts to improve Web site, veterinary internships; approves specialty, 940
Updated backgrounder: therapy dogs can be colonized with MRSA, 941
Board approves drug disposal guidelines, antimicrobial use task force, 1061
AVMA Ed undergoing a makeover, 1178
AVMA electronic newsletters offer a wealth of material, 1442

AVMA@Work
AVMA electronic newsletters offer a wealth of material, 1442

Awards
Symposium highlights NIH program for veterinarians pursuing PhDs, 8
Disaster preparedness grant awardees named, 165
Research awards conferred, 166
Ewing honored by CRWAD, 316
Leader in virology, pathology given world veterinary award, 690
AVMA recognizes leaders in veterinary medicine, animal care, 1063
ACVIM honors researchers, 1181
AVMA invites award nominations, 1312

Bayer Animal Health
Oklahoma State establishes parasitology center, 560
Six veterinary technology programs become accredited, 808

**Biosecurity**
Homeland Security recommends Kansas site to replace Plum Island, 7
AVMA sounds alarm at Senate hearing on veterinary shortage, 438
Homeland security program produces first graduates, 440

**Biosecurity Research Institute**
Homeland Security recommends Kansas site to replace Plum Island, 7

**Biotechnology**
AVMA comments on regulation of genetically engineered animals, 8

**Bladder**
Genetic mutation causes bladder stones in Dalmations, 165

**Boehringer Ingelheim Vetmedica**
PRRS studies funded, 690
PRRS research award applications invited, 1442

**Bordetella spp**
Some *B. hinzii* strains cause disease in turkeys, 943

**Brown-Mackie College**
Six veterinary technology programs become accredited, 808

**Calgary University Faculty of Veterinary Medicine**
Education council schedules site visits, 9
Council on Education updates schools' statuses, 165
Council schedules site visits, 438
Education council schedules site visits, 942, 1178

**California**
Genetic mutation causes bladder stones in Dalmations, 165
New stem cell lab for horses opens at UC-Davis, 807
Funding shortage forces closure of Fresno lab, 808
Feline health studies funded, 809
US makes big push to prevent next global pandemic, 1440

**California Animal Health and Food Safety Laboratory System**
Funding shortage forces closure of Fresno lab, 808

**Calls for Abstracts**
CRWAD seeks abstract submissions, 943

**Calls for Proposals**
Morris Animal Foundation calls for pilot-study proposals, 943
PRRS research award applications invited, 1442

**Canada**
Education council schedules site visits, 9
Council on Education updates schools' statuses, 165
Council schedules site visits, 438
New stem cell lab for horses opens at UC-Davis, 807
Feline health studies funded, 809
Updated backgrounder: therapy dogs can be colonized with MRSA, 941
Education council schedules site visits, 942, 1178

**Carver Career Center**
Six veterinary technology programs become accredited, 808

**Celebrations**
Golden anniversary for Purdue veterinary school, 1181
Vet 2011 celebration planning under way, 1313

**Centers for Disease Control and Prevention (CDC)**
Report pets with *Salmonella*; send samples, 316
Leader in virology, pathology given world veterinary award, 690
CDC council: fewer postexposure rabies vaccine doses needed, 1064

**Cephalosporins**
FDA revokes planned extralabel cephalosporin use ban, 10

**Charles River Laboratories**
Industry sponsors renew support for pathology training positions, 439

**Clinical Infectious Diseases**
Study: 22 percent of veterinarians screened had Q fever antibodies, 439

**Clostridium difficile**
Updated backgrounder: therapy dogs can be colonized with MRSA, 941

**Coat**
Variants in three genes account for most dog coat textures, 1441

**Colorado**
Council on Education updates schools' statuses, 165
USDA grants $98,000 for study on fish oil's effects on fertility, 165

**Colorado State University College of Veterinary Medicine**
Council on Education updates schools' statuses, 165

**Communication**
Veterinary students key part of AVMA board agenda, 8
AVMA board acts to improve Web site, veterinary internships; approves specialty, 940

**Community and Technical Colleges**
Six veterinary technology programs become accredited, 808

**Companion Animals**
Morris Animal Foundation supporting animal health studies, 10
Report pets with *Salmonella*; send samples, 316
GAO criticizes plan for mainland research on foot-and-mouth disease, 1179

**Comparative Biomedical Scientific Training Program**
Symposium highlights NIH program for veterinarians pursuing PhDs, 8

**Conference of Research Workers in Animal Disease (CRWAD)**
Ewing honored by CRWAD, 316
CRWAD seeks abstract submissions, 943

**Connecticut**
Disaster preparedness grant awardees named, 165

**Connecticut Veterinary Medical Foundation**
Disaster preparedness grant awardees named, 165

**Continuing Veterinary Education**
Seattle convention offers in-depth education, AVMA discourse, 1063
AVMA Ed undergoing a makeover, 1178
Abbott online CE begins with fluid therapy, 1313

**Controlled Substances**
DEA seeks options for disposal of controlled substances by users, 561

**Cornell University College of Veterinary Medicine**
New stem cell lab for horses opens at UC-Davis, 807
Study examining organic, conventional milk production, 809

**Coxiella burnetii**
Study: 22 percent of veterinarians screened had Q fever antibodies, 439

**Dalmations**
Genetic mutation causes bladder stones in Dalmations, 165

**Denmark**
Researchers study factors that regulate vaccination efficiency, 1441

**Development Alternatives**
US makes big push to prevent next global pandemic, 1440

**Diplomates**
ACVP announces diplomates, 317
Five microbiologists certified, 561

**Disasters**
Disaster preparedness grant awardees named, 165

**Disciplinary Actions**
HOD elects officers, votes on antimicrobials, zoo veterinarians, 1062
**Disposal of Pharmaceuticals**
EPA pharmaceutical survey not for veterinarians, AVMA says, 9
DEA seeks options for disposal of controlled substances by users, 561
Board approves drug disposal guidelines, antimicrobial use task force, 1061

**District of Columbia**
US makes big push to prevent next global pandemic, 1440

**Diversity**
Symposium calls for targeted efforts to increase diversity, 689

**Doberman Pinschers**
Morris Animal Foundation calls for pilot-study proposals, 943

**Dog Days of Summer Continuum Art Project**
Golden anniversary for Purdue veterinary school, 1181

**Donations**
Veterinary colleges cut back after seeing less income, 807

**Drug Enforcement Administration (DEA)**
DEA seeks options for disposal of controlled substances by users, 561

**Ear Cropping**
Veterinary students key part of AVMA board agenda, 8
HOD elects officers, votes on antimicrobials, zoo veterinarians, 1062

**Eastern Regional Research Center**
USDA funding research, laboratory facility care, 1180

**Ecole Nationale Vétérinaire de Lyon**
Vet 2011 celebration planning under way, 1313

**Ecology and Environment, Inc**
US makes big push to prevent next global pandemic, 1440

**Economics**
AVMA survey measures income trends through 2007, 9
Veterinary colleges cut back after seeing less income, 807
Funding shortage forces closure of Fresno lab, 808

**Educational Commission for Foreign Veterinary Graduates (ECFVG)**
AVMA board acts to improve Web site, veterinary internships; approves specialty, 940

**Egypt**
DeHaven addresses veterinarians at global animal welfare conference, 7

**Elections**
Ewing honored by CRWAD, 316
Price, Trimmer elected to AVMA Executive Board, 319
Board approves drug disposal guidelines, antimicrobial use task force, 1061
HOD elects officers, votes on antimicrobials, zoo veterinarians, 1062

**Electronic Identification**
Veterinary students key part of AVMA board agenda, 8

**Electronic Publications**
AVMA electronic newsletters offer a wealth of material, 1442

**Eli Lilly**
Industry sponsors renew support for pathology training positions, 439

**Emerging Animal Diseases**
Primate veterinarians bridge gap between science, human medicine, 1060

**Emerging Pandemic Threats (EPT)**
US makes big push to prevent next global pandemic, 1440

**England**
Education council schedules site visits, 9

**Environment**
Veterinary students key part of AVMA board agenda, 8

Study: 22 percent of veterinarians screened had Q fever antibodies, 439
LSU research could affect care for humans and animals, 1442

**Environmental Protection Agency (EPA)**
EPA pharmaceutical survey not for veterinarians, AVMA says, 9
Board approves drug disposal guidelines, antimicrobial use task force, 1061

**Envisioning the Future of Veterinary Medical Education (Foresight Report)**
Veterinary students key part of AVMA board agenda, 8
‘Ambitious’ strategic plan unveiled by AAVMC, 559
Leininger to manage education consortium, 1064

**Epidemiology**
AVMA sounds alarm at Senate hearing on veterinary shortage, 438
US makes big push to prevent next global pandemic, 1440

**Escherichia coli**
$1 million awarded for E. coli research, 1313

**Ethiopia**
Golden anniversary for Purdue veterinary school, 1181

**European Centre for Disease Control and Prevention**
Updated backgrounder: therapy dogs can be colonized with MRSA, 941

**European Food Safety Authority**
Updated backgrounder: therapy dogs can be colonized with MRSA, 941

**European Medicines Agency**
Updated backgrounder: therapy dogs can be colonized with MRSA, 941

**Euthanasia**
Revision process begins for AVMA euthanasia guidelines, 942

**Extralabel Drug Use**
FDA revokes planned extralabel cephalosporin use ban, 10

**F**
Federal Bureau of Investigation (FBI)
Animal rights extremist is one of FBI’s most wanted terrorists, 690

**Federal Trade Commission (FTC)**
Rule requires veterinarians to have identity theft prevention programs, 561

**Fellowships**
Incentive created for veterinarians switching to research, 1311

**FGF5**
Variants in three genes account for most dog coat textures, 1441

**Fish Oil**
USDA grants $98,000 for study on fish oil’s effects on fertility, 165

**Flight Attendant Medical Research Institute**
LSU research could affect care for humans and animals, 1442

**Food and Drug Administration (FDA)**
AVMA comments on regulation of genetically engineered animals, 8
FDA revokes planned extralabel cephalosporin use ban, 10
Report pets with Salmonella; send samples, 316
First rDNA construct approved for human use, 439

**Food Animal Industry**
Homeland Security recommends Kansas site to replace Plum Island, 7
Study: 22 percent of veterinarians screened had Q fever antibodies, 439

**Food Animal Residue Avoidance Databank (FARAD)**
Veterinary students key part of AVMA board agenda, 8
FDA revokes planned extralabel cephalosporin use ban, 10
NVMSA, FARAD part of billion-dollar funding bill, 559

**Food Safety**
Homeland Security recommends Kansas site to replace Plum Island, 7
FDA revokes planned extralabel cephalosporin use ban, 10
Ross students present findings to WHO, 318
Foot-and-Mouth Disease (FMD)
Homeland Security recommends Kansas site to replace Plum Island, 7

Foreign Animal Disease
Homeland Security recommends Kansas site to replace Plum Island, 7

Fort Dodge Animal Health
Conference draws veterinary leaders to Chicago; HOD acts on proposals, 319
Symposium focuses on inclusivity within the profession, 1190

Fort Keogh Livestock and Range Research Laboratory
USDA funding research, laboratory facility care, 1180

France
Vet 2011 celebration planning under way, 1313

Funding
Veterinary students key part of AVMA board agenda, 8
Morris Animal Foundation supporting animal health studies, 10
Disaster preparedness grant awardees named, 165
USDA grants $98,000 for study on fish oil’s effects on fertility, 165
ACVO awards Vision grants, 166
AVMF scholarships available, 438
Industry sponsors renew support for pathology training positions, 439
Donor doesn’t want money going to veterinary college, 440
NVMSA, FARAD part of billion-dollar funding bill, 559
Foundation to support parasitology research, 560
Oklahoma State establishes parastisology center, 560
PRRS studies funded, 690
New stem cell lab for horses opens at UC-Davis, 807
Veterinary colleges cut back after seeing less income, 807
Funding shortage forces closure of Fresno lab, 808
Feline health studies funded, 809
Study examining organic, conventional milk production, 809
Board approves drug disposal guidelines, antimicrobial use task force, 1061
Federal veterinary loan repayment program moves ahead, 1061
Leininger to manage education consortium, 1064
GAO criticizes plan for mainland research on foot-and-mouth disease, 1179
LSU veterinary school receives $11.1 million grants, 1179
USDA funding research, laboratory facility care, 1180
Pfizer, AVMF partner to hand out hundreds of scholarships, 1310
Incentive created for veterinarians switching to research, 1311
Grants for feline health research available, 1312
$1 million awarded for E coli research, 1313
LSU research could affect care for humans and animals, 1442
PRRS research award applications invited, 1442

Genentech
Industry sponsors renew support for pathology training positions, 439

Genetics
AVMA comments on regulation of genetically engineered animals, 8
Morris Animal Foundation supporting animal health studies, 10
Genetic mutation causes bladder stones in Dalmations, 165
First rDNA construct approved for human use, 439
Variants in three genes account for most dog coat textures, 1441

Georgia
USDA funding research, laboratory facility care, 1180

GlaxoSmithKline
Industry sponsors renew support for pathology training positions, 439

Global Viral Forecasting Initiative
US makes big push to prevent next global pandemic, 1440

Goats
First rDNA construct approved for human use, 439

Grey Literature
AAVPT takes charge of drug monographs, 1442

GTC Biotherapeutics
First rDNA construct approved for human use, 439

Hazardous Waste
EPA pharmaceutical survey not for veterinarians, AVMA says, 9

Heartworm
Morris Animal Foundation calls for pilot-study proposals, 943

Helping Shelters Help Cats
Feline health studies funded, 809

Hill’s Pet Nutrition
Conference draws veterinary leaders to Chicago; HOD acts on proposals, 319

Hip Dysplasia
Morris Animal Foundation calls for pilot-study proposals, 943
Huntingdon Life Sciences
Animal rights extremist is one of FBI’s most wanted terrorists, 690

Identity Theft
Rule requires veterinarians to have identify theft prevention programs, 561

Illinois
Six veterinary technology programs become accredited, 808
USDA funding research, laboratory facility care, 1180
US makes big push to prevent next global pandemic, 1440

Immunology
LSU research could affect care for humans and animals, 1442

Income
AVMA survey measures income trends through 2007, 9

Indiana
Disaster preparedness grant awardees named, 165
Genetic mutation causes bladder stones in Dalmations, 165
Homeland security program produces first graduates, 440
Golden anniversary for Purdue veterinary school, 1181

Indiana Horse Council
Disaster preparedness grant awardees named, 165

Infectious Diseases
Ross students present findings to WHO, 318

Institute for Veterinary Disease Biology
Researchers study factors that regulate vaccination efficiency, 1441

Institutional Animal Care and Use Committees (IACUCs)
Donor doesn’t want money going to veterinary college, 440

Internal Revenue Service (IRS)
Veterinary students key part of AVMA board agenda, 8

International Medical Corps
US makes big push to prevent next global pandemic, 1440

International Veterinary Medicine
DeHaven addresses veterinarians at global animal welfare conference, 7
Golden anniversary for Purdue veterinary school, 1181

Internet
University Web site to educate about public health, agriculture, 440

Iowa
PRRS studies funded, 690
USDA funding research, laboratory facility care, 1180

John A Logan College
Six veterinary technology programs become accredited, 808
John's Disease
NVMSA, FARAD part of billion-dollar funding bill, 559

Johns Hopkins University
University Web site to educate about public health, agriculture, 440

Journal of Occupational and Environmental Medicine
Studies link occupational exposures to preterm delivery, birth defects, 809

Journal of Veterinary Pharmacology and Therapeutics
AAVPT takes charge of drug monographs, 1442

Judicious Therapeutic Use of Antimicrobials
Board approves drug disposal guidelines, antimicrobial use task force, 1061

Judicious Use of Antimicrobials
Updated backgrounder: therapy dogs can be colonized with MRSA, 941

Kansas
Homeland Security recommends Kansas site to replace Plum Island, 7
New stem cell lab for horses opens at UC-Davis, 807

Kansas State University College of Veterinary Medicine
Homeland Security recommends Kansas site to replace Plum Island, 7
New stem cell lab for horses opens at UC-Davis, 807

Kaskaskia College
Six veterinary technology programs become accredited, 808

Kentucky
Six veterinary technology programs become accredited, 808

Kirkpatrick Foundation
Oklahoma State establishes parasitology center, 560

KRT71
Variants in three genes account for most dog coat textures, 1441

Laboratory Veterinary Medicine
Primate veterinarians bridge gap between science, human medicine, 1060

Legislation
Veterinary students key part of AVMA board agenda, 8
FDA revokes planned extralabel cephalosporin use ban, 10

Legislative Acts
Veterinary students key part of AVMA board agenda, 8
NVMSA, FARAD part of billion-dollar funding bill, 559
Primate veterinarians bridge gap between science, human medicine, 1060
Board approves drug disposal guidelines, antimicrobial use task force, 1061
USDA funding research, laboratory facility care, 1180

L

Litigation
Primate veterinarians bridge gap between science, human medicine, 1060

Livestock
Homeland Security recommends Kansas site to replace Plum Island, 7

Louisiana
Primate veterinarians bridge gap between science, human medicine, 1060
LSU veterinary school receives $11.1 million grants, 1179
LSU research could affect care for humans and animals, 1442

Louisiana State University School of Veterinary Medicine
LSU veterinary school receives $11.1 million grants, 1179
LSU research could affect care for humans and animals, 1442

Mars
GAO criticizes plan for mainland research on foot-and-mouth disease, 1179

Maryland
USDA funding research, laboratory facility care, 1180
New veterinary school partners with Virginia-Maryland, 1311
US makes big push to prevent next global pandemic, 1440
Researchers study factors that regulate vaccination efficiency, 1441

Massachusetts
US makes big push to prevent next global pandemic, 1440

Media
AVMA launches videotape messages from its CEO, 689

Merck
Industry sponsors renew support for pathology training positions, 439
Symposium highlights research by veterinary students, 1311

Merial
Symposium highlights research by veterinary students, 1311

Methicillin-resistant Staphylococcus aureus
Updated backgrounder: therapy dogs can be colonized with MRSA, 941

Mexico
Education council schedules site visits, 9
Council on Education updates schools' statuses, 165
AVMA board acts to improve Web site, veterinary internships; approves specialty, 940
Education council schedules site visit, 943
Education council schedules site visits, 1178

Michigan
Six veterinary technology programs become accredited, 808
Registration open for animal welfare symposium, 942

Michigan State University
Registration open for animal welfare symposium, 942

Milk
Study examining organic, conventional milk production, 809

Minnesota
Disaster preparedness grant awardees named, 165
PRRS studies funded, 690
US makes big push to prevent next global pandemic, 1440

Minnesota Animal Disaster Coalition
Disaster preparedness grant awardees named, 165

Mississippi
USDA funding research, laboratory facility care, 1180

Montana
USDA funding research, laboratory facility care, 1180

Morbidity and Mortality Report
CDC council: fewer postexposure rabies vaccine doses needed, 1064

Morris Animal Foundation
Morris Animal Foundation supporting animal health studies, 10
Feline health studies funded, 809
Morris Animal Foundation calls for pilot-study proposals, 943
Incentive created for veterinarians switching to research, 1311

Murdoch University School of Veterinary and Biomedical Sciences
Education council schedules site visits, 9
Council schedules site visits, 438
Education council schedules site visits, 942

Mycoplasma hyopneumoniae
Researchers study factors that regulate vaccination efficiency, 1441

N

National Agricultural Library
USDA funding research, laboratory facility care, 1180

National Animal Disease Center
USDA funding research, laboratory facility care, 1180
National Animal Identification System (NAIS)
Conference draws veterinary leaders to Chicago; HOD acts on proposals, 319

National Association of Veterinary Technicians in America (NAVTA)
Board approves drug disposal guidelines, antimicrobial use task force, 1061

National Bio- and Agro-Defense Facility
Homeland Security recommends Kansas site to replace Plum Island, 7

National Biosecurity Resource Center for Animal Health Emergencies
Homeland security program produces first graduates, 440

National Cancer Institute (NCI)
Symposium highlights NIH program for veterinarians pursuing PhDs, 8

National Center for Agricultural Utilization Research
USDA funding research, laboratory facility care, 1180

National Center for Infectious Diseases
Leader in virology, pathology given world veterinary award, 690

National Center for Veterinary Parasitology
Oklahoma State establishes parasitology center, 560

National Farm Animal Welfare Council
Board approves drug disposal guidelines, antimicrobial use task force, 1061

National Institutes of Health (NIH)
Symposium highlights NIH program for veterinarians pursuing PhDs, 8
Primate veterinarians bridge gap between science, human medicine, 1060
GAO criticizes plan for mainland research on foot-and-mouth disease, 1179
LSU veterinary school receives $11.1 million grants, 1179
Symposium highlights research by veterinary students, 1311
Variants in three genes account for most dog coat textures, 1441
LSU research could affect care for humans and animals, 1442

National Science Foundation (NSF)
$1 million awarded for E coli research, 1313

National Veterinary Medical Service Act (NVMSA)
NVMSA, FARAD part of billion-dollar funding bill, 559

National Veterinary Scholars Symposium
Symposium highlights research by veterinary students, 1311

Nebraska
USDA funding research, laboratory facility care, 1180

New Animal Drug Application (NADA)
Veterinary students key part of AVMA board agenda, 8

New Iberia Research Center
Primate veterinarians bridge gap between science, human medicine, 1060

New Jersey Veterinary Medical Association
HOD elects officers, votes on antimicrobials, zoo veterinarians, 1062

New York
New stem cell lab for horses opens at UC-Davis, 807
Study examining organic, conventional milk production, 809

Nominations
AVMA seeks GHLIT nominations, 438
AVMA invites award nominations, 1312

North American Veterinary Medical Education Consortium (NAVMEC)
Veterinary students key part of AVMA board agenda, 8
‘Ambitious’ strategic plan unveiled by AAVMC, 559
Leininger to manage education consortium, 1064
Demand for internships and residencies continues to rise, 1310
Preparations continue for education consortium, 1440

North Carolina
Symposium highlights research by veterinary students, 1311

North Carolina State University College of Veterinary Medicine
Symposium highlights research by veterinary students, 1311

North Dakota
USDA funding research, laboratory facility care, 1180
Golden anniversary for Purdue veterinary school, 1181

Novartis Animal Health
Oklahoma State establishes parasitology center, 560

Obituaries
AVMA Editor-in-Chief Emeritus Audin dies, 688

Obstetrics and Gynecology
Studies link occupational exposures to preterm delivery, birth defects, 809

Occupational Hazards
Studies link occupational exposures to preterm delivery, birth defects, 809

Office International des Epizooties (OIE)
DeHaven addresses veterinarians at global animal welfare conference, 7
Registration open for animal welfare symposium, 942
US makes big push to prevent next global pandemic, 1440

Ohio
Feline health studies funded, 809

Ohio State University College of Veterinary Medicine
Feline health studies funded, 809

Oklahoma
Disaster preparedness grant awardees named, 165
Ewing honored by CRWAD, 316
Donor doesn’t want money going to veterinary college, 440
Oklahoma State establishes parasitology center, 560

Oklahoma State University College of Veterinary Medicine
Donor doesn’t want money going to veterinary college, 440
Oklahoma State establishes parasitology center, 560

Oklahoma Veterinary Medical Foundation
Disaster preparedness grant awardees named, 165

One Health Commission
One Health Commission incorporates to advance human and animal health, 948

One Health Initiative
One Health Commission incorporates to advance human and animal health, 948
Seattle convention offers in-depth education, AVMA discourse, 1063

Oregon
Study examining organic, conventional milk production, 809

Oregon State University College of Veterinary Medicine
Study examining organic, conventional milk production, 809

Organic Center
Study examining organic, conventional milk production, 809

Overpopulation
Morris Animal Foundation calls for pilot-study proposals, 943

Parasitology
Oklahoma State establishes parasitology center, 560
Researchers study factors that regulate vaccination efficiency, 1441

Peanuts
Report pets with Salmonella; send samples, 316

Pennsylvania
Education council schedules site visits, 9
New Bolton Center breaks ground for critical care center, 166
Council schedules site visits, 438
Education council schedules site visits, 942, 1178
USDA funding research, laboratory facility care, 1180

**Pfizer Animal Health**
Research awards conferred, 166
Industry sponsors renew support for pathology training positions, 439
Pfizer, AVMF partner to hand out hundreds of scholarships, 1310
Incentive created for veterinarians switching to research, 1311

**Pharmaceuticals**
EPA pharmaceutical survey not for veterinarians, AVMA says, 9
AAVPT takes charge of drug monographs, 1442

**Pharmacology**
Foundation to support pharmacology research, 560

**Phi Zeta Fraternity**
Golden anniversary for Purdue veterinary school, 1181

**Piedmont Technical College**
Six veterinary technology programs become accredited, 808

**Pike Place Fish Market**
Seattle convention offers in-depth education, AVMA discourse, 1063

**Pima Medical Institute**
Six veterinary technology programs become accredited, 808

**Pipestone Veterinary Clinic**
PRRS studies funded, 690

**PLoS Genetics**
Genetic mutation causes bladder stones in Dalmations, 165

**Plum Island Animal Disease Center**
Homeland Security recommends Kansas site to replace Plum Island, 7

**Pollution**
LSU research could affect care for humans and animals, 1442

**Porcine Reproductive and Respiratory Syndrome (PRRS)**
PPRRS studies funded, 690
PRRS research award applications invited, 1442

**Poultry Research Unit and Crop Science Research Laboratory**
USDA funding research, laboratory facility care, 1180

**Prevention of Equine Cruelty Act**
Veterinary students key part of AVMA board agenda, 8

**Project Mercury**
Golden anniversary for Purdue veterinary school, 1181

**Public Health**
FDA revokes planned extralabel cephalosporin use ban, 10
University Web site to educate about public health, agriculture, 440

**Public Health Service Act**
Board approves drug disposal guidelines, antimicrobial use task force, 1061

**Public Relations**
AVMA launches videotape messages from its CEO, 689

**Purdue University School of Veterinary Medicine**
Genetic mutation causes bladder stones in Dalmations, 165
Homeland security program produces first graduates, 440
Golden anniversary for Purdue veterinary school, 1181

**Q**
Q Fever
Study: 22 percent of veterinarians screened had Q fever antibodies, 439

**Rabies**
CDC council: fewer postexposure rabies vaccine doses needed, 1064

**Random Source Laboratory Animals**
Donor doesn’t want money going to veterinary college, 440
AVMA delegates to consider revised random-source dog and cat policy, 808

**rDNA**
First rDNA construct approved for human use, 439

**Recalls**
Report pets with *Salmonella*; send samples, 316

**Red Flags Rule**
Rule requires veterinarians to have identity theft prevention programs, 561

**Red River Valley Agricultural Research Center**
USDA funding research, laboratory facility care, 1180

**Regulations**
Rule requires veterinarians to have identity theft prevention programs, 561

**Rend Lake College**
Six veterinary technology programs become accredited, 808

**Research**
Primate veterinarians bridge gap between science, human medicine, 1060
GAO criticizes plan for mainland research on foot-and-mouth disease, 1179
Incentive created for veterinarians switching to research, 1311

**Respiratory Diseases**
LSU research could affect care for humans and animals, 1442

**rhAT**
First rDNA construct approved for human use, 439

**Roman L Hruska US Meat Animal Research Center**
USDA funding research, laboratory facility care, 1180

**Ross University School of Veterinary Medicine**
Ross students present findings to WHO, 318
Accreditation statuses reviewed by Council on Education, 689

**RSPO2**
Variants in three genes account for most dog coat textures, 1441

**Salmonella spp**
Report pets with *Salmonella*; send samples, 316

**Sanofi-Aventis**
Industry sponsors renew support for pathology training positions, 439

**Schering-Plough**
Industry sponsors renew support for pathology training positions, 439

**SHAC USA**
Animal rights extremist is one of FBI’s most wanted terrorists, 690

**Shelters**
Donor doesn’t want money going to veterinary college, 440
Feline health studies funded, 809
Seattle convention offers in-depth education, AVMA discourse, 1063

**Smithsonian Institution**
US makes big push to prevent next global pandemic, 1440

**Society for Tropical Veterinary Medicine (STVM)**
Ewing honored by CRWAD, 316

**Society of Toxicologic Pathology (STP)**
Industry sponsors renew support for pathology training positions, 439

**South Carolina**
Six veterinary technology programs become accredited, 808

**JAVMA, Vol 70, No. 1-12, January-December, 2009**  
**Index**
Southeastern Illinois College
Six veterinary technology programs become accredited, 808

Southeast Poultry Research Laboratory
USDA funding research, laboratory facility care, 1180

Southern Illinois Collegiate Common Market
Six veterinary technology programs become accredited, 808

Southern Illinois University
Six veterinary technology programs become accredited, 808

Southern Plains Agricultural Research Center
USDA funding research, laboratory facility care, 1180

Spirit Lake Sioux Indian Reservation
Golden anniversary for Purdue veterinary school, 1181

Stem Cells
New stem cell lab for horses opens at UC-Davis, 807

St George’s University School of Veterinary Medicine, West Indies
Accreditation statuses reviewed by Council on Education, 689

St Kitts, West Indies
Accreditation statuses reviewed by Council on Education, 689

Strategic Planning
‘Ambitious’ strategic plan unveiled by AAVMC, 559
Symposium calls for targeted efforts to increase diversity, 689

Strategies to Address Antimicrobial Resistance Act
Board approves drug disposal guidelines, antimicrobial use task force, 1061

Stress
Feline health studies funded, 809

Student American Veterinary Medical Association Educational Symposium
Veterinary students key part of AVMA board agenda, 8

Student American Veterinary Medical Association (SAVMA)
Veterinary students key part of AVMA board agenda, 8
AVMF scholarships available, 438
Board approves drug disposal guidelines, antimicrobial use task force, 1061

Subaru
Symposium focuses on inclusivity within the profession, 1190

Swine Health and Production
PRRS studies funded, 690

Surveillance
Report pets with Salmonella; send samples, 316
AVMA sounds alarm at Senate hearing on veterinary shortage, 438

Surveys
AVMA survey measures income trends through 2007, 9
EPA pharmaceutical survey not for veterinarians, AVMA says, 9
Study: 22 percent of veterinarians screened had Q fever antibodies, 439

Swine
Researchers study factors that regulate vaccination efficiency, 1441

Swine Vet Center
PRRS studies funded, 690

Symposia
Symposium highlights NIH program for veterinarians pursuing PhDs, 8
Symposium calls for targeted efforts to increase diversity, 689
Registration open for animal welfare symposium, 942
Symposium focuses on inclusivity within the profession, 1190
Symposium highlights research by veterinary students, 1311

Tail Docking
Veterinary students key part of AVMA board agenda, 8
HOD elects officers, votes on antimicrobials, zoo veterinarians, 1062

Task Forces
AVMA board acts to improve Web site, veterinary internships; approves specialty, 940
Board approves drug disposal guidelines, antimicrobial use task force, 1061
Symposium focuses on inclusivity within the profession, 1190
Demand for internships and residencies continues to rise, 1310

Tennessee
Council on Education updates schools’ statuses, 165
Disaster preparedness grant awardees named, 165

Tennessee Veterinary Medical Association
Disaster preparedness grant awardees named, 165

Terrorism
Homeland Security recommends Kansas site to replace Plum Island, 7
Animal rights extremist is one of FBI’s most wanted terrorists, 690

Texas
Education council schedules site visits, 9
Disaster preparedness grant awardees named, 165
Texas A&M has a new dean, 317
USDA funding research, laboratory facility care, 1180

Texas A&M University College of Veterinary Medicine & Biomedical Sciences
Education council schedules site visits, 9
Texas A&M has a new dean, 317

Texas Veterinary Medical Foundation
Disaster preparedness grant awardees named, 165

Theriogenology
USDA grants $98,000 for study on fish oil’s effects on fertility, 165

Training and Resources Group Inc
US makes big push to prevent next global pandemic, 1440

Tuberculosis
NVMSA, FARAD part of billion-dollar funding bill, 559

Tuft University Cummings School of Veterinary Medicine
US makes big push to prevent next global pandemic, 1440

Turkeys
Some B hinzii strains cause disease in turkeys, 943

Tuskegee University School of Veterinary Medicine
Accreditation statuses reviewed by Council on Education, 689

Underserved Populations
NVMSA, FARAD part of billion-dollar funding bill, 559
Federal veterinary loan repayment program moves ahead, 1061

United Nations Food and Agriculture Organization (WHO-FAO)
US makes big push to prevent next global pandemic, 1440

United States
Feline health studies funded, 809

University of Pennsylvania School of Veterinary Medicine
Education council schedules site visits, 1178

Universidad Autonoma de Baja California Institute de Investigaciones en Ciencias Veterinarias
Education council schedules site visits, 9

Universidad Nacional Autónoma de México Facultad de Medicina Veterinaria y Zootecnia
Council on Education updates schools’ statuses, 165
AVMA board acts to improve Web site, veterinary internships; approves specialty, 940
University of Alaska
Revision process begins for AVMA euthanasia guidelines, 942

University of California-Davis School of Veterinary Medicine
Genetic mutation causes bladder stones in Dalmations, 165
New stem cell lab for horses opens at UC-Davis, 807
Feline health studies funded, 809
US makes big push to prevent next global pandemic, 1440

University of Copenhagen
Researchers study factors that regulate vaccination efficiency, 1441

University of Guelph Ontario Veterinary College
Education council schedules site visits, 9
New stem cell lab for horses opens at UC-Davis, 807

University of Liverpool Faculty of Veterinary Science
Education council schedules site visits, 9

University of Minnesota
PPRS studies funded, 690

University of Minnesota School of Veterinary Medicine
US makes big push to prevent next global pandemic, 1440

University of Northern Colorado
USDA grants $98,000 for study on fish oil’s effects on fertility, 165

University of Pennsylvania School of Veterinary Medicine
Education council schedules site visits, 9
New Bolton Center breaks ground for critical care center, 166
Council schedules site visits, 438
Education council schedules site visits, 942

University of Queensland School of Veterinary Science
Accreditation statuses reviewed by Council on Education, 689

University of Tennessee College of Veterinary Medicine
Council on Education updates schools’ statuses, 165

University of Wisconsin-Madison School of Veterinary Medicine
Study examining organic, conventional milk production, 809
$1 million awarded for E coli research, 1313

Urinary System
Genetic mutation causes bladder stones in Dalmations, 165

US Agency for International Development (USAID)
US makes big push to prevent next global pandemic, 1440

US Congress
Veterinary students key part of AVMA board agenda, 8
Conference draws veterinary leaders to Chicago; HOD acts on proposals, 319
AVMA sounds alarm at Senate hearing on veterinary shortage, 438
NVMSA, FARAD part of billion-dollar funding bill, 559
Federal veterinary loan repayment program moves ahead, 1061

US Department of Agriculture (USDA)
AVMA comments on regulation of genetically engineered animals, 8
Veterinary students key part of AVMA board agenda, 8
USDA grants $98,000 for study on fish oil’s effects on fertility, 165
AVMA sounds alarm at Senate hearing on veterinary shortage, 438
NVMSA, FARAD part of billion-dollar funding bill, 559
Study examining organic, conventional milk production, 809
Some B hinzi strains cause disease in turkeys, 943
Primate veterinarians bridge gap between science, human medicine, 1060
Federal veterinary loan repayment program moves ahead, 1061
USDA funding research, laboratory facility care, 1180

LSU research could affect care for humans and animals, 1442

US Department of Homeland Security (DHS)
Homeland Security recommends Kansas site to replace Plum Island, 7

US Department of Health and Human Services (HHS)
CDC council: fewer postexposure rabies vaccine doses needed, 1064

US Department of Homeland Security (DHS)
Homeland Security recommends Kansas site to replace Plum Island, 7

US Department of Homeland Security (DHS)
Homeland Security recommends Kansas site to replace Plum Island, 7

US Government Accounting Office (GAO)
GAO criticizes plan for mainland research on foot-and-mouth disease, 1179

US Pharmacopeia
AAVPT takes charge of drug monographs, 1442

Utah
Disaster preparedness grant awardees named, 165
HOD elects officers, votes on antimicrobials, zoo veterinarians, 1062

Utah Emergency Animal Response Coalition
Disaster preparedness grant awardees named, 165

Utah Veterinary Medical Association
Disaster preparedness grant awardees named, 165
HOD elects officers, votes on antimicrobials, zoo veterinarians, 1062

Vaccinology
CDC council: fewer postexposure rabies vaccine doses needed, 1064
Researchers study factors that regulate vaccination efficiency, 1441

Vet 2011
Vet 2011 celebration planning under way, 1313

Veterinary Education
Symposium highlights NIH program for veterinarians pursuing PhDs, 8
Veterinary students key part of AVMA board agenda, 8
Council on Education updates schools’ statuses, 165
‘Ambitious’ strategic plan unveiled by AAVMC, 559
NVMSA, FARAD part of billion-dollar funding bill, 559
Symposium calls for targeted efforts to increase diversity, 689
Veterinary colleges cut back after seeing less income, 807
AVMA board acts to improve Web site, veterinary internships; approves specialty, 940
Federal veterinary loan repayment program moves ahead, 1061
Golden anniversary for Purdue veterinary school, 1181
Demand for internships and residencies continues to rise, 1310
New veterinary school partners with Virginia-Maryland, 1311

Veterinary Ethics
Revision process begins for AVMA euthanasia guidelines, 942

Veterinary Facilities
New Bolton Center breaks ground for critical care center, 166
New stem cell lab for horses opens at UC-Davis, 807

Veterinary History
Golden anniversary for Purdue veterinary school, 1181

Veterinary Internship and Residency Matching Program
Demand for internships and residencies continues to rise, 1310

Veterinary Leadership Experience for Future Leaders
Conference draws veterinary leaders to Chicago; HOD acts on proposals, 319

Veterinary Medicine Loan Repayment Program
Federal veterinary loan repayment program moves ahead, 1061

Veterinary Pharmacology Research Foundation
Foundation to support pharmacology research, 560

Veterinary Practice
AVMA survey measures income trends through 2007, 9
Studies link occupational exposures to preterm delivery, birth defects, 809

Veterinary Profession
AVMA sounds alarm at Senate hearing on veterinary shortage, 438
Symposium calls for targeted efforts to increase diversity, 689
Symposium focuses on inclusivity within the profession, 1190

Veterinary Specialties
Comments invited on proposed sports medicine and rehabilitation specialty, 318
AVMA board acts to improve Web site, veterinary internships; approves specialty, 940

Veterinary Students
Demand for internships and residencies continues to rise, 1310
Symposium highlights research by veterinary students, 1311

Veterinary Technology Education
Six veterinary technology programs become accredited, 808

Veterinary Workforce
AVMA sounds alarm at Senate hearing on veterinary shortage, 438

Virginia
New veterinary school partners with Virginia-Maryland, 1311
US makes big push to prevent next global pandemic, 1440

Virginia-Maryland Regional College of Veterinary Medicine
New veterinary school partners with Virginia-Maryland, 1311

Vision for Animals Foundation
ACVO awards Vision grants, 166

Volunteers
Seattle convention offers in-depth education, AVMA discourse, 1063

Waltham Centre for Pet Nutrition
GAO criticizes plan for mainland research on foot-and-mouth disease, 1179

Washington
Set sail for Seattle and the AVMA convention, 319
Six veterinary technology programs become accredited, 808
Seattle convention offers in-depth education, AVMA discourse, 1063

West Virginia
Six veterinary technology programs become accredited, 808

Wildlife
Registration open for animal welfare symposium, 942
US makes big push to prevent next global pandemic, 1440

Wildlife Conservation Society
Registration open for animal welfare symposium, 942
US makes big push to prevent next global pandemic, 1440

Wildlife Trust
US makes big push to prevent next global pandemic, 1440

Winn Feline Foundation
Grants for feline health research available, 1312
AVMA invites award nominations, 1312

Wisconsin
Study examining organic, conventional milk production, 809
$1 million awarded for \( E. coli \) research, 1313

World Health Organization (WHO)
Ross students present findings to WHO, 318
US makes big push to prevent next global pandemic, 1440

World Veterinary Year
Vet 2011 celebration planning under way, 1313

World Wide Web
University Web site to educate about public health, agriculture, 440
Abbott online CE begins with fluid therapy, 1313
AVMA electronic newsletters offer a wealth of material, 1442

Wyeth
Industry sponsors renew support for pathology training positions, 439

Zoonoses
Homeland Security recommends Kansas site to replace Plum Island, 7
Study: 22 percent of veterinarians screened had Q fever antibodies, 439
Updated backgrounder: therapy dogs can be colonized with MRSA, 941
GAO criticizes plan for mainland research on foot-and-mouth disease, 1179

Index to Subjects

Abomasal Emptying
Effect of parenteral administration of ivermectin and erythromycin on abomasal emptying rate in suckling calves [C-R Asheari et al], 527

Abortion
Application of an automated surveillance-data-analysis system in a laboratory-based early-warning system for detection of an abortion outbreak in mares [A Odoi et al], 247
Pathogenicity of an emergent, ovine abortifacient Campylobacter jejuni clone orally inoculated into pregnant guinea pigs [ER Burrough et al], 1269

About the AJVR cover, 2

Acepromazine
Comparison of time to desaturation between preoxygenated and nonpreoxygenated dogs following sedation with acepromazine maleate and morphine and induction of anesthesia with propofol [EM McNally et al], 1333

Acetaminophen
Assessment of the acetaminophen absorption test as a diagnostic tool for the evaluation of the reticular groove reflex in lambs [K Sarifi et al], 820

Activity
Evaluation of optimal sampling interval for activity monitoring in companion dogs [C Dow et al], 444

Acupuncture
Physiologic effects of electroacupuncture combined with intramuscular administration of xylazine to provide analgesia in goats [D-M Liu et al], 1326

Adenosinetriphosphatase
Age-dependent regulation of sodium-potassium adenosinetriphosphatase and sodium-hydrogen exchanger mRNAs in equine nonglandular mucosa [AL Peretich et al], 1124

Adrenal Glands
Assessment of cytoclogic evaluation of preputial epithelial cells as a diagnostic test for detection of adenocortical disease in castrated ferrets [HJ Protain et al], 619

Age
Evaluation of age-related changes in the structure of the equine tarsometatarsal osteochondral unit [RC Murray et al], 30
Age-dependent regulation of sodium-potassium adenosinetriphosphatase and sodium-hydrogen exchanger mRNAs in equine nonglandular mucosa [AL Peretich et al], 1124

Aggregation
Effects of anticoagulant on pH, ionized calcium concentration, and agonist-induced platelet aggregation in canine platelet-rich plasma [MB Callan et al], 472

AKT
Activation of the AKT and mammalian target of rapamycin on those pathways in canine malignant melanoma cell lines [MS Kent et al], 263

Alpacas
Use of a polymerase chain reaction assay to study response to oxytetracycline treatment in experimental Candidatus Mycoplasma haemolymphiae infection in alpacas [SJ Tornquist et al], 1102
Cardiopulmonary effects of dobutamine and norepinephrine infusion in healthy anesthetized alpacas [CJ Vincent et al], 1236

Amikacin
Effect of topical application of 1% diclofenac sodium liposomal cream on inflammation in healthy horses undergoing intravenous regional limb perfusion with amikacin sulfate [DG Levine et al], 1323

Amino Acids
Plasma amino acid and whole blood taurine concentrations in cats eating commercially prepared diets [CR Heinze et al], 1374

Analgesia
Comparison of the analgesic properties of transdermally administered fentanyl and intramuscularly administered buprenorphine during and following experimental orthopedic surgery in sheep [BJ Ahern et al], 418
In vitro evaluation of differences in phase 1 metabolism of ketamine and other analgesics among humans, horses, and dogs [L Capponi et al], 777
Use of epidurally derived evoked potentials for quantification of caudal nociception in ponies [JPM van Loon et al], 813
Evaluation of an osmotic pump for fentanyl administration in cats as a model for nondomestic felids [JM Sykes et al], 950
Effects of remifentanil on measures of anesthetic immobility and analgesia in cats [RJ Brosnan et al], 1065
Effects of opioid receptor activation on thermal antinociception in red-eared slider turtles [Trachemys scripta] [KK Sladky et al], 1072
Analgesic effects of carprofen and liposome-encapsulated butorphanol tartrate in Hispaniolan parrots (Amazona ventralis) with experimentally induced arthritis [SR Paul-Murphy et al], 1201
Evaluation of liposome-encapsulated butorphanol tartrate for alleviation of experimentally induced arthritic pain in green-cheeked conures (Pyrrhura molinae) [SR Paul-Murphy et al], 1211
Physiologic effects of electroacupuncture combined with intramuscular administration of xylazine to provide analgesia in goats [D-M Liu et al], 1326
Effect of tramadol hydrochloride on the thermal threshold in cats [BH Pypendop et al], 1465
Analgesic effects of intramuscular administration of meloxicam in Hispaniolan parrots (Amazona ventralis) with experimentally induced arthritis [GA Cole et al], 1471

Analytic & Diagnostic Techniques
Use of multichannel electrogastrography for noninvasive assessment of gastric myoelectric activity in dogs [JB Koenig et al], 11
Fourier analysis of vertical ground reaction forces in dogs with unilateral hind limb lameness caused by degenerative disease of the hip joint and in dogs without lameness [N Katic et al], 118
Gas chromatography-mass spectrometry assay for determination of N'-methylhistamine concentration in canine urine specimens and fecal extracts [CG Ruaux et al], 167
Evaluation of the agreement among three handheld blood glucose meters and a laboratory blood analyzer for measurement of blood glucose concentration in Hispaniolan Amazon parrots (Amazona ventralis) [MJ Aciero et al], 172
Precision, reproducibility, and clinical usefulness of measuring the Norberg angle by means of computerized image analysis [FH Comhaire et al], 228
Development and analytic validation of a gas chromatography-mass spectrometry method for the measurement of sugar probes in canine serum [H Rodriguez et al], 320
Determination of cardiac output in anesthetized neonatal foals by use of two pulse wave analysis methods [AC Shih et al], 334
Evaluation of optimal sampling interval for activity monitoring in companion dogs [C Dow et al], 444
Estimation of glomerular filtration rate in dogs by plasma clearance of gaolinium diethylenetriamine pentaacetic acid as measured by use of an ELISA [BG Nolan et al], 547
Comparison of two fecal egg recovery techniques and larval culture for cyathostominis in horses [TR Bello et al], 571
Use of signal analysis of heart sounds and murmurs to assess severity of mitral valve regurgitation attributable to myxomatous mitral valve disease in dogs [L Ljungvall et al], 604
Assessment of cytoclogic evaluation of preputial epithelial cells as a diagnostic test for detection of adenocortical disease in castrated ferrets [HJ Protain et al], 619
Psychometric testing of the Helsinki chronic pain index by completion of a questionnaire in Finnish by owners of dogs with chronic signs of pain caused by osteoarthritis [AK Heilm-Bjorkmann et al], 727
Assessment of the acetaminophen absorption test as a diagnostic tool for the evaluation of the reticular groove reflex in lambs [K Sarifi et al], 820
Partial characterization of feline myeloperoxidase and investigation of its potential role as an autoantigen in hyperthyroid cats [BM Pressler et al], 869
Evaluation of quantitative trait loci for hip dysplasia in Labrador Retrievers [J Phavaphutanon et al], 1094
activities in serum after short- and long-duration transcutaneous cardiac pacing in dogs [S Lee et al], 599

Atria
Use of propafenone for conversion of chronic atrial fibrillation in horses [D De Clercq et al], 223

Autografts
Effects of renal autograft ischemia and reperfusion associated with renal transplantation on arterial blood pressure variables in clinically normal cats [CW Schmidt et al], 1426

Azotemia
Urinary iodide concentration in hyperthyroid cats [J Wakeling et al], 741

Bacteria
Use of tick surveys and serosurveys to evaluate pet dogs as a sentinel species for emerging Lyme disease [SA Hamer et al], 49
Evaluation of the control of pathogen load by an anti-Salmonella bacterium in a herd of cattle with persistant Salmonella infection [TG Patton et al], 92
Use of pradofloxacin to treat experimentally induced Mycoplasma hemofelis infection in cats [KL Dowers et al], 105
A metagenomic approach for determining prevalence of tetracycline resistance genes in the fecal flora of conventionally raised feedlot steers and feedlot steers raised without antimicrobials [R Harvey et al], 198
Evaluation of hepatic disease in mice following intradermal inoculation with Corynebacterium pseudotuberculosis [NC Nieto et al], 257
Identification of potential on-farm sources of Listeria monocytogenes in herds of dairy cattle [HO Mohammed et al], 383
Identification of Escherichia coli and Salmonella enterica organisms with reduced susceptibility to ceftriaxone from fecal samples of cows in dairy herds [LC Heider et al], 389
Effect of subcutaneous administration of a killed Mycobacterium avium subsp paratuberculosis vaccine on colonization of tissues following oral exposure to the organism in calves [RW Sweeney et al], 493
Effects of dietary lysine supplementation on upper respiratory and ocular disease and detection of infectious organisms in cats within an animal shelter [TL Drazenovich et al], 1391
Prevalence of urovirulence genes cnf, hlyD, sfa/foc, and papGIII in fecal Escherichia coli from healthy dogs and their owners [KA Stenske et al], 1401

Beagles
Evaluation of a commercial ultrasonographic hemodynamic recording system for the measurement of cardiac output in dogs [BA Scansen et al], 862

Bioavailability
Pharmacokinetics and bioavailability of metformin in horses [JL Hustace et al], 665

Biopsy
Use of serial laminar tissue collection via biopsy in conscious healthy horses [BK Hanly et al], 697

Birds
Evaluation of the agreement among three handheld blood glucose meters and a laboratory blood analyzer for measurement of blood glucose concentration in Hispaniolan Amazon parrots (Amazona ventralis) [MJ Aciero et al], 172
Determination of plasma osmolality and agreement between measured and calculated values in healthy adult Hispaniolan Amazon parrots (Amazona ventralis) [MJ Aciero et al], 1151
Effect of body position on respiratory system volumes in anesthetized red-tailed hawks (Buteo jamaicensis) as measured via computed tomography [S Malka et al], 1155
Analgesic effects of carprofen and liposome-encapsulated butorphanol tartrate in Hispaniolan parrots (Amazona ventrals) with experimentally induced arthritis [JR Paul-Murphy et al], 1201
Evaluation of liposome-encapsulated butorphanol tartrate for alleviation of experimentally induced arthritic pain in green-cheeked conures (Pyrrhura molinae) [JR Paul-Murphy et al], 1211
Analgesic effects of intramuscular administration of meloxicam in Hispaniolan parrots (Amazona ventralis) with experimentally induced arthritis [GA Cole et al], 1471

Black Walnuts
Comparison of characteristics and enzymatic products of leukocytes in the skin and laminar tissues of horses administered black walnut heartwood extract or lipopolysaccharide [LM Riggs et al], 1383

Blood
Evaluation of endotoxin activity in blood measured via neutrophil chemiluminescence in healthy horses and horses with colic [JB Koenig et al], 1183

Blood Glucose Meters
Evaluation of the agreement among three handheld blood glucose meters and a laboratory blood analyzer for measurement of blood glucose concentration in Hispaniolan Amazon parrots (Amazona ventralis) [MJ Aciero et al], 172

Blood Pressure
Comparison of continuous arterial pressure waveform analysis with the lithium dilution technique to monitor cardiac output in conscious dogs with systemic inflammatory response syndrome [AL Duffy et al], 1365
Effects of renal autograft ischemia and reperfusion associated with renal transplantation on arterial blood pressure variables in clinically normal cats [CW Schmidt et al], 1426

Blood Vessels
Effect of radiation on vascular endothelial growth factor expression in the C2 cannine mastocytoma cell line [I Sekis et al], 1141

Bone
Evaluation of age-related changes in the structure of the equine tarsometatarsal osteochondral unit [RC Murray et al], 30
Comparison of equine tendon-, muscle-, and bone marrow-derived cells cultured on tendon matrix [AA Stewart et al], 1416
Evaluation of scintigraphy to assess incorporation of intercalary cortical bone grafts in sheep [JA Seaman et al], 1079
Effect of exercise on thicknesses of mature hyaline cartilage, calcified cartilage, and subchondral bone of equine tarsi [CA Tranquille et al], 1477

Bone Morphogenetic Protein
Effects of orthopedic implants with a polycaprolactone polymer coating containing bone morphogenetic protein-2 on osseointegration in bones of sheep [AJ Nichaus et al], 1416

Book Reviews: For Your Library
Animal Research War, by P Michael Conn & James V Parker [KR Boschart], 441
Assessing the Human-Animal Bond, by David C Anderson [R Ruch-Gallie], 441
Avian Influenza, by David E Swayne [TS Cummings], 441
Vetinary Medicines in the Environment, by Mark Crane, Alistair BA Boxall, and Katie Barrett [EM Bailey, Jr], 441
Parasitic Diseases of Wild Birds, by Carter T Atkinson, Nancy J Thomas, and D Bruce Hunter [MJ Souza], 810
Mastering Scientific Writing: Secrets for Success in the Agricultural, Biological, and Health Sciences with Hints for Writers in All Fields, by Robert F Kahrs [L Hardin], 811
Principles & Applications of Domestic Animal Behavior, by Edward O Rovira, and Dennis B DeNicola [KR Friedrichs], 810

Borrelia spp
Use of tick surveys and serosurveys to evaluate pet dogs as a sentinel species for emerging Lyme disease [SA Hamer et al], 49

Bovine Respiratory Disease (BRD)
Evaluation of breath biomarkers and serum haptoglobin concentration for diagnosis of bovine respiratory disease in heifers newly arrived at a feedlot [LO Burciaga-Robles et al], 1291

Bovine Viral Diarrhea Virus (BVDV)
Evaluation of economic effects and the health and performance of the general cattle population after exposure to cattle persistently infected with bovine viral diarrhea virus in a starter feedlot [BE Hessman et al], 73
Genetic characterization of bovine viral diarrhea viruses isolated from...
Evaluation of the viral protein Npro on virulence of bovine viral diarrhea virus before breeding [SR Bolin et al], 86
Effect of the viral protein Npro on virulence of bovine viral diarrhea virus and induction of interferon type 1 in calves [JN Henningson et al], 117
Evaluation of breath biomarkers and serum haptoglobin concentration for diagnosis of bovine respiratory disease in heifers newly arrived at a feedlot [LO Burciaga-Robles et al], 1291

Brachycephaly
Evaluation of the volumes of cranial cavities in Cavalier King Charles Spaniels with Chiari-like malformation and other brachycephalic dogs as measured via computed tomography [MJ Schmidt et al], 508

Bradycardia
Evaluation of changes in cardiac biomarker concentrations and enzyme activities in serum after short- and long-duration transcutaneous cardiac pacing in dogs [S Lee et al], 599

Branding
Evaluation of pain and inflammation associated with hot iron branding and microchip transponder injection in horses [C Lindegaard et al], 840

Breeding Values
Estimation of heritabilities, generic correlations, and breeding values of four traits that collectively define hip dysplasia in dogs [Z Zhang et al], 483

Bronchi
Effects of in vitro exposure to hay dust on the gene expression of chemokines and cell-surface receptors in primary bronchial epithelial cell cultures established from horses with chronic recurrent airway obstruction [DM Ainsworth et al], 365

Buprenorphine
Comparison of the analgesic properties of transdermally administered fentanyl and intramuscularly administered buprenorphine during and following experimental orthopedic surgery in sheep [BJ Ahern et al], 418

Butorphanol
Effects of opioid receptor activation on thermal antinociception in red-eared slider turtles (Trachemys scripta) [KK Sladky et al], 1072
Analogic effects of carprofen and liposome-encapsulated butorphanol tartrate in Hispanic parrots (Amazona ventralis) with experimentally induced arthrits [JR Paul-Murphy et al], 1201
Evaluation of liposome-encapsulated butorphanol tartrate for alleviation of experimentally induced arthritic pain in green-cheeked conures (Pyrrhura molinae) [JR Paul-Murphy et al], 1211

Cadavers
Comparison of the amounts of air leakage into the thoracic cavity associated with four thoracostomy tube placement techniques in canine cadavers [H-Y Yoon et al], 1161

Calcaneal Tendon
Efficacy of immobilization of the tarsal joint to alleviate strain on the common calcaneal tendon in dogs [SA Lister et al], 134

Calcium
Effects of anticoagulant on pH, ionized calcium concentration, and agonist-induced platelet aggregation in canine platelet-rich plasma [MB Callan et al], 472

Campylobacter spp
Pathogenicity of an emergent, ovine abortifacient Campylobacter jejuni clone orally inoculated into pregnant guinea pigs [ER Burrough et al], 1269

Carbohydrates
Development and analytic validation of a gas chromatography-mass spectrometry method for the measurement of sugar probes in canine serum [H Rodriguez et al], 320

Carboplatin
Phase I evaluation of carboplatin by use of a closing strategy based on a targeted area under the platinum concentration-versus-time curve and individual glomerular filtration rate in cats with tumors [DB Bailey et al], 770

Cardiopulmonary Dynamics
Cardiopulmonary effects of diazepam-ketamine-isoflurane or xylazine-ketamine-isoflurane during abdominal surgery in foals [CL Kerr et al], 574

Cardiovascular System
Evaluation of the effect of extracorporeal shock wave treatment on cartilage defects and swelling behavior of cartilage extracellular matrix in the equine midcralpal joint [W Kim et al], 589
Determination of mechanical properties of canine carpal ligaments [SS Shetye et al], 1026
Carprofen
Comparison of tepoxalin, carprofen, and meloxicam for reducing intraocular inflammation in dogs [MA Gilmour et al], 902
Analytic effects of carprofen and liposome-encapsulated butorphanol tartrate in Hispaniolan parrots (Amazona ventralis) with experimentally induced arthritis [JR Paul-Murphy et al], 1201

Cartilage
Evaluation of age-related changes in the structure of the equine tarsometatarsal osteochondral unit [RC Murray et al], 30
Influence of early conditioning exercise on the development of gross cartilage defects and swelling behavior of cartilage extracellular matrix in the equine midcarpal joint [W Kim et al], 589
Effect of exercise on thicknesses of mature hyaline cartilage, calcified cartilage, and subchondral bone of equine tarsi [CA Tranquille et al], 1477
Effects of sodium hyaluronate and triamcinolone acetonide on glucosaminoglycan metabolism in equine articular chondrocytes treated with interleukin-1 [EC Schaefer et al], 1494

Cation
Use of dietary cation anion difference for control of urolithiasis risk factors in goats [ML Jones et al], 149

Cattle
Evaluation of the control of pathogen load by an anti-Salmonella bacterium in a herd of cattle with persistent Salmonella infection [TG Patton et al], 92
Comparison of caudal epidural anesthesia by use of lidocaine versus a lidocaine-magnesium sulfate combination in cattle [SN Dehghani et al], 194
Identification of potential on-farm sources of Listeria monocytogenes in herds of dairy cattle [HO Mohammed et al], 383
Identification of Escherichia coli and Salmonella enterica organisms with reduced susceptibility to ceftriaxone from fecal samples of cows in dairy herds [LC Heider et al], 389

Cavalier King Charles Spaniels
Use of magnetic resonance imaging for morphometric analysis of the caudal cranial fossa in Cavalier King Charles Spaniels [I Carrera et al], 340
Evaluation of the volumes of cranial cavities in Cavalier King Charles Spaniels with Chiari-like malformation and other brachycephalic dogs as measured via computed tomography [MJ Schmidt et al], 508

Ceftriaxone
Identification of Escherichia coli and Salmonella enterica organisms with reduced susceptibility to ceftriaxone from fecal samples of cows in dairy herds [LC Heider et al], 389

Cell Culture
Identification of variables that optimize isolation and culture of multipotent mesenchymal stem cells from equine umbilical cord blood [EM Schuh et al], 1526

Cement
Influence of bone cements on bone-screw interfaces in the third metacarpal and third metatarsal bones of horses [LJM Hirvinen et al], 964

Chemokines
Effects of in vitro exposure to hay dust on expression of interleukin-23, -17, -8, and -1b and chemokine (C-X-C motif) ligand 2 by pulmonary mononuclear cells from horses susceptible to recurrent airway obstruction [CL Reyner et al], 1277
Effects of in vitro exposure to hay dust on the gene expression of chemokines and cell-surface receptors in primary bronchial epithelial cell cultures established from horses with chronic recurrent airway obstruction [DM Ainsworth et al], 365

Chemoluminescence
Evaluation of endotoxin activity in blood measured via neutrophil chemiluminescence in healthy horses and horses with colic [JB Koenig et al], 1183

Chemotherapy
Activation of the AKT and mammalian target of rapamycin on those pathways in canine malignant melanoma cell lines [MS Kent et al], 263

Chiari
Evaluation of the volumes of cranial cavities in Cavalier King Charles Spaniels with Chiari-like malformation and other brachycephalic dogs as measured via computed tomography [MJ Schmidt et al], 508

China
Prevalence of Mycoplasma suis (Eperythrozoon suis) infection in swine and swine-farm workers in Shanghai, China [CL Yuan et al], 890

Chondrocytes
Effects of sodium hyaluronate and triamcinolone acetonide on glucosaminoglycan metabolism in equine articular chondrocytes treated with interleukin-1 [EC Schaefer et al], 1494

Chondroitin
Evaluation of inflammatory responses induced via intra-articular injection of interleukin-1 in horses receiving a dietary nutraceutical and assessment of the clinical effects of long-term nutraceutical administration [W Pearson et al], 848

Chromatography
Effects of meloxicam on plasma iohexol clearance as a marker of glomerular filtration rate in conscious healthy cats [LA Goodman et al], 826
Stability and uniformity of extemporaneous preparations of voriconazole in two liquid suspension vehicles at two storage temperatures [KQ Nguyen et al], 908
Effects of remifentanil on measures of anesthetic immobility and analgesia in cats [RJ Brosnan et al], 1065

Chromosomes
Identification of chromosomal regions associated with cranial cruciate ligament rupture in a population of Newfoundlands [VL Wilke et al], 1013

Citrato
Effects of anticoagulant on pH, ionized calcium concentration, and agonist-induced platelet aggregation in canine platelet-rich plasma [MB Callan et al], 472

Clinical Pathology
Evaluation of the agreement among three handheld blood glucose meters and a laboratory blood analyzer for measurement of blood glucose concentration in Hispanicolam Amazon parrots (Amazona ventralis) [MJ Aciermo et al], 172
Indices of urine N-acetyl-β-D-glucosaminidase and γ-glutamyl transpeptidase activities in clinically normal dogs [JD Brunker et al], 297
Evaluation of changes in serum lipoprotein and apolipoprotein patterns in cows with ketosis [T Yleri-Büyükoğlu et al], 563
Hematologic and serum biochemical reference intervals for free-ranging common bottlenose dolphins (Tursiops truncatus) and variation in the distributions of clinicopathologic values related to geographic sampling site [LH Schwacke et al], 973

Clinoptilolite
Effect of long-term dietary supplementation with clinoptilolite on performance and selected serum biochemical values in dairy goats [PD Katsoulos et al], 346

Clotrimazole
Assessment of clotrimazole gels for in vitro stability and in vivo retention in the frontal sinus of dogs [KG Mathews et al], 640

cnf
Prevalence of urovirulence genes cnf, hlyD, sfa/foc, and pagGIII in fecal Escherichia coli from healthy dogs and their owners [KA Stenske et al], 1401

Colic
Evaluation of endotoxin activity in blood measured via neutrophil chemiluminescence in healthy horses and horses with colic [JB Koenig et al], 1183
Colon
Effects of flunixin meglumine on recovery of colonic mucosa from ischemia in horses [SA Matyjaszek et al], 236
Expression of cyclooxygenase-1 and -2 in the left dorsal colon after different durations of ischemia and reperfusion in horses [AJ Morton et al], 1536

Companion Animals
Psychometric testing of the Helsinki chronic pain index by completion of a questionnaire in Finnish by owners of dogs with chronic signs of pain caused by osteoarthritis [AK Hielm-Björkmann et al], 727
Comparison of clonal relatedness and antimicrobial susceptibility of fecal Escherichia coli from healthy dogs and their owners [KA Stenske et al], 1108
Prevalence of urovirulence genes cnf, hlyD, sfa/foc, and papGIII in fecal Escherichia coli from healthy dogs and their owners [KA Stenske et al], 1401

Computed Tomography
Evaluation of the volumes of cranial cavities in Cavalier King Charles Spaniels with Chiari-like malformation and other brachycephalic dogs as measured via computed tomography [MJ Schmidt et al], 508
Changes in tracheal dimensions during inspiration and expiration in healthy dogs as detected via computed tomography [CS Leonard et al], 986
Effect of body position on respiratory system volumes in anesthetized changes in tracheal dimensions during inspiration and expiration in [D Paglia et al], 1284
Computed tomographic, magnetic resonance imaging, and cross-sectional anatomic features of the manus in cadavers of dogs without forelimb disease [CP Ober et al], 1450

Conures
Evaluation of liposome-encapsulated butorphanol tartrate for alleviation of experimentally induced arthritic pain in green-cheeked conures (Pyrrhura molinae) [JR Paul-Murphy et al], 1211

Copper
Influence of biopsy specimen size, tissue fixation, and assay variation on copper, iron, and zinc concentrations in canine livers [AN Johnston et al], 1502

Corticotrophin-releasing Hormone
Effects of various doses of ovine corticotrophin-releasing hormone on plasma and saliva cortisol concentrations in horses [EPR Reijerkerk et al], 361

Cortisol
Effects of various doses of ovine corticotrophin-releasing hormone on plasma and saliva cortisol concentrations in horses [EPR Reijerkerk et al], 361

Corynebacterium spp
Evaluation of hepatic disease in mice following intradermal inoculation with Corynebacterium pseudotuberculosis [NC Nieto et al], 257

Cranial Cavity
Evaluation of the volumes of cranial cavities in Cavalier King Charles Spaniels with Chiari-like malformation and other brachycephalic dogs as measured via computed tomography [MJ Schmidt et al], 508

Cranial Cruciate Ligament
Identification of chromosomal regions associated with cranial cruciate ligament rupture in a population of Newfoundlands [VL Wilke et al], 1013

Craniotomy
Evaluation of the volumes of cranial cavities in Cavalier King Charles Spaniels with Chiari-like malformation and other brachycephalic dogs as measured via computed tomography [MJ Schmidt et al], 508

Creatine Kinase
Evaluation of changes in cardiac biomarker concentrations and enzyme activities in serum after short- and long-duration transcutaneous cardiac pacing in dogs [S Lee et al], 599

Creatinine
Estimation of glomerular filtration rate via 2- and 4-sample plasma clearance of iohexol and creatinine in clinically normal cats [R Heiene et al], 176
Comparison of serum iohexol clearance and plasma creatinine clearance in clinically normal horses [KF Wilson et al], 1545
Determination of and correlation between urine protein excretion and urine protein-to-creatinine ratio values during a 24-hour period in healthy horses and ponies [B Uberti et al], 1551

Cyathostomins
Comparison of two fecal egg recovery techniques and larval culture for cyathostomin eggs in horses [TR Bello et al], 571

Cyclooxygenase
Use of serial laminar tissue collection via biopsy in conscious healthy horses [BK Hanly et al], 697
Effects of meloxicam on plasma iohexol clearance as a marker of glomerular filtration rate in conscious healthy cats [LA Goodman et al], 826
Effect of nonsteroidal anti-inflammatory drugs with varied cyclooxygenase-2 selectivity on cyclooxygenase protein and prostanooid concentrations in pyloric and duodenal mucosa of dogs [JG Wooten et al], 1243
Expression of cyclooxygenase-2 in canine ureal melanocytic neoplasms [D Paglia et al], 1284
Expression of cyclooxygenase-1 and -2 in the left dorsal colon after different durations of ischemia and reperfusion in horses [AJ Morton et al], 1536

Cytology
Evaluation of cytologic and biochemical variables in blood, plasma, and peritoneal fluid from calves before and after umbilical heminorrhaphy [JR Peiro et al], 423
Assessment of cytologic evaluation of preputial epithelial cells as a diagnostic test for detection of adrenocortical disease in castrated ferrets [HJ Protain et al], 619

Dairy Cattle
Effects of intramammary infusion of cis-urocanic acid on mastitis-associated inflammation and tissue injury in dairy cows [DD Bannerman et al], 373
Identification of potential on-farm sources of Listeria monocytogenes in herds of dairy cattle [HO Mohammed et al], 383
Effect of nonsteroidal anti-inflammatory drugs with varied cyclooxygenase-2 selectivity on cyclooxygenase protein and prostanooid concentrations in pyloric and duodenal mucosa of dogs [JG Wooten et al], 1243
Expression of cyclooxygenase-2 in canine ureal melanocytic neoplasms [D Paglia et al], 1284
Expression of cyclooxygenase-1 and -2 in the left dorsal colon after different durations of ischemia and reperfusion in horses [AJ Morton et al], 1536

Data Analysis
Application of an automated surveillance-data-analysis system in a laboratory-based early-warning system for detection of an abortion outbreak in mares [A Odoi et al], 247

Degenerative Joint Disease
Evaluation of inflammatory responses induced via intra-articular injection of interleukin-1 in horses receiving a dietary nutraceutical and assessment of the clinical effects of long-term nutraceutical administration [W Pearson et al], 848

Deltaline
Serum elimination profiles of methyllycaconitine and deltaline in cattle following oral administration of larkspur (Delphinium barbeyi) [BT Green et al], 926

Dermatitis
Evaluation of Lactobacillus rhamnosus strain GG for the prevention of atopic dermatitis in dogs [R Marsella], 735

Dermatology
Effects of fascial abrasion, fasciectomy, and fascial excision on cutaneous wound healing in cats [A Mitsui et al], 532

Desflurane
Effect of administration of propofol and xylazine hydrochloride on recovery of horses after four hours of anesthesia with desflurane [EP Steffey et al], 956
Comparison of recovery from anesthesia with isoflurane, sevoflurane, or desflurane in healthy dogs [LA Lopez et al], 1339
Diazepam-Ketamine-Isoflurane
Cardiopulmonary effects of diazepam-ketamine-isoflurane or xylazine-ketamine-isoflurane during abdominal surgery in foals [CL Kerr et al], 574

Diclofenac
Evaluation of topically administered diclofenac liposomal cream for treatment of horses with experimentally induced osteoarthritis [DD Frisbie et al], 210

Diet
Use of dietary cation anion difference for control of urolithiasis risk factors in goats [ML Jones et al], 149

Dipyrone
Effect of long-term dietary supplementation with clinoptilolite on plasma amino acid and whole blood taurine concentrations in cats eating commercially prepared diets [CR Heinze et al], 1374

Electronic Identiﬁcation
Evaluation of pain and inﬂammation associated with hot iron branding and microchip transponder injection in horses [C Lindegaard et al], 840

Electrophoresis
Evaluation of the usefulness of an ELISA and protein electrophoresis in the diagnosis of Encephalitozoon cuniculi infection in rabbits [C Cray et al], 478

Electroacupuncture
Use of multichannel electroacupuncture for noninvasive assessment of gastric myoelectrical activity in dogs [JB Koenig et al], 11

Electrocardiography
Evaluation of the usefulness of an ELISA and protein electrophoresis in the diagnosis of Encephalitozoon cuniculi infection in rabbits [C Cray et al], 478

ELISA
Evaluation of the usefulness of an ELISA and protein electrophoresis in the diagnosis of Encephalitozoon cuniculi infection in rabbits [C Cray et al], 478

Endocrinology
Effect of dietary soy isoflavones on health, steroidogenesis, and thyroid gland function in dogs [R Cerundolo et al], 353

Endoclinicians
Evaluation of the usefulness of an ELISA and protein electrophoresis in the diagnosis of Encephalitozoon cuniculi infection in rabbits [C Cray et al], 478

Duodenitis
Effect of nonsteroidal anti-inﬂammatory drugs with varied cyclooxygenase-2 selectivity on cyclooxygenase protein and prostanooid concentrations in pyloric and duodenal mucosa of dogs [JG Wooten et al], 1243

Dust
Effects of in vitro exposure to hay dust on the gene expression of chemokines and cell-surface receptors in primary bronchial epithelial cell cultures established from horses with chronic recurrent airway obstruction [DM Ainsworth et al], 365

Echocardiography
Agreement between echocardiographic techniques in assessment of the left ventricular myocardial performance index in rabbits [C Moura et al], 464

Electromyography
Use of multichannel electromyography for noninvasive assessment of gastric myoelectrical activity in dogs [JB Koenig et al], 11

Electrolytes
Effect of long-term dietary supplementation with clinoptilolite on performance and selected serum biochemical values in dairy goats [PD Katsoulos et al], 346

Dogs
Hematologic and serum biochemical reference intervals for free-ranging common bottlenose dolphins (Tursiops truncatus) and variation in the distributions of clinicopathologic values related to geographic sampling site [LH Schwacke et al], 973

Doxycycline
Use of drug-eluting beads for the in situ delivery of doxycycline for the prevention of bacterial osteomyelitis in horses [K Wiles et al], 333

Eosinophilic gastroenteritis
Evaluation of the usefulness of an ELISA and protein electrophoresis in the diagnosis of Encephalitozoon cuniculi infection in rabbits [C Cray et al], 478

Diabetes Melitus
Polyadherence of bone marrow cells from horses with diabetes mellitus in vitro [G Aasen et al], 536

Diabetes Mellitus
Evaluation of the usefulness of an ELISA and protein electrophoresis in the diagnosis of Encephalitozoon cuniculi infection in rabbits [C Cray et al], 478

Diet
Use of dietary cation anion difference for control of urolithiasis risk factors in goats [ML Jones et al], 149

Diet
Estimation of glomerular filtration rate via 2- and 4-sample plasma clearance of iohexol and creatinine in clinically normal cats [R Heiene et al], 176

Diet
Effect of long-term dietary supplementation with clinoptilolite on performance and selected serum biochemical values in dairy goats [PD Katsoulos et al], 346

Diet
Effects of dietary soy isoflavones on health, steroidogenesis, and thyroid gland function in dogs [R Cerundolo et al], 353

Diet
Pancreatic response in healthy dogs fed diets of various fat compositions [FE James et al], 614

Diet
Effects of diet-induced weight gain on insulin sensitivity and plasma hormone and lipid concentrations in horses [RA Carter et al], 1250

Diet
Plasma amino acid and whole blood taurine concentrations in cats eating commercially prepared diets [CR Heinze et al], 1374

Diet
Use of multichannel electrogastrography for noninvasive assessment of gastric myoelectrical activity in dogs [JB Koenig et al], 11

Diet
Electrolytes
Effect of long-term dietary supplementation with clinoptilolite on performance and selected serum biochemical values in dairy goats [PD Katsoulos et al], 346

Diet
Electromyography
Use of multichannel electromyography for noninvasive assessment of gastric myoelectrical activity in dogs [JB Koenig et al], 11

Diet
Effects of treadmill inclination on electromyographic activity and hind limb kinematics in healthy hounds at a walk [SK Lauver et al], 658

Diet
Use of epidurally derived evoked potentials for quantification of caudal nociception in ponies [JPAM van Loon et al], 813

Diet
Quantitative differences in activities of back and pelvic limb muscles during walking and trotting between chronically lame and nonlame horses [H Zaneb et al], 1129

Diet
Electronic Identification
Evaluation of pain and inflammation associated with hot iron branding and microchip transponder injection in horses [C Lindegaard et al], 840

Diet
Electrophoresis
Evaluation of the usefulness of an ELISA and protein electrophoresis in the diagnosis of Encephalitozoon cuniculi infection in rabbits [C Cray et al], 478

Diet
ELISA
Evaluation of the usefulness of an ELISA and protein electrophoresis in the diagnosis of Encephalitozoon cuniculi infection in rabbits [C Cray et al], 478

Diet
Estimation of glomerular filtration rate in dogs by plasma clearance of galactinum diethylenetriamine pentaacetic acid as measured by use of an ELISA [BG Nolan et al], 547

Diet
Encephalitozoon cuniculi
Evaluation of the usefulness of an ELISA and protein electrophoresis in the diagnosis of Encephalitozoon cuniculi infection in rabbits [C Cray et al], 478

Diet
Endocrinology
Effect of dietary soy isoflavones on health, steroidogenesis, and thyroid gland function in dogs [R Cerundolo et al], 353

Diet
Effects of various doses of ovine corticotrophin-releasing hormone on plasma and saliva cortisol concentrations in horses [EPR Reijerkerk et al], 361

Diet
Urinary iodide concentration in hyperthyroid cats [J Wakeling et al], 741

Diet
Longitudinal study of the effects of chronic hypothyroidism on skeletal muscle in dogs [JH Rossmeisl Jr et al], 879

Diet
Stability of canine pancreatic lipase immunoreactivity concentration in
serum samples and effects of long-term administration of prednisone to dogs on serum canine pancreatic lipase immunoreactivity concentrations [JM Steiner et al], 1001
Measurement of plasma renin concentration in cats by use of a fluorescence resonance energy transfer peptide substrate of renin [CW Schmiedt et al], 1315

**Endotoxemia**
Effects of intravenous administration of pirfenidone on horses with experimentally induced endotoxemia [AEP Braim et al], 1031
Evaluation of endotoxin activity in blood measured via neutrophil chemiluminescence in healthy horses and horses with colic [JB Koenig et al], 1183

**Energy Transfer**
Measurement of plasma renin concentration in cats by use of a fluorescence resonance energy transfer peptide substrate of renin [CW Schmiedt et al], 1315

**Enrofloxacin**
Evaluation of the distribution of enrofloxacin by circulating leukocytes to sites of inflammation in dogs [DM Boothe et al], 16

**Epidemiology**
Use of tick surveys and serosurveys to evaluate pet dogs as a sentinel species for emerging Lyme disease [SA Hamer et al], 49
Application of an automated surveillance-data-analysis system in a laboratory-based early-warning system for detection of an abortion outbreak in mares [A Odoi et al], 247
Identification of potential on-farm sources of *Listeria monocytogenes* in herds of dairy cattle [HO Mohammed et al], 383

**Epidural Anesthesia**
Comparison of caudal epidural anesthesia by use of lidocaine versus a lidocaine-magnesium sulfate combination in cat [SN Dehghani et al], 194

**Epithelium-derived Factor**
Nucleotide structure and expression of equine pigment epithelium-derived factor during repair of experimentally induced wounds in horses [Z Ipiña et al], 112

**Ergotamine**
Effects and mechanisms of action of the ergopeptides ergotamine and ergovaline and the effects of peramine on reticulum motility of sheep [DP Poole et al], 270

**Ergovaline**
Effects and mechanisms of action of the ergopeptides ergotamine and ergovaline and the effects of peramine on reticulum motility of sheep [DP Poole et al], 270

**Erythromycin**
Effect of parenteral administration of ivermectin and erythromycin on abomasal emptying rate in suckling calves [C-R Afshari et al], 527

**Erythropoietic System**
Hematologic and serum biochemical reference intervals for free-ranging common bottlenose dolphins (*Tursiops truncatus*) and variation in the distributions of clinicopathologic values related to geographic sampling site [LH Schwacke et al], 973

**Escherichia coli**
Identification of *Escherichia coli* and *Salmonella enterica* organisms with reduced susceptibility to ceftriaxone from fecal samples of cows in dairy herds [LC Heider et al], 389
Comparison of clonal relatedness and antimicrobial susceptibility of fecal *Escherichia coli* from healthy dogs and their owners [KA Stenske et al], 1108
Prevalence of urovirulence genes *cfn*, *hlyD*, *sfa/foc*, and *papGII* in fecal *Escherichia coli* from healthy dogs and their owners [KA Stenske et al], 1401

**Eversion Syndrome**
Characterization of eversion syndrome in captive Scyphomedusa jellyfish [KS Freeman et al], 1087

**Evoked Potentials**
Use of epidurally derived evoked potentials for quantification of caudal nociception in ponies [JPAM van Loon et al], 813

**Exercise**
Influence of early conditioning exercise on the development of gross cartilage defects and swelling behavior of cartilage extracellular matrix in the equine midcarpal joint [W Kim et al], 589
Effect of tart cherry juice blend on exercise-induced muscle damage in horses [NG Ducharme et al], 758
Effect of gastric ulceration on physiologic responses to exercise in horses [JE Nieto et al], 787
Longitudinal study of the effects of chronic hypothyroidism on skeletal muscle in dogs [JH Rossmeisl Jr et al], 879
Effects of acute exercise and long-term exercise on total Na⁺,K⁺-ATPase content and Na⁺,K⁺-ATPase isoform expression profile in equine muscle [MMM van den Burg et al], 895
Quantitative differences in activities of back and pelvic limb muscles during walking and trotting between chronically lame and nonlame horses [H Zaneb et al], 1129
Changes in growth of the hoof wall and hoof morphology in response to regular periods of trotting exercise in Standardbreds [B Faramarzi et al], 1354
Effect of exercise on thicknesses of mature hyaline cartilage, calcified cartilage, and subchondral bone of equine tarsi [CA Tranquille et al], 1477

**Extracorporeal Shock Wave Treatment**
Evaluation of the effect of extracorporeal shock wave treatment on experimentally induced osteoarthritis in middle carpal joints of horses [DD Frisbie et al], 449

**Eyes**
Experimental primary ocular canine herpesvirus-1 infection in adult dogs [EC Ledbetter et al], 513
Comparison of tepoxalin, carprofen, and meloxicam for reducing intraocular inflammation in dogs [MA Gilmour et al], 902
Expression of cyclooxygenase-2 in canine uveal melanocytic neoplasms [D Paglia et al], 1284
Evaluation of the mydriatic effect of intracameral lidocaine injection in eyes of clinically normal dogs [S-A Park et al], 1521

**F**

**Fascia**
Effects of fascial abrasion, fasciotomy, and fascial excision on cutaneous wound healing in cats [A Mitsui et al], 532

**Fasciomyctosis**
Effects of fascial abrasion, fasciotomy, and fascial excision on cutaneous wound healing in cats [A Mitsui et al], 532

**Fat**
Pancreatic response in healthy dogs fed diets of various fat compositions [FE James et al], 614

**Feces**
Gas chromatography-mass spectrometry assay for determination of N’-methylhistamine concentration in canine urine specimens and fecal extracts [CG Ruaux et al], 167
Comparison of clonal relatedness and antimicrobial susceptibility of fecal *Escherichia coli* from healthy dogs and their owners [KA Stenske et al], 1108

**Feedlots**
Evaluation of breath biomarkers and serum haptoglobin concentration for diagnosis of bovine respiratory disease in heifers newly arrived at a feedlot [LO Buriaca-Robles et al], 1291

**Felids**
Evaluation of an osmotic pump for fentanyl administration in cats as a model for nondomestic felids [JM Sykes et al], 950

**Feline Herpesvirus**
Assessment of viremia associated with experimental primary feline
Index AJVR, Vol 70, No. 1-12, January-December, 2009

Stability and uniformity of extemporaneous preparations of voriconazole in two liquid suspension vehicles at two storage temperatures [KQ Nguyen et al], 908

Use of interfering RNAs targeted against feline herpesvirus 1 glycoprotein D for inhibition of feline herpesvirus 1 infection of feline kidney cells [RP Wilkes et al], 1018

Fentanyl Cardiovascular effects of fentanyl and propofol on hemodynamic function in rabbits [CM Baumgartner et al], 409

Comparison of the analgesic properties of transdermally administered fentanyl and intramuscularly administered buprenorphine during and following experimental orthopedic surgery in sheep [BJ Ahern et al], 418

Evaluation of an osmotic pump for fentanyl administration in cats as a model for nondomestic felids [JM Sykes et al], 950

Effects of high plasma fentanyl concentrations on minimum alveolar concentration of isoflurane in horses [HKD Knych et al], 1193

Effects of intravenous administration of perzinfotel, fentanyl, and a combination of both drugs on the minimum alveolar concentration of isoflurane in dogs [Y Ueyama et al], 1459

Ferrets Assessment of cytologic evaluation of preputial epithelial cells as a diagnostic test for detection of adenocortical disease in castrated ferrets [HJ Protain et al], 619

Fibrillation Use of propafenone for conversion of chronic atrial fibrillation in horses [D De Clercq et al], 223

Finland Psychometric testing of the Helsinki chronic pain index by completion of a questionnaire in Finnish by owners of dogs with chronic signs of pain caused by osteoarthritis [AK Hielm-Björkmann et al], 727

Flunixin Effects of flunixin meglumine on recovery of colonic mucosa from ischemia in horses [SA Matyjaszek et al], 236

Fluorescence Measurement of plasma renin concentration in cats by use of a fluorescence resonance energy transfer peptide substrate of renin [CW Schmiedt et al], 1315

Food Animal Industry Evaluation of an immunoassay for determination of haptoglobin concentration in various biological specimens from swine [AM Gutiérrez et al], 691

Prevalence of Mycoplasma suis (Eperythrozoon suis) infection in swine and swine-farm workers in Shanghai, China [CL Yuan et al], 890

Evaluation of breath biomarkers and serum haptoglobin concentration for diagnosis of bovine respiratory disease in heifers newly arrived at a feedlot [LO Burciaga-Robles et al], 1291

Forelimbs Computed tomographic, magnetic resonance imaging, and cross-sectional anatomic features of the manus in cadavers of dogs without forelimb disease [CP Ober et al], 1450

Fossa Use of magnetic resonance imaging for morphometric analysis of the caudal cranial fossa in Cavalier King Charles Spaniels [I Carrera et al], 340

Fourier Fourier analysis of vertical ground reaction forces in dogs with unilateral hind limb lameness caused by degenerative disease of the hip joint and in dogs without lameness [N Katic et al], 118

Fractures Comparison of the mechanical behaviors of semicontoured, locking plate-rod fixation and anatomically contoured, conventional plate-rod fixation applied to experimentally induced gap fractures in canine femora [CSS Goh et al], 23

Fungi Stability and uniformity of extemporaneous preparations of voriconazole in two liquid suspension vehicles at two storage temperatures [KQ Nguyen et al], 908

Gadolinium Diethlenetriamine Pentaacetic Acid Estimation of glomerular filtration rate in dogs by plasma clearance of gadolinium diethlenetriamine pentaacetic acid as measured by use of an ELISA [BG Nolan et al], 547

Gait Analysis Fourier analysis of vertical ground reaction forces in dogs with unilateral hind limb lameness caused by degenerative disease of the hip joint and in dogs without lameness [N Katic et al], 118

Effects of treadmill inclination on electromyographic activity and hind limb kinematics in healthy hounds at a walk [SK Lauer et al], 658

Quantitative differences in activities of back and pelvic limb muscles during walking and trotting between chronically lame and nonlame horses [HZ Zaneb et al], 1129

Characterization of spatiotemporal gait characteristics in clinically normal dogs and dogs with spinal cord lesions [WJ Gordon-Evans et al], 1444

Gas Chromatography Gas chromatography-mass spectrometry assay for determination of N'-methylhistamine concentration in canine urine specimens and fecal extracts [CG Ruaux et al], 167

Development and analytic validation of a gas chromatography-mass spectrometry method for the measurement of sugar probes in canine serum [P Sanchez et al], 320

Gastrointestinal System Effect of gastric ulceration on physiologic responses to exercise in horses [JE Nieto et al], 787

Effect of nonsteroidal anti-inflammatory drugs with varied cyclooxygenase-2 selectivity on cyclooxygenase protein and prostanoid concentrations in pyloric and duodenal mucosa of dogs [JG Wooten et al], 1243

Anti-inflammatory effects of intravenously administered lidocaine hydrochloride on ischemia-injured jejunum in horses [VL Cook et al], 1259

Genetics Genetic characterization of bovine viral diarrhea viruses isolated from persistently infected calves born to dams vaccinated against bovine viral diarrhea virus before breeding [SR Bolin et al], 86

A metagenomic approach for determining prevalence of tetracycline resistance genes in the fecal flora of conventionally raised feedlot steers and feedlot steers raised without antimicrobials [RM Harvey et al], 198

Estimation of heritabilities, generic correlations, and breeding values of four traits that collectively define hip dysplasia in dogs [Z Zheng et al], 483

Association of HOXA10, ZFPM2, and MMP2 genes with scrotal hernias evaluated via biological candidate gene analyses in pigs [X Zhao et al], 1006

Identification of chromosomal regions associated with cranial cruciate ligament rupture in a population of Newfoundlands [VL Wilke et al], 1013

Evaluation of quantitative trait loci for hip dysplasia in Labrador Retrievers [J Phavaphutphonan et al], 1094

High-mobility group box chromosomal protein 1 as a potential inflammatory biomarker of joint injury in Thoroughbreds [MP Brown et al], 1230

Prevalence of urovirulence genes cnf, hlyD, sfa/foc, and papGII in fecal Escherichia coli from healthy dogs and their owners [KA Stenske et al], 1401

Evaluation of variants of melanoma-associated antigen genes and mRNA transcripts in melanomas in dogs [AJ Stell et al], 1512

Genotyping Microsatellite loci in urine supernatant and stored samples from racehorses [JW Chen et al], 648

Gestation Evaluation of the influence of melatonin implants during the gestation period in sheep from a selenium deficient region [S Andres et al], 404

G-glutamyl Transpeptidase Indices of urine N-acetyl-β-D-glucosaminidase and γ-glutamyl transpeptidase activities in clinically normal dogs [JD Brunker et al], 297
Glomerular Filtration Rate
Estimation of glomerular filtration rate via 2- and 4-sample plasma clearance of iohexol and creatinine in clinically normal cats [R Heiene et al], 176
Estimation of glomerular filtration rate in dogs by plasma clearance of galulinium diethylenetriamine pentaacetic acid as measured by use of an ELISA [BG Nolan et al], 547
Urinary iodide concentration in hyperthyroid cats [J Wakeling et al], 741
Effects of meloxicam on plasma iohexol clearance as a marker of glomerular filtration rate in conscious healthy cats [LA Goodman et al], 826
Evaluation of serum iohexol clearance for use in predicting carboplatin clearance in cats [DB Bailey et al], 1135

Glucosamine
Evaluation of inflammatory responses induced via intra-articular injection of interleukin-1 in horses receiving a dietary nutraceutical and assessment of the clinical effects of long-term nutraceutical administration [W Pearson et al], 848

Glucosaminoglycan
Effects of sodium hyaluronate and triamcinolone acetonide on glucosaminoglycan metabolism in equine articular chondrocytes treated with interleukin-1 [EC Schaefer et al], 1494

Glucose
Evaluation of the agreement among three handheld blood glucose meters and a laboratory blood analyzer for measurement of blood glucose concentration in Hispanicol Amazon parrots [Amazona ventralis] [MJ Aciero et al], 172
Effects of low-dose oligofructose treatment administered via nasogastric intubation on induction of laminits and associated alterations in glucose and insulin dynamics in horses [KA Kalck et al], 624

Glutathione Peroxidase
Evaluation of the influence of melatonin implants during the gestation period in sheep from a selenium deficient region [S Andres et al], 404

Glycoprotein D
Use of interfering RNAs targeted against feline herpesvirus 1 glycoprotein D for inhibition of feline herpesvirus 1 infection of feline kidney cells [RP Wilkes et al], 1018

Glycosaminoglycan
Evaluation of polysulfated glycosaminoglycan or sodium hyaluronan administered intra-articularly for treatment of horses with experimentally induced osteoarthritis [DD Frisbie et al], 203

Goats
Effect of long-term dietary supplementation with clinoptilolite on performance and selected serum biochemical values in dairy goats [PD Katsoulos et al], 346
Physiologic effects of electroacupuncture combined with intramuscular administration of xylazine to provide analgesia in goats [D-M Liu et al], 1326

Goblet Cells
Effects of feline herpesvirus type 1 on tear film break-up time, Schirmer tear test results, and conjunctival goblet cell density in experimentally infected cats [CC Lim et al], 394

Grafts
Evaluation of scintigraphy to assess incorporation of intercalary cortical bone grafts in sheep [JA Seaman et al], 1079

Granulocytes
Assessment of oxidative stress in leukocytes and granulocyte function following oral administration of a silibinin-phosphatidylcholine complex in cats [CB Webb et al], 57

Ground Reaction Force
Hoof accelerations and ground reaction forces of Thoroughbred racehorses measured on dirt, synthetic, and turf track surfaces [JJ Setterbo et al], 1220

Guinea Pigs
Pathogenicity of an emergent, ovine abortifacient Campylobacter jejuni clone orally inoculated into pregnant guinea pigs [ER Burrough et al], 1269

Hemoplasmas
Use of a polymerase chain reaction assay to study response to oxytetracycline treatment in experimental Candidatus Mycoplasma haemolamae infection in alpacas [SJ Tornquist et al], 1102

Haptoglobin
Evaluation of an immunosassay for determination of haptoglobin concentration in various biological specimens from swine [AM Gutierrez et al], 691
Evaluation of breath biomarkers and serum haptoglobin concentration for diagnosis of bovine respiratory disease in heifers newly arrived at a feedlot [LO Burciaga-Robles et al], 1291

Hawks
Effect of body position on respiratory system volumes in anesthetized red-tailed hawks (Buteo jamaicensis) as measured via computed tomography [S Malika et al], 1156

Hay
Effects of in vitro exposure to hay dust on the gene expression of chemokines and cell-surface receptors in primary bronchial epithelial cell cultures established from horses with chronic recurrent airway obstruction [DM Ainsworth et al], 365

Heart
Measurement of N-terminal proatrial natriuretic peptide in plasma of cats with and without cardiomyopathy [TM Zimmering et al], 216
Characterization of systolic intervals in healthy, conscious sheep [SN Khairin et al], 330
Determination of cardiac output in anesthetized neonatal foals by use of two pulse wave analysis methods [AC Shih et al], 334
Effects of larkspur (Delphinium barbeyi) on heart rate and electrically evoked electromyographic response of the external anal sphincter in cattle [BT Green et al], 539
Evaluation of anesthesia recovery quality after low-dose racemic or S-ketamine infusions during anesthesia with isoflurane in horses [MP Larenza et al], 710
Cardiopulmonary effects of dobutamine and norepinephrine infusion in healthy anesthetized alpacas [CJ Vincent et al], 1236

Heart Rate
Serum elimination profiles of methyllycaconitine and deltaline in cattle following oral administration of larkspur (Delphinium barbeyi) [BT Green et al], 926

Heart Sounds
Use of signal analysis of heart sounds and murmurs to assess severity of mitral valve regurgitation attributable to myxomatous mitral valve disease in dogs [I Ljungvall et al], 604

Hematology
Hematologic and serum biochemical reference intervals for free-ranging common bottlenose dolphins (Tursiops truncatus) and variation in the distributions of clinicopathologic values related to geographic sampling site [GH Schwacke et al], 973

Hemodynamics
Cardiovascular effects of fentanyl and propofol on hemodynamic function in rabbits [CM Baumgartner et al], 409

Herd Health
Evaluation of economic effects and the health and performance of the general cattle population after exposure to cattle persistently infected with bovine viral diarrhea virus in a starter feedlot [BE Hessman et al], 73
Evaluation of the control of pathogen load by an anti-Salmonella bacterium in a herd of cattle with persistent Salmonella infection [TG Paton et al], 92

Heritability
Estimation of heritabilities, generic correlations, and breeding values of four traits that collectively define hip dysplasia in dogs [Z Zhang et al], 483

Hernias
Evaluation of cytologic and biochemical variables in blood, plasma, and peritoneal fluid from calves before and after umbilical herniorrhaphy [JR Peiro et al], 423
Association of HOXA10, ZFPM2, and MMP2 genes with scrotal hernias evaluated via biological candidate gene analyses in pigs [X Zhao et al], 1006

Herpesvirus
Assessment of viremia associated with experimental primary feline herpesvirus infection or presumed herpetic recrudescence in cats [HD Westermeyer et al], 99

Effects of feline herpesvirus type 1 on tear film break-up time, Schirmer tear test results, and conjunctival goblet cell density in experimentally infected cats [CC Lim et al], 394

Experimental primary ocular canine herpesvirus-1 infection in adult dogs [EC Ledbetter et al], 513

Use of interfering RNAs targeted against feline herpesvirus 1 glycoprotein D for inhibition of feline herpesvirus 1 infection of feline kidney cells [RP Wilkes et al], 1018

Hetastarch
Effect of intravenous administration of lactated Ringer’s solution or hetastarch for the treatment of isoflurane-induced hypotension in dogs [TK Arnes et al], 1345

Hip Dysplasia
Precision, reproducibility, and clinical usefulness of measuring the Norberg angle by means of computerized image analysis [FH Comhaire et al], 228

Estimation of heritabilities, generic correlations, and breeding values of four traits that collectively define hip dysplasia in dogs [Z Zhang et al], 483

Evaluation of quantitative trait loci for hip dysplasia in Labrador Retrievers [J Phavaphutanon et al], 1094

Hip Joint
Fourier analysis of vertical ground reaction forces in dogs with unilateral hind limb lameness caused by degenerative disease of the hip joint and in dogs without lameness [N Katic et al], 118

Histamine
Gas chromatography-mass spectrometry assay for determination of N²-methylhistamine concentration in canine urine specimens and fecal extracts [CG Ruaux et al], 167

Histology
Histologic evaluation of the diversity of epidermal laminae in hooves of horses without clinical signs of laminitis [K Kawasaki et al], 186

Effects of long-term extracorporeal blood perfusion of the distal portion of isolated equine forelimbs on metabolic variables and morphology of laminar tissue [B Patan et al], 669

hlyD
Prevalence of urovirulence genes cnf, hlyD, sfa/foc, and papsIII in fecal Escherichia coli from healthy dogs and their owners [KA Stenske et al], 1401

Hooves
Histologic evaluation of the diversity of epidermal laminae in hooves of horses without clinical signs of laminitis [K Kawasaki et al], 186

Effects of long-term extracorporeal blood perfusion of the distal portion of isolated equine forelimbs on metabolic variables and morphology of laminar tissue [B Patan et al], 669

Hoof accelerations and ground reaction forces of Thoroughbred racehorses measured on dirt, synthetic, and turf track surfaces [JJ Setterbo et al], 1220

Changes in growth of the hoof wall and hoof morphology in response to regular periods of trotting exercise in Standardbreds [B Faramarzi et al], 1354

Comparison of characteristics and enzymatic products of leukocytes in the skin and laminar tissues of horses administered black walnut heartwood extract or lipopolysaccharide [LM Riggs et al], 1383

Hormones
Effects of various doses of ovine corticotropin-releasing hormone on plasma and saliva cortisol concentrations in horses [EPR Reijerkerk et al], 361

Urinary iodide concentration in hyperthyroid cats [J Wakeling et al], 741

Effects of diet-induced weight gain on insulin sensitivity and plasma hormone and lipid concentrations in horses [RA Carter et al], 1250

Hotlines Every Veterinarian Should Know
302, 679, 932

HOXA10
Association of HOXA10, ZFPM2, and MMP2 genes with scrotal hernias evaluated via biological candidate gene analyses in pigs [X Zhao et al], 1006

Hyaluronan
Evaluation of polysulfated glycosaminoglycan or sodium hyaluronan administered intra-articularly for treatment of horses with experimentally induced osteoarthritis [DD Frisbie et al], 203

Hyaluronate
Effects of sodium hyaluronate and triamcinolone acetonide on glucosaminoglycan metabolism in equine articular chondrocytes treated with interleukin-1 [EC Schaefer et al], 1494

Hydromorphone
Antinociceptive effects of epidural administration of hydromorphone in conscious cats [B Ambros et al], 1187

Hyperglycemia
Evaluation of the agreement among three handheld blood glucose meters and a laboratory blood analyzer for measurement of blood glucose concentration in Hispaniolan Amazon parrots (Amazona ventralis) [MJ Acerno et al], 172

Pharmacokinetics and bioavailability of metformin in horses [JL Hustace et al], 665

Hyperthyroidism
Urinary iodide concentration in hyperthyroid cats [J Wakeling et al], 741

Partial characterization of feline myeloperoxidase and investigation of its potential role as an autoantigen in hyperthyroid cats [BM Pressler et al], 869

Hypoglycemia
Evaluation of the agreement among three handheld blood glucose meters and a laboratory blood analyzer for measurement of blood glucose concentration in Hispaniolan Amazon parrots (Amazona ventralis) [MJ Acerno et al], 172

Hypotension
Effect of intravenous administration of lactated Ringer’s solution or hetastarch for the treatment of isoflurane-induced hypotension in dogs [TK Arnes et al], 1345

Hypothyroidism
Longitudinal study of the effects of chronic hypothyroidism on skeletal muscle in dogs [JH Rossmeisl Jr et al], 879

Immobilization
Efficacy of immobilization of the tarsal joint to alleviate strain on the common calcaneal tendon in dogs [SA Lister et al], 134

Immunohistochemistry
Evaluation of immunohistochemical detection of prion protein in rectoanal mucosa-associated lymphoid tissue for diagnosis of scrapie in sheep [MM Dennis et al], 63

Immunology
Evaluation of immunohistochemical detection of prion protein in rectoanal mucosa-associated lymphoid tissue for diagnosis of scrapie in sheep [MM Dennis et al], 63

Evaluation of an immunosassay for determination of haptoglobin concentration in various biological specimens from swine [AM Gutiérrez et al], 691

Evaluation of Lactobacillus rhamnosus strain GG for the prevention of atopic dermatitis in dogs [R Marsella], 735

Implants
In vitro biomechanical evaluations of screw-bar-polymethylmethacrylate and pin-polymethylmethacrylate internal fixation implants used to stabilize the vertebral motion unit of the fourth and fifth cervical vertebrae in vertebral column specimens from dogs [DG Hicks et al], 719

Effects of orthopedic implants with a polycaprolactone polymer coating
containing bone morphogenetic protein-2 on osseointegration in bones of sheep [AJ Nichaus et al], 1416

Inflammation
Evaluation of the distribution of enrofloxacin by circulating leukocytes to sites of inflammation in dogs [DM Booth et al], 16
Assessment of oxidative stress in leukocytes and granulocyte function following oral administration of a silibinin-phosphatidylcholine complex in cats [CB Webb et al], 57
Kinetics of inhibition of purified bovine neutrophil matrix metalloproteinase 9 by low-molecular-weight inhibitors [GA Barnakov et al], 633
Evaluation of pain and inflammation associated with hot iron branding and microchip transponder injection in horses [C Lindegaard et al], 840
Evaluation of inflammatory responses induced via intra-articular injection of interleukin-1 in horses receiving a dietary nutraceutical and assessment of the clinical effects of long-term nutraceutical administration [W Pearson et al], 848
Comparison of tepoxalin, carprofen, and meloxicam for reducing intraocular inflammation in dogs [MA Gilmour et al], 902
High-mobility group box chromosomal protein 1 as a potential inflammatory biomarker of joint injury in Thoroughbreds [MP Brown et al], 1230
Effect of nonsteroidal anti-inflammatory drugs with varied cyclooxygenase-2 selectivity on cyclooxygenase protein and prostaglandin concentrations in pyloric and duodenal mucosa of dogs [JG Wooten et al], 1243
Anti-inflammatory effects of intravenously administered lidocaine hydrochloride on ischemia-injured jejenum in horses [VL Cook et al], 1259
Expression of cyclooxygenase-2 in canine uveal melanocytic neoplasms [D Paglia et al], 1294
Effect of topical application of 1% diclofenac sodium liposomal cream on inflammation in healthy horses undergoing intravenous regional limb perfusion with amikacin sulfate [DG Levine et al], 1323
Comparison of continuous arterial pressure waveform analysis with the lithium dilution technique to monitor cardiac output in conscious dogs with systemic inflammatory response syndrome [AL Duffy et al], 1365

Insulin
Effects of low-dose oligofructose treatment administered via nasogastric intubation on induction of laminitis and associated alterations in glucose and insulin dynamics in horses [KA Kalic et al], 624
Pharmacokinetics and bioavailability of metformin in horses [JL Hustace et al], 665
Effects of diet-induced weight gain on insulin sensitivity and plasma hormone and lipid concentrations in horses [RA Carter et al], 1250

Integumentary System
Histologic evaluation of the diversity of epidermal laminae in hooves of horses without clinical signs of laminitis [K Kawasaki et al], 186
Effects of platelet-rich plasma on the repair of wounds on the distal aspect of the forelimb in horses [SO Monteiro et al], 277
Evaluation of Lactobacillus rhamnosus strain GG for the prevention of atopic dermatitis in dogs [R Marsella], 735

Interferon
Effect of the viral protein Nααα on virulence of bovine viral diarrhea virus and induction of interferon type 1 in calves [JN Henningson et al], 1117

Interleukin
Evaluation of inflammatory responses induced via intra-articular injection of interleukin-1 in horses receiving a dietary nutraceutical and assessment of the clinical effects of long-term nutraceutical administration [W Pearson et al], 848
High-mobility group box chromosomal protein 1 as a potential inflammatory biomarker of joint injury in Thoroughbreds [MP Brown et al], 1230
Effects of in vitro exposure to hay dust on expression of interleukin-23, -17, -8, and -1b and chemokine (C-X-C motif) ligand 2 by pulmonary mononuclear cells from horses susceptible to recurrent airway obstruction [CL Reyner et al], 1277
Effects of sodium hyaluronate and trimcinolone acetone on glucosaminoglycan metabolism in equine articular chondrocytes treated with interleukin-1 [EC Schaefer et al], 1494

Intrapleural Pressure
Comparison of the amounts of air leakage into the thoracic cavity associated with four thoracostomy tube placement techniques in canine cadavers [H-Y Yoon et al], 1161

Iodide
Urinary iodide concentration in hyperthyroid cats [J Wakeling et al], 741

Iohexol
Estimation of glomerular filtration rate via 2- and 4-sample plasma clearance of iohexol and creatinine in clinically normal cats [R Heiene et al], 176
Effects of meloxicam on plasma iohexol clearance as a marker of glomerular filtration rate in conscious healthy cats [LA Goodman et al], 826
Evaluation of serum iohexol clearance for use in predicting carboplatin clearance in cats [DB Bailey et al], 1135
Comparison of serum iohexol clearance and plasma creatinine clearance in clinically normal horses [KF Wilson et al], 1545

Iron
Influence of biopsy specimen size, tissue fixation, and assay variation on copper, iron, and zinc concentrations in canine livers [AN Johnston et al], 1502

Ischemia
Effects of flunixin meglumine on recovery of colonic mucosa from ischemia in horses [SA Matyjaszek et al], 236
Effect of firocoxib or flunixin meglumine on recovery of ischemic-injured equine jejunum [VL Cook et al], 902
Anti-inflammatory effects of intravenously administered lidocaine hydrochloride on ischemia-injured jejenum in horses [VL Cook et al], 1259
Effects of renal autograft ischemia and reperfusion associated with renal transplantation on arterial blood pressure variables in clinically normal cats [CW Schmidt et al], 1426
Expression of cyclooxygenase-1 and -2 in the left dorsal colon after ischemia associated with hot iron branding in clinically normal horses [RC Murray et al], 30

Isoflavones
Effects of dietary soy isoflavones on health, steroidogenesis, and thyroid gland function in dogs [R Cerundolo et al], 353

Isosurfurane
Evaluation of urodynamic procedures in female cats anesthetized with low and high doses of isosurfurane and propofol [TA Cohen et al], 290
Effect of remifentanil hydrochloride administered via constant rate infusion on the minimum alveolar concentration of isoflurane in cats [TH Ferreira et al], 581
Effect of intravenous administration of tramadol hydrochloride on the minimum alveolar concentration of isoflurane in rabbits [CM Egger et al], 945
Effects of high plasma fentanyl concentrations on minimum alveolar concentration of isoflurane on minimum alveolar concentration of isoflurane in cats [TH Ferreira et al], 581
Effect of intravenous administration of tramadol hydrochloride on the minimum alveolar concentration of isoflurane in horses [CM Egger et al], 945
Effect of intravenous administration of lacted Ringer’s solution on the minimum alveolar concentration of isoflurane in horses [CM Egger et al], 945

Jejunum
Effect of furoxib or flunixin meglumine on recovery of ischemic-injured equine jejunum [VL Cook et al], 992
Anti-inflammatory effects of intravenously administered lidocaine hydrochloride on ischemia-injured jejenum in horses [VL Cook et al], 1259
Effects of renal autograft ischemia and reperfusion associated with renal transplantation on arterial blood pressure variables in clinically normal cats [CW Schmidt et al], 1426
Expression of cyclooxygenase-1 and -2 in the left dorsal colon after different durations of ischemia and reperfusion in horses [AJ Morton et al], 1536

Jellyfish
Characterization of eversion syndrome in captive Scyphomedusa jellyfish [KS Freeman et al], 1087

Joints
Evaluation of age-related changes in the structure of the equine tarsometatarsal osteochondral unit [RC Murray et al], 30
Fourier analysis of vertical ground reaction forces in dogs with unilateral hind limb lameness caused by degenerative disease of the hip joint and in dogs without lameness [N Katic et al], 118

Efficacy of immobilization of the tarsal joint to alleviate strain on the common calcaneal tendon in dogs [SA Lister et al], 134

Evaluation of polysulfated glycosaminoglycan or sodium hyaluronan administered intra-articularly for treatment of horses with experimentally induced osteoarthritis [DD Frisbie et al], 203

Evaluation of topically administered diclofenac liposomal cream for treatment of horses with experimentally induced osteoarthritis [DD Frisbie et al], 210

Precision, reproducibility, and clinical usefulness of measuring the Norber angle by means of computerized image analysis [FH Comhaire et al], 228

Evaluation of the effect of extracorporeal shock wave treatment on experimentally induced osteoarthritis in middle carpal joints of horses [DD Frisbie et al], 449

Estimation of heritabilities, generic correlations, and breeding values of four traits that collectively define hip dysplasia in dogs [Z Zhang et al], 483

Influence of early conditioning exercise on the development of gross cartilage defects and swelling behavior of cartilage extracellular matrix in the equine midcarpal joint [W Kim et al], 589

Evaluation of inflammatory responses induced via intra-articular injection of interleukin-1 in horses receiving a dietary nutraceutical and assessment of the clinical effects of long-term nutraceutical administration [W Pearson et al], 848

Determination of mechanical properties of canine carpal ligaments [SS Shetye et al], 1026

Evaluation of quantitative trait loci for hip dysplasia in Labrador Retrievers [J Phavaphutanon et al], 1094

High-mobility group box chromosomal protein 1 as a potential inflammatory biomarker of joint injury in Thoroughbreds [MP Brown et al], 1230

Algesic effects of intramuscular administration of meloxicam in Hispaniolan parrots (Amazona ventralis) with experimentally induced arthritis [GA Cole et al], 1471

Effect of exercise on thicknesses of mature hyaline cartilage, calcified cartilage, and subchondral bone of equine tarsi [CA Tranquille et al], 1477

K

Ketamine
In vitro evaluation of differences in phase 1 metabolism of ketamine and other analgesics among humans, horses, and dogs [L Capponi et al], 777

Steroselective pharmacokinetics of ketamine and norketamine after constant rate infusion of a subanesthetic dose of racemic ketamine or S-ketamine in Shetland ponies [MP Larenza et al], 831

Ketosis
Evaluation of changes in serum lipoprotein and apolipoprotein patterns in cows with ketosis [T Yeri-Büyükoğlu et al], 563

Kidneys
Estimation of glomerular filtration rate via 2- and 4-sample plasma clearance of iohexol and creatinine in clinically normal cats [RH Heiene et al], 176

Urinary iodide concentration in hyperthyroid cats [J Wakeling et al], 741

Effects of meloxicam on plasma ioxhol clearance as a marker of glomerular filtration rate in conscious healthy cats [LA Goodman et al], 826

Use of interfering RNAs targeted against feline herpesvirus 1 glycoprotein D for inhibition of feline herpesvirus 1 infection of feline kidney cells [RP Wilkes et al], 1018

Kinematics
Effects of treadmill inclination on electromyographic activity and hind limb kinematics in healthy hounds at a walk [SK Lauer et al], 658

Labrador Retrievers
Evaluation of quantitative trait loci for hip dysplasia in Labrador Retrievers [J Phavaphutanon et al], 1094

Lameness
Fourier analysis of vertical ground reaction forces in dogs with unilateral hind limb lameness caused by degenerative disease of the hip joint and in dogs without lameness [N Katic et al], 118

Quantitative differences in activities of back and pelvic limb muscles during walking and trotting between chronically lame and nonlame horses [H Zaneb et al], 1129

Laminae
Histologic evaluation of the diversity of epidermal laminae in hooves of horses without clinical signs of laminitis [K Kawasaki et al], 186

Effects of long-term extracorporeal blood perfusion of the distal portion of isolated equine forelimbs on metabolic variables and morphology of laminar tissue [B Patan et al], 669

Laminitis
Histologic evaluation of the diversity of epidermal laminae in hooves of horses without clinical signs of laminitis [K Kawasaki et al], 186

Effects of low-dose oligofructose treatment administered via nasogastric intubation on induction of laminitis and associated alterations in glucose and insulin dynamics in horses [KA Kalck et al], 624

Use of serial laminar tissue collection via biopsy in conscious healthy horses [BK Hanly et al], 697

Comparison of characteristics and enzymatic products of leukocytes in the skin and laminar tissues of horses administered black walnut heartwood extract or lipopolysaccharide [LM Riggs et al], 1383

Larkspur
Effects of larkspur (Delphinium barbeyi) on heart rate and electrically evoked electromyographic response of the external anal sphincter in cattle [BT Green et al], 539

Serum elimination profiles of methyllycaconitine and deltalone in cattle following oral administration of larkspur (Delphinium barbeyi) [BT Green et al], 926

Lavendar
Evaluation of the effect of topical application of lavendar oil on autonomic nerve activity in dogs [M Komiya et al], 764

Letters to the Editor
Stability and uniformity of extemporaneous preparations of voriconazole...[KQ Nguyen et al], 2009;70:908
Letter: Rationale for compounding commercially available products [T Murry], 2009;70:1307
Response [KQ Nguyen et al], 2009;70:1308

In vitro susceptibility of Pythium insidiosum...[TA Brown et al], 2008;69:1463
Letter: Are strains identified as Lagenidium sp from dogs actually cryptic isolates of Pythium insidiosum? [L Mendoza et al], 2008;70:163
Response [AM Grooters], 2009;70:163

Leukocytes
Evaluation of the distribution of enrofloxacin by circulating leukocytes to sites of inflammation in dogs [DM Bothe et al], 16

Assessment of oxidative stress in leukocytes and granulocyte function following oral administration of a silibinin-phosphatidylcholine complex in cats [CB Webb et al], 57

Comparison of characteristics and enzymatic products of leukocytes in the skin and laminar tissues of horses administered black walnut heartwood extract or lipopolysaccharide [LM Riggs et al], 1383

Lidocaine
Comparison of caudal epidural anesthesia by use of lidocaine versus a lidocaine-magnesium sulfate combination in cattle [SN Dehghani et al], 194

Anti-inflammatory effects of intravenously administered lidocaine hydrochloride on ischemia-injured jejunum in horses [VL Cook et al], 1259

Evaluation of the mydriatic effect of intracamerid lidocaine injection in eyes of clinically normal dogs [S-A Park et al], 1521

Ligaments
Morphometric characteristics of the pelvic limbs of Labrador Retrievers with and without cranial cruciate ligament deficiency [AA Mostafa et al], 498

Identification of chromosomal regions associated with cranial cruciate ligament rupture in a population of Newfoundlands [VL Wilke et al], 1013

Determination of mechanical properties of canine carpal ligaments [SS Shetye et al], 1026
Lipase
Stability of canine pancreatic lipase immunoreactivity concentration in serum samples and effects of long-term administration of prednisone to dogs on serum canine pancreatic lipase immunoreactivity concentrations [JM Steinier et al], 1001

Lipids
Evaluation of changes in serum lipoprotein and apolipoprotein patterns in cows with ketosis [T Yerli-Büyükökoğlu et al], 563
Pancreatic response in healthy dogs fed diets of various fat compositions [FE James et al], 614
Effects of diet-induced weight gain on insulin sensitivity and plasma hormone and lipid concentrations in horses [RA Carter et al], 1250

Lipoproteins
Comparison of characteristics and enzymatic products of leukocytes in the skin and laminar tissues of horses administered black walnut heartwood extract or lipopolysaccharide [LM Riggs et al], 1383

Lipoprotein
Evaluation of changes in serum lipoprotein and apolipoprotein patterns in cows with ketosis [T Yerli-Büyükökoğlu et al], 563

Liposomes
Effect of topical application of 1% diclofenac sodium liposomal cream on inflammation in healthy horses undergoing intravenous regional limb perfusion with amikacin sulfate [DG Levine et al], 1323

Listeria monocytogenes
Identification of potential on-farm sources of Listeria monocytogenes in herds of dairy cattle [HO Mohammed et al], 383

Lithium
Comparison of continuous arterial pressure waveform analysis with the lithium dilution technique to monitor cardiac output in conscious dogs with systemic inflammatory response syndrome [AL Duffy et al], 1365

Liver
Evaluation of hepatic disease in mice following intradermal inoculation with Corynebacterium pseudotuberculosis [NC Nieto et al], 257
Influence of biopsy specimen size, tissue fixation, and assay variation on copper, iron, and zinc concentrations in canine livers [AN Johnston et al], 1502

Locomotion
Quantitative differences in activities of back and pelvic limb muscles during walking and trotting between chronically lame and nonlame horses [H Zane et al], 1129

Lyme Disease
Use of tick surveys and serosurveys to evaluate pet dogs as a sentinel species for emerging Lyme disease [SA Hamer et al], 49

Lysine
Effects of dietary lysine supplementation on upper respiratory and ocular disease and detection of infectious organisms in cats within an animal shelter [TL Drazenovich et al], 1391

Magnesium Sulfate
Comparison of caudal epidural anesthesia by use of lidocaine versus a lidocaine-magnesium sulfate combination in cattle [SN Dehghani et al], 194

Magnetic Resonance Imaging
Use of magnetic resonance imaging for morphometric analysis of the caudal cranial fossa in Cavalier King Charles Spaniels [I Carrera et al], 340
Computed tomographic, magnetic resonance imaging, and cross-sectional anatomic features of the manus in cadavers of dogs without forelimb disease [CP Ober et al], 1450

Mammary Glands
Effects of intramammary infusion of cis-urocanic acid on mastitis-associated inflammation and tissue injury in dairy cows [DD Bannerman et al], 373

Manus
Computed tomographic, magnetic resonance imaging, and cross-sectional anatomic features of the manus in cadavers of dogs without forelimb disease [CP Ober et al], 1450

Marbocoxin
Single- and multiple-dose pharmacokinetics of marbocoxin after oral administration to rabbits [JW Carpenter et al], 522

Marine Mammals
Hematologic and serum biochemical reference intervals for free-ranging common bottlenose dolphins (Tursiops truncatus) and variation in the distributions of clinicopathologic values related to geographic sampling site [LH Schwacke et al], 973

Mass Spectrometry
Gas chromatography-mass spectrometry assay for determination of N'-methylhistamine concentration in canine urine specimens and fecal extracts [CG Ruaux et al], 167
Development and analytic validation of a gas chromatography-mass spectrometry method for the measurement of sugar probes in canine serum [H Rodriguez et al], 320

Mast Cell Tumors
Gas chromatography-mass spectrometry assay for determination of N'-methylhistamine concentration in canine urine specimens and fecal extracts [CG Ruaux et al], 167

Mastitis
Effects of intramammary infusion of cis-urocanic acid on mastitis-associated inflammation and tissue injury in dairy cows [DD Bannerman et al], 373
Effect of endotoxins on cellular immune responses in epithelial cells of the bovine mammary gland [DD Bannerman et al], 373
Effect of endotoxin on mastitis in epithelial cells in the milk of dairy cows [SA Wagner et al], 796

Mastocytoma
Effect of radiation on vascular endothelial growth factor expression in the C2 canine mastocytoma cell line [I Sekis et al], 1141

Matrix
Influence of early conditioning exercise on the development of gross cartilage defects and swelling behavior of cartilage extracellular matrix in the equine midcarpal joint [W Kim et al], 589

Matrix Metalloproteinase
Kinetics of inhibition of purified bovine neutrophil matrix metalloproteinase 9 by low-molecular-weight inhibitors [Ga Bannikov et al], 633

Measurement
Evaluation of the agreement among three handheld blood glucose meters and a laboratory blood analyzer for measurement of blood glucose concentration in Hispaniolan Amazon parrots (Amazona ventralis) [MJ Acerno et al], 172

Melanoma
Activation of the AKT and mammalian target of rapamycin in human melanoma cell lines [SD Kent et al], 263
Evaluation of variants of melanoma-associated antigen genes and mRNA transcripts in melanomas in dogs [AJ Stell et al], 1512

Melatonin
Evaluation of the influence of melatonin implants during the gestation period in sheep from a selenium deficient region [S Andres et al], 404

Meloxicam
Effects of meloxicam on plasma icohexol clearance as a marker of glomerular filtration rate in conscious healthy cats [LA Goodman et al], 826
Comparison of tepoxalin, carprofen, and meloxicam for reducing intraocular inflammation in dogs [MA Gilmour et al], 902
Analgesic effects of intramuscular administration of meloxicam in Hispaniolan parrots (Amazona ventralis) with experimentally induced arthritis [GA Cole et al], 1471

Metabolism
In vitro evaluation of differences in phase 1 metabolism of ketamine and other analgesics among humans, horses, and dogs [L Capponi et al], 777
Metacarpal Bones
Influence of bone cements on bone-screw interfaces in the third metacarpal and third metatarsal bones of horses [LJM Hirvinen et al], 964
Use of quantitative ultrasonography for noninvasive surveillance of the third metacarpal bone in racing and training Thoroughbreds [JJ Tabar-Rodriguez et al], 1484

Metacarpophalangeal Joint
High-mobility group box chromosomal protein 1 as a potential inflammatory biomarker of joint injury in Thoroughbreds [MP Brown et al], 1230

Metatarsal Bones
Influence of bone cements on bone-screw interfaces in the third metacarpal and third metatarsal bones of horses [LJM Hirvinen et al], 964

Metatarsophalangeal Joint
High-mobility group box chromosomal protein 1 as a potential inflammatory biomarker of joint injury in Thoroughbreds [MP Brown et al], 1230

Metformin
Pharmacokinetics and bioavailability of metformin in horses [JL Hustace et al], 665

Methadone
In vitro evaluation of differences in phase 1 metabolism of ketamine and other analgesics among humans, horses, and dogs [L Capponi et al], 777

Methyllycaconitine
Serum elimination profiles of methyllycaconitine and deltaline in cattle following oral administration of larkspur (Delphinium barbeyi) [BT Green et al], 926

Mice
Evaluation of hepatic disease in mice following intradermal inoculation with Corynebacterium pseudotuberculosis [NC Nieto et al], 257

Microsatellites
Microsatellite loci in urine supernatant and stored samples from racehorses [J-W Chen et al], 648

Middle Carpal Joint
High-mobility group box chromosomal protein 1 as a potential inflammatory biomarker of joint injury in Thoroughbreds [MP Brown et al], 1230

Milk
Effect of long-term dietary supplementation with clinoptilolite on performance and selected serum biochemical values in dairy goats [PD Katsoulos et al], 346
Effect of endotoxemic mastitis on epithelial cell numbers in the milk of dairy cows [SA Wagner et al], 796

Minerals
Effect of long-term dietary supplementation with clinoptilolite on performance and selected serum biochemical values in dairy goats [PD Katsoulos et al], 346
Evaluation of the influence of melatonin implants during the gestation period in sheep from a selenium deficient region [S Andres et al], 404
Influence of biopsy specimen size, tissue fixation, and assay variation on copper, iron, and zinc concentrations in canine livers [AN Johnston et al], 1502

Minimum Alveolar Concentration
Effect of remifentanil hydrochloride administered via constant rate infusion on the minimum alveolar concentration of isoflurane in cats [TH Ferreira et al], 581
Effect of intravenous administration of tramadol hydrochloride on the minimum alveolar concentration of isoflurane in rabbits [CM Egger et al], 945
Effects of high plasma fentanyl concentrations on minimum alveolar concentration of isoflurane in horses [HKD Knych et al], 1193
Effects of intravenous administration of perazine, fentanyl, and a combination of both drugs on the minimum alveolar concentration of isoflurane in dogs [Y Ueyama et al], 1459

Mitraval Valve
Use of signal analysis of heart sounds and murmurs to assess severity of mitral valve regurgitation attributable to myxomatous mitral valve disease in dogs [I Ljungvall et al], 604

MMP2
Association of HOXA10, ZFPM2, and MMP2 genes with scrotal hernias evaluated via biological candidate gene analyses in pigs [X Zhao et al], 1006

Morphine
Effects of opioid receptor activation on thermal antinociception in red-eared slider turtles (Trachemys scripta) [KK Sladky et al], 1072
Comparison of time to desaturation between preoxygenated and nonpreoxygenated dogs following sedation with acepromazine maleate and morphine and induction of anesthesia with propofol [EM McNally et al], 1333

Morphometry
Morphometric characteristics of the pelvic limbs of Labrador Retrievers with and without cranial cruciate ligament deficiency [AA Mostafa et al], 498

mRNA
Age-dependent regulation of sodium-potassium adenosinetriphosphatase and sodium-hydrogen exchanger mRNAs in equine nonglandular mucosa [AL Peretich et al], 1124
Evaluation of variants of melanoma-associated antigen genes and mRNA transcripts in melanomas in dogs [AJ Stell et al], 1512

Mucosa
Evaluation of immunohistochemical detection of prion protein in rectoanal mucosa-associated lymphoid tissue for diagnosis of scrapie in sheep [MM Dennis et al], 63
Age-dependent regulation of sodium-potassium adenosinetriphosphatase and sodium-hydrogen exchanger mRNAs in equine nonglandular mucosa [AL Peretich et al], 1124
Effect of nonsteroidal anti-inflammatory drugs with varied cyclooxygenase-2 selectivity on cyclooxygenase protein and prostanoid concentrations in pyloric and duodenal mucosa of dogs [JG Wooten et al], 1243

Murmurs
Use of signal analysis of heart sounds and murmurs to assess severity of mitral valve regurgitation attributable to myxomatous mitral valve disease in dogs [I Ljungvall et al], 604

Muscle
Comparison of equine tendon-, muscle-, and bone marrow-derived cells cultured on tendon matrix [AA Stewart et al], 750
Effect of trihexiphenidyl on muscle metabolism during submaximal exercise in horses [ME McCue et al], 1043

Musculoskeletal System
Comparison of the mechanical behaviors of semicontoured, locking plate-rodnutation and anatomically contoured, conventional plate-rodnutation fixation applied to experimentally induced gap fractures in canine femora [CSS Goh et al], 23
Monitoring of the repair process of surgically created lesions in equine superficial digital flexor tendons by use of computerized ultrasonography [HTM van Schie et al], 37
Use of magnetic resonance imaging for morphometric analysis of the caudal cranial fossa in Cavalier King Charles Spaniels [I Carrera et al], 340
Morphometric characteristics of the pelvic limbs of Labrador Retrievers with and without cranial cruciate ligament deficiency [AA Mostafa et al], 498
Evaluation of the volumes of cranial cavities in Cavalier King Charles Spaniels with Chiari-like malformation and other brachycephalic dogs as measured via computed tomography [MJ Schmidt et al], 508
In vitro biomechanical evaluations of screw-bar-poly(methylmethacrylate) and pin-poly(methylmethacrylate) internal fixation implants used to stabilize the vertebral motion unit of the fourth and fifth cervical vertebrae in vertebral column specimens from dogs [DG Hicks et al], 719
Comparison of equine tendon-, muscle-, and bone marrow-derived cells cultured on tendon matrix [AA Stewart et al], 750
Effect of tart cherry juice blend on exercise-induced muscle damage in horses [NG Ducharme et al], 758
Evaluation of inflammatory responses induced via intra-articular injection of interleukin-1 in horses receiving a dietary nutraceutical and assessment of the clinical effects of long-term nutraceutical administration [W Pearson et al], 848

Longitudinal study of the effects of chronic hypothyroidism on skeletal muscle in dogs [JH Rossmeisl Jr et al], 879

Effects of acute exercise and long-term exercise on total Na+,K+-ATPase content and Na+\texttimes\textsuperscript{+}-ATPase isoform expression profile in equine muscle [MM van den Burg et al], 895

Influence of bone cements on bone-screw interfaces in the third metacarpal and third metatarsal bones of horses [LJM Hirvinen et al], 964

Determination of mechanical properties of canine carpal ligaments [SS Shetye et al], 1026

Evaluation of scintigraphy to assess incorporation of intercalary cortical bone grafts in sheep [JA Seaman et al], 1079

Evaluation of quantitative trait loci for hip dysplasia in Labrador Retrievers [J Phavaphutanon et al], 1094

Quantitative differences in activities of back and pelvic limb muscles during walking and trotting between chronically lame and nonlame horses [H Zane et al], 1129

Hoof accelerations and ground reaction forces of Thoroughbred racehorses measured on dirt, synthetic, and turf track surfaces [JJ Setterbo et al], 1220

High-mobility group box chromosomal protein 1 as a potential inflammatory biomarker of joint injury in Thoroughbreds [MP Brown et al], 1230

Effect of exercise on thicknesses of mature hyaline cartilage, calcified cartilage, and subchondral bone of equine tarsi [CA Tranquille et al], 1477

Use of quantitative ultrasonography for noninvasive surveillance of the third metacarpal bone in racing and training Thoroughbreds [JJ Tabar-Rodriguez et al], 1484

Mycobacterium spp
Effect of subcutaneous administration of a killed Mycobacterium avium subsp. paratuberculosis vaccine on colonization of tissues following oral exposure to the organism in calves [RW Sweeney et al], 493

Mycoplasma spp
Use of pradofloxacin to treat experimentally induced Mycoplasma hemofelis infection in cats [KL Dowers et al], 105

Prevalence of Mycoplasma suis (Eperythrozoon suis) infection in swine and swine-farm workers in Shanghai, China [CL Yuan et al], 890

Myeloperoxidase
Partial characterization of feline myeloperoxidase and investigation of its potential role as an autoantigen in hyperthyroid cats [BM Pressler et al], 869

N

N-acetyl-β-D-glucosaminidase
Indices of urine N-acetyl-β-D-glucosaminidase and γ-glutamyl transpeptidase activities in clinically normal dogs [JD Brunker et al], 297

Neoplasms
Expression of cyclooxygenase-2 in canine uveal melanocytic neoplasms [D Paglia et al], 1284

Nervous System
Use of magnetic resonance imaging for morphometric analysis of the caudal cranial fossa in Cavalier King Charles Spaniels [J Carrera et al], 340

Psychometric testing of the Helsinki chronic pain index by completion of a questionnaire in Finnish by owners of dogs with chronic signs of pain caused by osteoarthrosis [AK Hieml-Börjkmann et al], 727

Evaluation of the effect of topical application of lavender oil on automatic nerve activity in dogs [M Komiya et al], 764

Use of epidurally derived evoked potentials for quantification of caudal nociception in ponies [JPMAM van Loon et al], 813

Evaluation of pain and inflammation associated with hot iron branding and microchip transponder injection in horses [C Lindegaard et al], 840

Serum elimination profiles of methyllycaconitine and deitamine in cattle following oral administration of larkspur (Delphinium barbeyi) [BT Green et al], 926

Characterization of spatiotemporal gait characteristics in clinically normal dogs and dogs with spinal cord lesions [WJ Gordon-Evans et al], 1444

Neutropenia
Phase I evaluation of carboplatin by use of a closing strategy based on a targeted area under the platinum concentration-versus-time curve and individual glomerular filtration rate in cats with tumors [DB Bailey et al], 770

Newfoundlands
Identification of chromosomal regions associated with cranial cruciate ligament rupture in a population of Newfoundlands [VL Wilke et al], 1013

Nonsteroidal Anti-inflamatory Drugs (NSAIDs)
Effects of flunixin meglumine on recovery of colonic mucosa from ischemia in horses [SA Matyjaszek et al], 236

Effect of firocoxib or flunixin meglumine on recovery of ischemic-injured equine jejunum [VL Cook et al], 992

Effect of nonsteroidal anti-inflammatory drugs with varied cyclooxygenase-2 selectivity on cyclooxygenase protein and prostanoid concentrations in pyloric and duodenal mucosa of dogs [JJ Wooten et al], 1243

Norberg Angle
Precision, reproducibility, and clinical usefulness of measuring the Norberg angle by means of computerized image analysis [FH Comhaire et al], 228

Norepinephrine
Cardiopulmonary effects of dobutamine and norepinephrine infusion in healthy anesthetized alpacas [CJ Vincent et al], 1236

Norketamine
Stereselective pharmacokinetics of ketamine and norketamine after constant rate infusion of a subanesthetic dose of racemic ketamine or S-ketamine in Shetland ponies [MP Larenza et al], 831

N

Effect of the viral protein N of bovine viral diarrhea virus and induction of interferon type 1 in calves [JN Henningson et al], 1117

N’-methylhistamine
Gas chromatography-mass spectrometry assay for determination of N’-methylhistamine concentration in canine urine specimens and fecal extracts [CG Ruaux et al], 167

Nucleotides
Nucleotide structure and expression of equine pigment epithelium-derived factor during repair of experimentally induced wounds in horses [Z Ipiña et al], 112

Nutraceuticals
Evaluation of inflammatory responses induced via intra-articular injection of interleukin-1 in horses receiving a dietary nutraceutical and assessment of the clinical effects of long-term nutraceutical administration [W Pearson et al], 848

O

Oligofructose
Effects of low-dose oligofructose treatment administered via nasogastric intubation on induction of laminitis and associated alterations in glucose and insulin dynamics in horses [KA Kalck et al], 624

Oncology
Development of an intramuscular xenograft model of canine osteosarcoma in mice for evaluation of the effects of radiation therapy [AR Coomer et al], 127

Activation of the AKT and mammalian target of rapamycin on those pathways in canine malignant melanoma cell lines [MS Kent et al], 263

Phase I evaluation of carboplatin by use of a closing strategy based on a targeted area under the platinum concentration-versus-time curve and individual glomerular filtration rate in cats with tumors [DB Bailey et al], 770

Evaluation of serum iohexol clearance for use in predicting carboplatin clearance in cats [DB Bailey et al], 1135

Effect of radiation on vascular endothelial growth factor expression in the C2 canine mastocytoma cell line [I Sekis et al], 1141

Expression of cyclooxygenase-2 in canine uveal melanocytic neoplasms [D Paglia et al], 1284

Evaluation of variants of melanoma-associated antigen genes and mRNA transcripts in melanomas in dogs [AJ Stell et al], 1512
Use of epidurally derived evoked potentials for quantification of caudal nociception in ponies [JPAM van Loon et al], 813.

Orthopedics
Comparison of the mechanical behaviors of semi-contoured, locking plate-rod fixation and anatomically contoured, conventional plate-rod fixation applied to experimentally induced gap fractures in canine femora [CSS Goh et al], 23.

Opioids
Use of epidurally derived evoked potentials for quantification of caudal nociception in ponies [JPAM van Loon et al], 813.

Orthopedics
Comparison of the mechanical behaviors of semi-contoured, locking plate-rod fixation and anatomically contoured, conventional plate-rod fixation applied to experimentally induced gap fractures in canine femora [CSS Goh et al], 23.

Effects of dietary lysine supplementation on upper respiratory and ocular disease and detection of infectious organisms in cats within an animal shelter [TL Drazenovich et al], 1391.

Evaluation of the mydriatic effect of intracameral lidocaine injection in eyes of clinically normal dogs [S-A Park et al], 1521.

Opioids
Use of epidurally derived evoked potentials for quantification of caudal nociception in ponies [JPAM van Loon et al], 813.

Effects of dietary lysine supplementation on upper respiratory and ocular disease and detection of infectious organisms in cats within an animal shelter [TL Drazenovich et al], 1391.

Evaluation of the mydriatic effect of intracameral lidocaine injection in eyes of clinically normal dogs [S-A Park et al], 1521.

Opioids
Use of epidurally derived evoked potentials for quantification of caudal nociception in ponies [JPAM van Loon et al], 813.

Effects of dietary lysine supplementation on upper respiratory and ocular disease and detection of infectious organisms in cats within an animal shelter [TL Drazenovich et al], 1391.

Evaluation of the mydriatic effect of intracameral lidocaine injection in eyes of clinically normal dogs [S-A Park et al], 1521.

Orthopedics
Comparison of the mechanical behaviors of semi-contoured, locking plate-rod fixation and anatomically contoured, conventional plate-rod fixation applied to experimentally induced gap fractures in canine femora [CSS Goh et al], 23.

Opioids
Use of epidurally derived evoked potentials for quantification of caudal nociception in ponies [JPAM van Loon et al], 813.

Effects of dietary lysine supplementation on upper respiratory and ocular disease and detection of infectious organisms in cats within an animal shelter [TL Drazenovich et al], 1391.

Evaluation of the mydriatic effect of intracameral lidocaine injection in eyes of clinically normal dogs [S-A Park et al], 1521.

Opioids
Use of epidurally derived evoked potentials for quantification of caudal nociception in ponies [JPAM van Loon et al], 813.

Effects of dietary lysine supplementation on upper respiratory and ocular disease and detection of infectious organisms in cats within an animal shelter [TL Drazenovich et al], 1391.

Evaluation of the mydriatic effect of intracameral lidocaine injection in eyes of clinically normal dogs [S-A Park et al], 1521.

Orthopedics
Comparison of the mechanical behaviors of semi-contoured, locking plate-rod fixation and anatomically contoured, conventional plate-rod fixation applied to experimentally induced gap fractures in canine femora [CSS Goh et al], 23.

Opioids
Use of epidurally derived evoked potentials for quantification of caudal nociception in ponies [JPAM van Loon et al], 813.

Effects of dietary lysine supplementation on upper respiratory and ocular disease and detection of infectious organisms in cats within an animal shelter [TL Drazenovich et al], 1391.

Evaluation of the mydriatic effect of intracameral lidocaine injection in eyes of clinically normal dogs [S-A Park et al], 1521.

Opioids
Use of epidurally derived evoked potentials for quantification of caudal nociception in ponies [JPAM van Loon et al], 813.

Effects of dietary lysine supplementation on upper respiratory and ocular disease and detection of infectious organisms in cats within an animal shelter [TL Drazenovich et al], 1391.

Evaluation of the mydriatic effect of intracameral lidocaine injection in eyes of clinically normal dogs [S-A Park et al], 1521.

Orthopedics
Comparison of the mechanical behaviors of semi-contoured, locking plate-rod fixation and anatomically contoured, conventional plate-rod fixation applied to experimentally induced gap fractures in canine femora [CSS Goh et al], 23.

Opioids
Use of epidurally derived evoked potentials for quantification of caudal nociception in ponies [JPAM van Loon et al], 813.

Effects of dietary lysine supplementation on upper respiratory and ocular disease and detection of infectious organisms in cats within an animal shelter [TL Drazenovich et al], 1391.

Evaluation of the mydriatic effect of intracameral lidocaine injection in eyes of clinically normal dogs [S-A Park et al], 1521.

Opioids
Use of epidurally derived evoked potentials for quantification of caudal nociception in ponies [JPAM van Loon et al], 813.

Effects of dietary lysine supplementation on upper respiratory and ocular disease and detection of infectious organisms in cats within an animal shelter [TL Drazenovich et al], 1391.

Evaluation of the mydriatic effect of intracameral lidocaine injection in eyes of clinically normal dogs [S-A Park et al], 1521.
Performance
Evaluation of economic effects and the health and performance of the
general cattle population after exposure to cattle persistently infected
with bovine viral diarrhea virus in a starter feedlot [BE Hessman et al], 73

Perfusion
Vascular perfusion of reproductive organs in pony mares and heifers
during sedation with detomidine or xylazine [RR Araujo et al], 141
Effects of long-term extracorporeal blood perfusion of the distal portion
of isolated equine forelimbs on metabolic variables and morphology of
laminar tissue [B Patan et al], 669
Effect of topical application of 1% diclofenac sodium liposomal cream on
inflammation in healthy horses undergoing intravenous regional limb
perfusion with amikacin sulfate [DG Levine et al], 1323
Effects of renal autograft ischemia and reperfusion associated with renal
transplantation on arterial blood pressure variables in clinically normal
cats [CW Schmidt et al], 1426

Peritoneal Fluid
Evaluation of cytologic and biochemical variables in blood, plasma, and
peritoneal fluid from calves before and after umbilical herniorrhaphy
[JR Peiro et al], 423

Perzinfotel
Effects of intravenous administration of perzinfotel, fentanyl, and a
combination of both drugs on the minimum alveolar concentration of
isoflurane in dogs [Y Ueyama et al], 1459

pH
Effects of anticoagulant on pH, ionized calcium concentration, and
agonist-induced platelet aggregation in canine platelet-rich plasma [MB
Callan et al], 472
Application of strong ion difference theory to urine and the relationship between
urine pH and net acid excretion in cattle [PD Constable et al], 915

Pharmacokinetics
Single- and multiple-dose pharmacokinetics of marbofloxacin after oral
administration to rabbits [JW Carpenter et al], 522
Pharmacokinetics and bioavailability of metformin in horses [JL Hustace
et al], 665
Stereoselective pharmacokinetics of ketamine and norketamine after
constant rate infusion of a subanesthetic dose of racemic ketamine or
S-ketamine in Shetland ponies [MP Larenza et al] [LA Goodman et al],
831

Phosphatidylcholine
Assessment of oxidative stress in leukocytes and granulocyte function
following oral administration of a silibinin-phosphatidylcholine complex
in cats [CB Webb et al], 57

Physiology
Use of multichannel electrogastrography for noninvasive assessment of
gastric myoelectrical activity in dogs [JB Koenig et al], 11
Estimation of glomerular filtration rate via 2- and 4-sample plasma
clearance of iothexol and creatinine in clinically normal cats [R Heiene
et al], 176
Effects and mechanisms of action of the ergopeptides ergotamine and
ergovaline and the effects of peramine on reticulum motility of sheep
[DP Poole et al], 270

Pirfenidone
Effects of intravenous administration of pirfenidone on horses with
experimentally induced endotoxemia [AEP Braim et al], 1031

Plasma
Effects of platelet-rich plasma on the repair of wounds on the distal
aspect of the forelimb in horses [SO Monteiro et al], 277
Effects of anticoagulant on pH, ionized calcium concentration, and
agonist-induced platelet aggregation in canine platelet-rich plasma [MB
Callan et al], 472
Determination of plasma osmolality and agreement between measured
and calculated values in healthy adult Hispanic-Amazon parrots
(Amazona ventralis) [MJ Aciero et al], 1151

Plasma Clearance
Estimation of glomerular filtration rate via 2- and 4-sample plasma
clearance of iothexol and creatinine in clinically normal cats [R Heiene
et al], 176

Platelets
Effects of platelet-rich plasma on the repair of wounds on the distal
aspect of the forelimb in horses [SO Monteiro et al], 277
Effects of anticoagulant on pH, ionized calcium concentration, and
agonist-induced platelet aggregation in canine platelet-rich plasma [MB
Callan et al], 472

Plates
Comparison of the mechanical behaviors of semicircular, locking plate-
rod fixation and anatomically contoured, conventional plate-rod fixation
applied to experimentally induced gap fractures in canine femora [CSS
Goh et al], 23

Pneumonia
Kinetics of inhibition of purified bovine neutrophil matrix metalloproteinase
9 by low-molecular-weight inhibitors [Ga Bannikov et al], 633

Polycaprolactone
Effects of orthopedic implants with a polycaprolactone polymer coating
containing bone morphogenetic protein-2 on osseointegration in bones
of sheep [AJ Nichaus et al], 1416

Polycardiography
Characterization of systolic intervals in healthy, conscious sheep [SN
Kharin et al], 330

Polymerase Chain Reaction
Use of a polymerase chain reaction assay to study response to
oxytetracycline treatment in experimental Candidatus Mycoplasma
haemolamae infection in alpacas [SJ Torququist et al], 1102

Porcines
Steroselective pharmacokinetics of ketamine and norketamine after
constant rate infusion of a subanesthetic dose of racemic ketamine or
S-ketamine in Shetland ponies [MP Larenza et al], 831

Potassium
Age-dependent regulation of sodium-potassium adenosinetransphosphatase
and sodium-hydrogen exchanger mRNAs in equine nonglandular
mucosa [AL Peretch et al], 1124

Pradofloxacin
Use of pradofloxacin to treat experimentally induced Mycoplasma
hemofelis infection in cats [KL Dowers et al], 105

Prednisone
Stability of canine pancreatic lipase immunoreactivity concentration in
serum samples and effects of long-term administration of prednisone
to dogs on serum canine pancreatic lipase immunoreactivity
concentrations [JM Steiner et al], 1001

Prepuce
Assessment of cytologic evaluation of preputial epithelial cells as a
diagnostic test for detection of adrenocortical disease in castrated
ferrets [HJ Protain et al], 619

Prions
Evaluation of immunohistochemical detection of prion protein in rectoanal
mucosa-associated lymphoid tissue for diagnosis of scrapie in sheep
[MM Dennis et al], 63

Proatrial Natriuretic Peptide
Measurement of N-terminal proatrial natriuretic peptide in plasma of cats
with and without cardiomyopathy [TM Zimmering et al], 216

Proctitis
Use of propafenone for conversion of chronic atrial fibrillation in horses
[D De Clercq et al], 223

Propofol
Evaluation of urodynamic procedures in female cats anesthetized with
low and high doses of isoflurane and propofol [TA Cohen et al], 290
Cardiovascular effects of fentanyl and propofol on hemodynamic function
in rabbits [CM Baumgartner et al], 409
Effect of remifentanil on requirements for propofol administered by use of a target-controlled infusion system for maintaining anesthesia in dogs [SL Beier et al], 703

Effect of administration of propofol and xylazine hydrochloride on recovery of horses after four hours of anesthesia with desflurane [EP Steffey et al], 956

Comparison of time to desaturation between preoxygenated and nonpreoxygenated dogs following sedation with acepromazine maleate and morphine and induction of anesthesia with propofol [EM McNally et al], 1333

Cardiovascular effects of dipyrone and propofol on hemodynamic function in rabbits [CM Baumgartner et al], 1407

Prostaglandins

Effects of meloxicam on plasma iohexol clearance as a marker of glomerular filtration rate in conscious healthy cats [LA Goodman et al], 826

Evaluation of inflammatory responses induced via intra-articular injection of interleukin-1 in horses receiving a dietary nutraceutical and assessment of the clinical effects of long-term nutraceutical administration [W Pearson et al], 848

Expression of cyclooxygenase-2 in canine uveal melanocytic neoplasms [D Paglia et al], 1284

Protein

Effect of nonsteroidal anti-inflammatory drugs with varied cyclooxygenase-2 selectivity on cyclooxygenase protein and prostanoid concentrations in pyloric and duodenal mucosa of dogs [JG Wooten et al], 1243

Protein

Effect of the viral protein N\textsuperscript{rev} on virulence of bovine viral diarrhea virus and induction of interferon type 1 in calves [JN Henningson et al], 1117

Effect of nonsteroidal anti-inflammatory drugs with varied cyclooxygenase-2 selectivity on cyclooxygenase protein and prostanoid concentrations in pyloric and duodenal mucosa of dogs [JG Wooten et al], 1243

Determination of and correlation between urine protein excretion and urine protein-to-creatinine ratio values during a 24-hour period in healthy horses and ponies [B Uberti et al], 1551

Pulse Wave Analysis

Determination of cardiac output in anesthetized neonatal foals by use of two pulse wave analysis methods [AC Shih et al], 334

R

Rabbits

Cardiovascular effects of fentanyl and propofol on hemodynamic function in rabbits [CM Baumgartner et al], 409

Evaluation of the usefulness of an ELISA and protein electrophoresis in the diagnosis of Encephalitozoon cuniculi infection in rabbits [C Cray et al], 476

Single- and multiple-dose pharmacokinetics of marbofloxacin after oral administration to rabbits [JW Carpenter et al], 522

Effect of intravenous administration of tramadol hydrochloride on the minimum alveolar concentration of isoflurane in rabbits [CM Egger et al], 945

Cardiovascular effects of dipyrone and propofol on hemodynamic function in rabbits [CM Baumgartner et al], 1407

Racing

Hoof accelerations and ground reaction forces of Thoroughbred racehorses measured on dirt, synthetic, and turf track surfaces [JJ Setterbo et al], 1220

Radiation

Development of an intramuscular xenograft model of canine osteosarcoma in mice for evaluation of the effects of radiation therapy [AR Coomer et al], 127

Radiocarpal Joint

High-mobility group box chromosomal protein 1 as a potential inflammatory biomarker of joint injury in Thoroughbreds [MP Brown et al], 1230

Radiology

Precision, reproducibility, and clinical usefulness of measuring the Norberg angle by means of computerized image analysis [FH Comhaire et al], 228

Radiotherapy

Effect of radiation on vascular endothelial growth factor expression in the C2 canine mastocytoma cell line [I Sekis et al], 1141

Rapamycin

Activation of the AKT and mammalian target of rapamycin on those pathways in canine malignant melanoma cell lines [MS Kent et al], 263

Receptors

Effects of in vitro exposure to hay dust on the gene expression of chemokines and cell-surface receptors in primary bronchial epithelial cell cultures established from horses with chronic recurrent airway obstruction [DM Ainsworth et al], 365

Recurrent Airway Obstruction

Effects of in vitro exposure to hay dust on the gene expression of chemokines and cell-surface receptors in primary bronchial epithelial cell cultures established from horses with chronic recurrent airway obstruction [DM Ainsworth et al], 365

Effects of in vitro exposure to hay dust on expression of interleukin-23, -17, -8, and -1b and chemokine (C-X-C motif) ligand 2 by pulmonary mononuclear cells from horses susceptible to recurrent airway obstruction [CL Reyner et al], 1277

Reference Intervals

Hematologic and serum biochemical reference intervals for free-ranging common bottlenose dolphins (Tursiops truncatus) and variation in the distributions of clinicopathologic values related to geographic sampling site [LH Schwacke et al], 973

Reflexes

Assessment of the acetaminophen absorption test as a diagnostic tool for the evaluation of the reticular groove reflex in lambs [K Sarifi et al], 820

Remifentanil

Effect of remifentanil hydrochloride administered via constant rate infusion on the minimum alveolar concentration of isoflurane in cats [TH Ferreira et al], 581

Effect of remifentanil on requirements for propofol administered by use of a target-controlled infusion system for maintaining anesthesia in dogs [SL Beier et al], 703

Effects of remifentanil on measures of anesthetic immobility and analgesia in cats [RU Brosnan et al], 1065

Reperfusion

Effects of renal autograft ischemia and reperfusion associated with renal transplantation on arterial blood pressure variables in clinically normal cats [CW Schmidt et al], 1426

Expression of cyclooxygenase-1 and -2 in the left dorsal colon after different durations of ischemia and reperfusion in horses [AJ Morton et al], 1536

Reproductive System

Vascular perfusion of reproductive organs in pony mares and heifers during sedation with detomidine or xylazine [RR Araujo et al], 141

Respiratory System

Effects of in vitro exposure to hay dust on the gene expression of chemokines and cell-surface receptors in primary bronchial epithelial cell cultures established from horses with chronic recurrent airway obstruction [DM Ainsworth et al], 365

Assessment of clotrimazole gels for use in vitro stability and in vivo retention in the frontal sinus of dogs [KG Mathews et al], 640

Evaluation of anesthesia recovery quality after low-dose racemic or S-ketamine infusions during anesthesia with isoflurane in horses [MP Larenza et al], 710

Changes in tracheal dimensions during inspiration and expiration in healthy dogs as detected via computed tomography [CS Leonard et al], 986

Effects of opioid receptor activation on thermal antinociception in red-eared slider turtles (Trachemys scripta) [KK Sladky et al], 1072

Effect of body position on respiratory system volumes in anesthetized red-tailed hawks (Buteo jamaicensis) as measured via computed tomography [S Maika et al], 1155

Effects of in vitro exposure to hay dust on expression of interleukin-23, -17, -8, and -1b and chemokine (C-X-C motif) ligand 2 by pulmonary mononuclear cells from horses susceptible to recurrent airway obstruction [CL Reyner et al], 1277
Evaluation of breath biomarkers and serum haptoglobin concentration for diagnosis of bovine respiratory disease in heifers newly arrived at a feedlot [LO Burciaga-Robles et al], 1291
Effects of dietary lysine supplementation on upper respiratory and ocular disease and detection of infectious organisms in cats within an animal shelter [TL Drazenovich et al], 1391

Reticulum
Effects and mechanisms of action of the ergopeptides ergotamine and ergovaline and the effects of peramune on reticulum motility of sheep [DP Poole et al], 270

Ringer’s Solution
Effect of intravenous administration of lactated Ringer’s solution or isoflurane in healthy dogs [LA Lopez et al], 1339

RNAs
Use of interfering RNAs targeted against feline herpesvirus 1 glycoprotein D for inhibition of feline herpesvirus 1 infection of feline kidney cells [RP Wilkes et al], 1018

Rods
Comparison of the mechanical behaviors of semicontoured, locking plate-rod fixation and anatomically contoured, conventional plate-rod fixation applied to experimentally induced gap fractures in canine femora [CSS Goh et al], 23

Salmonella spp
Evaluation of the control of pathogen load by an anti-Salmonella bacterium in a herd of cattle with persistent Salmonella infection [TG Patton et al], 92
Identification of Escherichia coli and Salmonella enterica organisms with reduced susceptibility to ceftriaxone from fecal samples of cows in dairy herds [LC Heider et al], 389

Sampling Interval
Evaluation of optimal sampling interval for activity monitoring in companion dogs [C Dow et al], 444

Schirmer Tear Test
Effects of feline herpesvirus type 1 on tear film break-up time, Schirmer tear test results, and conjunctival goblet cell density in experimentally infected cats [CC Lim et al], 394

Scintigraphy
Evaluation of scintigraphy to assess incorporation of intercalary cortical bone grafts in sheep [JA Seaman et al], 1079

Scrapie
Evaluation of immunohistochemical detection of prion protein in rectoanal mucosa-associated lymphoid tissue for diagnosis of scrapie in sheep [MM Dennis et al], 63

Screws
Influence of bone cement on bone-screw interfaces in the third metacarpal and third metatarsal bones of horses [LJM Hirvinen et al], 964

Scrotum
Association of HOXA10, ZFPM2, and MMP2 genes with scrotal hernias evaluated via biological candidate gene analyses in pigs [X Zhao et al], 1006

Selenium
Evaluation of the influence of melatonin implants during the gestation period in sheep from a selenium deficient region [S Andres et al], 404

Sevoflurane
Comparison of recovery from anesthesia with isoflurane, sevoflurane, or desflurane in healthy dogs [LA Lopez et al], 1339

Sfa/foc
Prevalence of urovirulence genes cnf, hlyD, sfa/foc, and papGIII in fecal Escherichia coli from healthy dogs and their owners [KA Stenske et al], 1401

Sheep
Characterization of systolic intervals in healthy, conscious sheep [SN Kharin et al], 330
Assessment of the acetaminophen absorption test as a diagnostic tool for the evaluation of the reticular groove reflex in lambs [K Sarafi et al], 820
Evaluation of scintigraphy to assess incorporation of intercalary cortical bone grafts in sheep [JA Seaman et al], 1079
Pathogenicity of an emergent, ovine abortifacient Campylobacter jejuni clone orally inoculated into pregnant guinea pigs [ER Burrough et al], 1269
Effects of orthopedic implants with a polycaprolactone polymer coating containing bone morphogenetic protein-2 on osseointegration in bones of sheep [AJ Nichaus et al], 1416

Shelters
Effects of dietary lysine supplementation on upper respiratory and ocular disease and detection of infectious organisms in cats within an animal shelter [TL Drazenovich et al], 1391

Shetland Ponies
Stereoselective pharmacokinetics of ketamine and norketamine after constant rate infusion of a subanesthetic dose of racemic ketamine or S-ketamine in Shetland ponies [MP Larena et al], 831

Short Tandem Repeat
Microsatellite loci in urine supernatant and stored samples from racehorses [J-W Chen et al], 648

Silibinin
Assessment of oxidative stress in leukocytes and granulocyte function following oral administration of a silibinin-phosphatidylcholine complex in cats [CB Webb et al], 57

Skin
Effects of platelet-rich plasma on the repair of wounds on the distal aspect of the forelimb in horses [SO Monteiro et al], 277
Comparison of characteristics and enzymatic products of leukocytes in the skin and laminar tissues of horses administered black walnut heartwood extract or lipopolysaccharide [LM Riggs et al], 1383

Skull
Evaluation of the volumes of cranial cavities in Cavalier King Charles Spaniels with Chiari-like malformation and other brachycephalic dogs as measured via computed tomography [MJ Schmidt et al], 508

Slaughter
Evaluation of an immunomodulatory assay for determination of haptoglobin concentration in various biological specimens from swine [AM Gutiérrez et al], 691

Soy
Effects of dietary soy isoflavones on health, steroidogenesis, and thyroid gland function in dogs [R Cerundolo et al], 353

Spinal Cord
Characterization of spatiotemporal gait characteristics in clinically normal dogs and dogs with spinal cord lesions [WJ Gordon-Evans et al], 1444

Standardbreds
Changes in growth of the hoof wall and hoof morphology in response to regular periods of trotting exercise in Standardbreds [B Faramarz et al], 1354

Stem Cells
Identification of variables that optimize isolation and culture of multipotent mesenchymal stem cells from equine umbilical cord blood [EM Schuh et al], 1526

Steroids
Effects of dietary soy isoflavones on health, steroidogenesis, and thyroid gland function in dogs [R Cerundolo et al], 353

Stomach
Use of multichannel electrogastrography for noninvasive assessment of gastric myoelectrical activity in dogs [JB Koenig et al], 11
Storage
Stability and uniformity of extemporaneous preparations of voriconazole in two liquid suspension vehicles at two storage temperatures [KQ Nguyen et al], 508

Stress
Evaluation of an immunoassay for determination of haptoglobin concentration in various biological specimens from swine [AM Gutiérrez et al], 691

Strong Ion Difference Theory
Application of strong ion difference theory to urine and the relationship between urine pH and net acid excretion in cattle [PD Constable et al], 915

Suction Drains
Evaluation of in vitro performance of suction drains [ZJ Halfacree et al], 283

Sugar
Development and analytic validation of a gas chromatography-mass spectrometry method for the measurement of sugar probes in canine serum [H Rodriguez et al], 320

Superficial Digital Flexor
Monitoring of the repair process of surgically created lesions in equine superficial digital flexor tendons by use of computerized ultrasonography [HTM van Schie et al], 37

Surgery
Evaluation of in vitro performance of suction drains [ZJ Halfacree et al], 283

Surveys
Use of tick surveys and serosurveys to evaluate pet dogs as a sentinel species for emerging Lyme disease [SA Hamer et al], 49

Swine
Prevalence of Mycoplasma suis (Eperythrozoon suis) infection in swine and swine-farm workers in Shanghai, China [CL Yuan et al], 890

Synovial Fluid
High-mobility group box chromosomal protein 1 as a potential inflammatory biomarker of joint injury in Thoroughbreds [MP Brown et al], 1230

Syringomyelia
Use of magnetic resonance imaging for morphometric analysis of the caudal cranial fossa in Cavalier King Charles Spaniels [I Carrera et al], 340

Systemic Inflammatory Response Syndrome
Comparison of continuous arterial pressure waveform analysis with the lithium dilution technique to monitor cardiac output in conscious dogs with systemic inflammatory response syndrome [AL Duffy et al], 1365

Systole
Characterization of systolic intervals in healthy, conscious sheep [SN Kharin et al], 330

Target-Controlled Infusion
Effect of remifentanil on requirements for propofol administered by use of a target-controlled infusion system for maintaining anesthesia in dogs [SL Beier et al], 703

Tarsal Joint
Efficacy of immobilization of the tarsal joint to alleviate strain on the common calcaneal tendon in dogs [SA Lister et al], 134

Tarsometatarsal Joint
Evaluation of age-related changes in the structure of the equine tarsometatarsal osteochondral unit [RC Murray et al], 30

Tarsus
Effect of exercise on thickness of mature hyaline cartilage, calcified cartilage, and subchondral bone thickness of equine tarsi [CA Tranquille et al], 1477

Tart Cherry Juice
Effect of tart cherry juice blend on exercise-induced muscle damage in horses [NG Ducharme et al], 758

Taurine
Plasma amino acid and whole blood taurine concentrations in cats eating commercially prepared diets [CR Heineze et al], 1374

Technetium Tc 99m
Evaluation of serum iohexol clearance for use in predicting carboplatin clearance in cats [DB Bailey et al], 1135

Tendons
Monitoring of the repair process of surgically created lesions in equine superficial digital flexor tendons by use of computerized ultrasonography [HTM van Schie et al], 37

Efficacy of immobilization of the tarsal joint to alleviate strain on the common calcaneal tendon in dogs [SA Lister et al], 134

Comparison of equine tendon-, muscle-, and bone marrow-derived cells cultured on tendon matrix [AA Stewart et al], 750

Tepoxalin
Comparison of tepoxalin, carprofen, and meloxicam for reducing intraocular inflammation in dogs [MA Gilmour et al], 902

Tetracycline
A metagenomic approach for determining prevalence of tetracycline resistance genes in the fecal flora of conventionally raised feedlot steers and feedlot steers raised without antimicrobials [R Harvey et al], 198

Theriogenology
Pathogenicity of an emergent, ovine abortifacient Campylobacter jejuni clone orally inoculated into pregnant guinea pigs [ER Burrough et al], 1289

Thermal Threshold
Effect of tramadol hydrochloride on the thermal threshold in cats [BH Pypendop et al], 1465

Thoroughbreds
Hoof accelerations and ground reaction forces of Thoroughbred racehorses measured on dirt, synthetic, and turf track surfaces [JJ Setterbo et al], 1220

High-mobility group box chromosomal protein 1 as a potential inflammatory biomarker of joint injury in Thoroughbreds [MP Brown et al], 1230

Use of quantitative ultrasonography for noninvasive surveillance of the third metacarpal bone in racing and training Thoroughbreds [JJ Tabar-Rodriguez et al], 1484

Thyroid Gland
Effects of dietary soy isoflavones on health, steriodogenesis, and thyroid gland function in dogs [R Cerundolo et al], 353

Thyroid-stimulating Hormone
Urinary iodide concentration in hyperthyroid cats [J Wakeling et al], 741

Thyroxine
Urinary iodide concentration in hyperthyroid cats [J Wakeling et al], 741

Ticks
Use of tick surveys and serosurveys to evaluate pet dogs as a sentinel species for emerging Lyme disease [SA Hamer et al], 49

Toxicology
Phase I evaluation of carboplatin by use of a closing strategy based on a targeted area under the platinum concentration-versus-time curve and individual glomerular filtration rate in cats with tumors [DB Bailey et al], 770
Serum elimination profiles of methyllycaconitine and deltaline in cattle following oral administration of larkspur (Delphinium barbeyi) [BT Green et al], 926

Trachea
Changes in tracheal dimensions during inspiration and expiration in healthy dogs as detected via computed tomography [CS Leonard et al], 986

Tramadol
Effect of intravenous administration of tramadol hydrochloride on the minimum alveolar concentration of isoflurane in rabbits [CM Egger et al], 945

Effect of tramadol hydrochloride on the thermal threshold in cats [BH Pypendop et al], 1465

Transmissible Spongiform Encephalopathies (TSEs)
Evaluation of immunohistochemical detection of prion protein in rectoanal mucosa-associated lymphoid tissue for diagnosis of scrapie in sheep [MM Dennis et al], 63

Transplantation
Effects of renal autograft ischemia and reperfusion associated with renal transplantation on arterial blood pressure variables in clinically normal cats [CW Schmidt et al], 1426

Transvenous Pacing
Evaluation of the effects of transvenous pacing site on left ventricular function and synchrony in healthy anesthetized dogs [HW Maisenbacher et al], 455

Treadmill
Effects of treadmill inclination on electromyographic activity and hind limb kinematics in healthy hounds at a walk [SK Lauer et al], 658

Triamcinolone
Effects of sodium hyaluronate and triamcinolone acetoneide on glucosaminoglycan metabolism in equine articular chondrocytes treated with interleukin-1 [EC Schaefer et al], 1494

Triheptanoin
Effect of triheptanoin on muscle metabolism during submaximal exercise in horses [ME McCue et al], 1043

Triiodothyronine
Urinary iodide concentration in hyperthyroid cats [J Wakeling et al], 741

Troponin
Evaluation of changes in cardiac biomarker concentrations and enzyme activities in serum after short- and long-duration transcutaneous cardiac pacing in dogs [S Lee et al], 599

Tumors
Gas chromatography-mass spectrometry assay for determination of N-methylhistamine concentration in canine urine specimens and fecal extracts [CG Ruaux et al], 167

Turtles
Effects of opioid receptor activation on thermal antinociception in red-eared slider turtles (Trachemys scripta) [KK Sladky et al], 1072

U
Ulcers
Effect of gastric ulceration on physiologic responses to exercise in horses [JE Nieto et al], 787

Ultrasonography
Monitoring of the repair process of surgically created lesions in equine superficial digital flexor tendons by use of computerized ultrasonography [HTM van Schie et al], 37

Evaluation of a commercial ultrasonographic hemodynamic recording system for the measurement of cardiac output in dogs [BA Scansen et al], 862

Use of quantitative ultrasonography for noninvasive surveillance of the third metacarpal bone in racing and training Thoroughbreds [JJ Tabar-Rodriguez et al], 1484

Umbilical Cord
Identification of variables that optimize isolation and culture of multipotent mesenchymal stem cells from equine umbilical cord blood [EM Schuh et al], 1526

Urinary System
Use of dietary cation anion difference for control of urolithiasis risk factors in goats [ML Jones et al], 149

Estimation of glomerular filtration rate via 2- and 4-sample plasma clearance of iohekol and creatinine in clinically normal cats [R Heiene et al], 176

Evaluation of urodynamic procedures in female cats anesthetized with low and high doses of isoflurane and propofol [TA Cohen et al], 290

Estimation of glomerular filtration rate in dogs by plasma clearance of gaolinium diethylenetriamine pentaacetic acid as measured by use of an ELISA [BG Nolan et al], 547

Urinary iodide concentration in hyperthyroid cats [J Wakeling et al], 741

Application of strong ion difference theory to urine and the relationship between urine pH and net acid excretion in cattle [PD Constable et al], 915

Effects of renal autograft ischemia and reperfusion associated with renal transplantation on arterial blood pressure variables in clinically normal cats [CW Schmidt et al], 1426

Comparison of serum iohekol clearance and plasma creatinine clearance in clinically normal horses [KF Wilson et al], 1545

Determination of and correlation between urine protein excretion and urine protein-to-creatinine ratio values during a 24-hours period in healthy horses and ponies [B Uberti et al], 1551

Urine
Gas chromatography-mass spectrometry assay for determination of N-methylhistamine concentration in canine urine specimens and fecal extracts [CG Ruaux et al], 167

Microsatellite loci in urine supernatant and stored samples from racehorses [J-W Chen et al], 648

Urocanic Acid
Effects of intramammary infusion of cis-urocanic acid on mastitis-associated inflammation and tissue injury in dairy cows [DD Bannerman et al], 373

Urodyanamics
Evaluation of urodynamic procedures in female cats anesthetized with low and high doses of isoflurane and propofol [TA Cohen et al], 290

Urolithiasis
Use of dietary cation anion difference for control of urolithiasis risk factors in goats [ML Jones et al], 149

Urovirulence
Prevalence of urovirulence genes cnf, hlyD, sfa/foc, and papGIII in fecal Escherichia coli from healthy dogs and their owners [KA Stenske et al], 1401

Vaccinology
Effect of subcutaneous administration of a killed Mycobacterium avium subsp paratuberculosis vaccine on colonization of tissues following oral exposure to the organism in calves [RW Sweeney et al], 493

Valves
Use of signal analysis of heart sounds and murmurs to assess severity of mitral valve regurgitation attributable to myxomatous mitral valve disease in dogs [I Ljungvall et al], 604

Ventricle
Evaluation of the effects of transvenous pacing site on left ventricular function and synchrony in healthy anesthetized dogs [HW Maisenbacher et al], 455

Agreement between echocardiographic techniques in assessment of the left ventricular myocardial performance index in rabbits [C Moura et al], 464

Vertebræ
In vitro biomechanical evaluations of screw-bar-polydimethylmethacrylate and pin-polydimethylmethacrylate internal fixation implants used to stabilize the vertebral motion unit of the fourth and fifth cervical vertebrae in vertebral column specimens from dogs [DG Hicks et al], 719
Veterinary Economics
Evaluation of economic effects and the health and performance of the general cattle population after exposure to cattle persistently infected with bovine viral diarrhea virus in a starter feedlot [BE Hessman et al], 73

Virology
Evaluation of economic effects and the health and performance of the general cattle population after exposure to cattle persistently infected with bovine viral diarrhea virus in a starter feedlot [BE Hessman et al], 73
Genetic characterization of bovine viral diarrhea viruses isolated from persistently infected calves born to dams vaccinated against bovine viral diarrhea virus before breeding [SR Bolin et al], 86
Assessment of viremia associated with experimental primary feline herpesvirus infection or presumed herpetic recrudescence in cats [HD Westermeyer et al], 99

Genetic characterization of bovine viral diarrhea viruses isolated from persistently infected calves born to dams vaccinated against bovine viral diarrhea virus before breeding [SR Bolin et al], 86
Use of interfering RNAs targeted against feline herpesvirus 1 glycoprotein D for inhibition of feline herpesvirus 1 infection of feline kidney cells [RP Wilkes et al], 1018
Effect of the viral protein Npro on virulence of bovine viral diarrhea virus and induction of interferon type 1 in calves [JN Henningson et al], 1117
Effects of dietary lysine supplementation on upper respiratory and ocular disease and detection of infectious organisms in cats within an animal shelter [TL Drazenovich et al], 1391

Vitamins
Effect of long-term dietary supplementation with clinoptilolite on performance and selected serum biochemical values in dairy goats [PD Katsoulos et al], 346
Voriconazole
Stability and uniformity of extemporaneous preparations of voriconazole in two liquid suspension vehicles at two storage temperatures [KQ Nguyen et al], 908

Warmbloods
Evaluation of pain and inflammation associated with hot iron branding and microchip transponder injection in horses [C Lindegaard et al], 840

Waveform Analysis
Comparison of continuous arterial pressure waveform analysis with the lithium dilution technique to monitor cardiac output in conscious dogs with systemic inflammatory response syndrome [AL Duffy et al], 1365

Wounds
Nucleotide structure and expression of equine pigment epithelium-derived factor during repair of experimentally induced wounds in horses [Z Ipitia et al], 112
Effects of platelet-rich plasma on the repair of wounds on the distal aspect of the forelimb in horses [SO Monteiro et al], 277
Effects of fascial abrasion, fasciotomy, and fascial excision on cutaneous wound healing in cats [A Mitsui et al], 532

Xenobiotics
In vitro evaluation of differences in phase 1 metabolism of ketamine and other analgesics among humans, horses, and dogs [L Capponi et al], 777

Xenograft
Development of an intramuscular xenograft model of canine osteosarcoma in mice for evaluation of the effects of radiation therapy [AR Coomer et al], 127

Xylazine
Vascular perfusion of reproductive organs in pony mares and heifers during sedation with detomidine or xylazine [R-R Araujo et al], 141
Cardiopulmonary effects of diazepam-ketamine-isoflurane or xylazine-ketamine-isoflurane during abdominal surgery in foals [CL Kerr et al], 574
In vitro evaluation of differences in phase 1 metabolism of ketamine and other analgesics among humans, horses, and dogs [L Capponi et al], 777
Effect of administration of propofol and xylazine hydrochloride on recovery of horses after four hours of anesthesia with desflurane [EP Steffey et al], 956
Physiologic effects of electroacupuncture combined with intramuscular administration of xylazine to provide analgesia in goats [D-M Liu et al], 1326

Zeolites
Effect of long-term dietary supplementation with clinoptilolite on performance and selected serum biochemical values in dairy goats [PD Katsoulos et al], 346
ZFPM2
Association of HOXA10, ZFPM2, and MMP2 genes with scrotal hemias evaluated via biological candidate gene analyses in pigs [X Zhao et al], 1006

Zinc
Influence of biopsy specimen size, tissue fixation, and assay variation on copper, iron, and zinc concentrations in canine livers [AN Johnston et al], 1502

Zoonoses
Prevalence of Mycoplasma suis (Eperythrozoon suis) infection in swine and swine-farm workers in Shanghai, China [CL Yuan et al], 890
Prevalence of urovirulence genes cnf, hlyD, sfa/foc, and papGIII in fecal Escherichia coli from healthy dogs and their owners [KA Stenske et al], 1401
