<b>DC</b>	None Found	N/A	N/A
<b>FL</b>	Veterinarian/client/patient relationship means a relationship where the veterinarian has assumed the responsibility for making medical judgments regarding the health of the animal and its need for medical treatment (West's F.S.A. § 474.202).	The Board of Veterinary Medicine may discipline a licensee for using the privilege of ordering, prescribing, or making available medicinal drugs, drugs, or controlled substances for use other than for the specific treatment of animal patients for which there is a documented veterinarian/client/patient relationship. The veterinarian shall: <ol style="list-style-type: none"> <li>1. Have sufficient knowledge of the animal to initiate at least a general or preliminary diagnosis of the medical condition of the animal, which means that the veterinarian is personally acquainted with the keeping and the caring of the animal and has recent contact with the animal or has made medically appropriate and timely visits to the premises where the animal is kept;</li> <li>2. Be available to provide for follow up care and treatment in case of adverse reactions or failure of the regimen or therapy; and</li> <li>3. Maintain records which document patient visits, diagnosis, treatment and other relevant information (West's</li> </ol>	N/A

		F.S.A. § 474.214). The documented veterinarian/client/patient relationship is defined as a veterinarian's record of a client's animal which documents that the veterinarian has seen the animal in a professional capacity within a period of 12 months or less (Fla. Admin. Code r. 61G18-30.001).	
<b>GA</b>	<p>Veterinarian-client-patient relationship means that:</p> <ul style="list-style-type: none"> <li>a. The licensed veterinarian has assumed the responsibility for making medical judgments regarding the health of the animal and the need for medical treatment, and the client (owner or caretaker) has agreed to follow the instruction of the licensed veterinarian;</li> <li>b. There is sufficient knowledge of the animal by the licensed veterinarian to initiate at least a general or preliminary diagnosis of the medical condition of the animal. This means that the licensed veterinarian has recently seen and is personally acquainted with the keeping and care of the animal by the virtue of examination of the animal or by medically appropriate and timely visits to the premises where the animal is kept; and</li> <li>c. A licensed veterinarian is readily available for follow up in the case of adverse</li> </ul>	<p>It is unlawful for a veterinarian to release, prescribe, and/or dispense any prescription drugs without having examined the animal and established a valid veterinary/client/patient relationship.</p> <p>Failure to have an appropriate Veterinarian/Client/Patient Relationship is considered to be unprofessional conduct. This means that the veterinarian has seen the animal within the last twelve (12) months and is personally acquainted with the keeping and care of the animal(s) by virtue of an examination of the animal(s), and/or by medically appropriate and timely visits to the premises where the animal(s) are kept (Ga Comp. R. &amp; Regs. 700-8-.01).</p>	<p>A veterinarian/client/patient relationship cannot be established solely by telephone, computer or other electronic means (Ga Comp. R. &amp; Regs. 700-8-.01).</p>

	reactions or failure of the regimen of therapy (Ga. Code Ann., § 43-50-3).		
<b>HI</b>	<p>There is no statutory language on VCPR.</p> <p>A "physician-patient relationship" means the collaborative relationship between physicians and their patients. To establish this relationship, the treating physician or the physician's designated member of the health care team, at a minimum shall:</p> <ol style="list-style-type: none"> <li>1. Personally, perform a face-to-face history and physical examination of the patient that is appropriate to the specialty training and experience of the physician or the designated member of the physician's health care team, make a diagnosis and formulate a therapeutic plan, or personally treat a specific injury or condition;</li> <li>2. Discuss with the patient the diagnosis or treatment, including the benefits of other treatment options; and</li> <li>3. Ensure the availability of appropriate follow-up care (HRS §329-1).</li> </ol>	<p>The Board may revoke or suspend the license of any veterinarian or fine the licensee, or both, for any cause authorized by law, including but not limited to the following:</p> <ul style="list-style-type: none"> <li>• Violation of the Uniform Controlled Substances Act, or any rule adopted pursuant thereto;</li> <li>• Conduct or practice contrary to the recognized principles of medical ethics of the veterinary profession as adopted by the Hawaii Veterinary Medical Association and the American Veterinary Medical Association (HRS § 471-10).</li> </ul> <p>It shall be unlawful for any person, except a pharmacist, to administer, prescribe, or dispense any controlled substance without a bona fide physician-patient relationship...Veterinarians are included as practitioners (HRS § 329-41).</p> <p><i>AVMA Principles of Veterinary Medical Ethics:</i></p> <p>It is unethical for veterinarians to prescribe or dispense prescription products in the absence of a VCPR. The veterinarian-client-patient relationship (VCPR) is the basis for interaction among veterinarians, their clients, and their patients. A VCPR means that all of the following are required:</p> <ol style="list-style-type: none"> <li>1. The veterinarian has assumed the responsibility for making clinical</li> </ol>	N/A

		<p>judgments regarding the health of the patient and the client has agreed to follow the veterinarians' instructions.</p> <ol style="list-style-type: none"> <li>2. The veterinarian has sufficient knowledge of the patient to initiate at least a general or preliminary diagnosis of the medical condition of the patient. This means that the veterinarian is personally acquainted with the keeping and care of the patient by virtue of a timely examination of the patient by the veterinarian or medically appropriate and timely visits by the veterinarian to the operation where the patient is managed.</li> <li>3. The veterinarian is readily available for follow-up evaluation or has arranged for the following: veterinary emergency coverage, and continuing care and treatment.</li> <li>4. The veterinarian provides oversight of treatment, compliance, and outcome.</li> <li>5. Patient records are maintained.</li> </ol>	
<b>ID</b>	<p>An appropriate veterinarian/client/patient relationship will exist when:</p> <ol style="list-style-type: none"> <li>a. Responsibility. The veterinarian has assumed the responsibility for making medical judgments regarding the health of the animal and the need for medical treatment, and the client (owner or other caretaker) has followed the instructions of the veterinarian;</li> <li>b. Medical Knowledge. There is</li> </ol>	<p>The Board's code of professional conduct includes, but is not limited to, the following standards of conduct: A veterinarian shall not dispense or prescribe controlled substances, prescription, or legend drugs except in the course of his professional practice and after a bona fide veterinarian/client/patient relationship has been established (IDAPA 46.01.01.152).</p> <p>A veterinarian may dispense or deliver a legend drug prescribed for an animal upon the prescription, drug order, or prescription drug order of another veterinarian (Idaho Code § 54-1732).</p>	<p>“Practice of veterinary medicine” in this state, through telephonic, electronic or other means, regardless of the location of the veterinarian, includes veterinary surgery, obstetrics, dentistry, and all other branches or specialties of veterinary medicine and means (<u>I.C. § 54-2103</u>).</p>

	<p>sufficient knowledge of the animal by the veterinarian to initiate at least a general or preliminary diagnosis of the medical condition of the animal. This means that the veterinarian has seen the animal within the last twelve (12) months or is personally acquainted with the keeping and care of the animal, either by virtue of an examination of the animal, or by medically appropriate visits to the premises where the animals are maintained within the last twelve (12) months;</p> <p>c. Availability. The practicing veterinarian or designate is readily available for follow-up in case of adverse reactions or failure of the regimen of therapy (IDAPA 46.01.01.150).</p>		
<p><b>IL</b></p>	<p>"Veterinarian-client-patient relationship" means that all of the following conditions have been met:</p> <ol style="list-style-type: none"> <li>1. The veterinarian has assumed the responsibility for making clinical judgments regarding the health of an animal and the need for medical treatment and the client, owner, or other caretaker has agreed to follow the instructions of the veterinarian;</li> <li>2. There is sufficient knowledge</li> </ol>	<p>A veterinarian licensed under this Act, in the absence of a traditional veterinarian-client-patient relationship, may dispense up to 5 days' worth of non-controlled substance medication or up to 3 days' worth of controlled substance medication in an emergency situation if:</p> <ol style="list-style-type: none"> <li>1. The pet has a medical condition that has been diagnosed by another licensed veterinarian, who then prescribed medication that, if ceased or skipped, could result in a decline of the pet's condition or could be</li> </ol>	<p>"Veterinarian-client-patient relationship" does not mean a relationship solely based on telephonic or other electronic communications (225 ILCS 115/3).</p>

	<p>of an animal by the veterinarian to initiate at least a general or preliminary diagnosis of the medical condition of the animal. This means that the veterinarian has recently seen and is personally acquainted with the keeping and care of the animal by virtue of an examination of the animal or by medically appropriate and timely visits to the premises where the animal is kept, or the veterinarian has access to the animal patient's records and has been designated by the veterinarian with the prior relationship to provide reasonable and appropriate medical care if he or she is unavailable; and</p> <p>3. The practicing veterinarian is readily available for follow-up in case of adverse reactions or failure of the treatment regimen, or, if unavailable, has designated another available veterinarian who has access to the animal patient's records to provide reasonable and appropriate medical care (225 ILCS 115/3).</p>	<p>deleterious to the pet's health;</p> <p>2. The current veterinarian who prescribed the medication is unavailable to issue a refill within a timely manner or the client is not in reasonable proximity to the initial prescriber to obtain a refill within a timely manner; and</p> <p>3. The client has evidence and can produce evidence of the ongoing medical need for the prescription, either in the form of the medical records or most recent prescription vial or a phone number or other means in which to reach the current prescriber (225 ILCS 115/19.1).</p>	
<b>IN</b>	<p>"Veterinarian-client-patient relationship" means a relationship between a veterinarian and client that meets the following conditions:</p>	<p>A valid veterinarian-client-patient relationship must exist before a licensed veterinarian dispenses or prescribes a prescription product.</p> <p>Veterinary prescription products, including</p>	N/A

	<ol style="list-style-type: none"> <li>1. The veterinarian has assumed the responsibility for making clinical judgments regarding the health of the animal and the need for medical treatment, and the client has agreed to follow the veterinarian's instructions.</li> <li>2. The veterinarian has sufficient knowledge of the animal to initiate a diagnosis of the medical condition of the animal. The veterinarian has recently seen and is personally acquainted with the keeping and care of the animal by either of the following: <ol style="list-style-type: none"> <li>a. An examination of the animal.</li> <li>b. By recently seeing and being personally acquainted with the keeping and care of representative animals and associated husbandry practices by making medically appropriate and timely visits to the premises where the animal is kept.</li> </ol> </li> <li>3. The veterinarian is readily available or has arranged for emergency coverage for follow-up evaluation if there is an adverse reaction or failure of the treatment regimen.</li> <li>4. When appropriate, the veterinarian has arranged for</li> </ol>	<p>drugs and immunizing products restricted by state and federal law for use by licensed veterinarians, may not be diverted or transferred to an individual for use on an animal if there is not a current veterinarian-client-patient relationship with the original prescribing veterinarian.</p> <p>The requirement that a valid VCPR must exist before a licensed veterinarian dispenses or prescribes a prescription product does not apply to livestock (as defined by IC 15-11-5-1) or an animal immunized by its owner (IC 25-38.1-4-5).</p>

Authorize drug distributors to deliver veterinary prescription drugs to a specific client; or</li> <li>4. Prescribe, order, or otherwise authorize a pharmacist to dispense veterinary prescription drugs to a specific client.</li> </ol>	N/A

	<p>knowledge of the animal(s) to initiate at least a general or preliminary diagnosis of the medical condition of the animal(s). This means that the veterinarian has recently seen and is personally acquainted with the keeping and care of the animal(s) by virtue of an examination of the animal(s) or by medically appropriate and timely visits to the premises where the animal(s) are kept;</p> <p>3. The veterinarian is readily available or arranged for emergency coverage for follow-up evaluation in the event of adverse reactions or failure of the treatment regimen (26 V.S.A. § 2433).</p>		
<b>VA</b>	<p>A bona fide veterinarian-client-patient relationship is one in which a veterinarian, another veterinarian within the group in which he practices, or a veterinarian with whom he is consulting:</p> <ol style="list-style-type: none"> <li>1. Has assumed the responsibility for making medical judgments regarding the health of and providing medical treatment to an animal, other than an equine, a group of agricultural animals, or bees;</li> <li>2. A client who is the owner or other caretaker of the animal,</li> </ol>	<p>A prescription for a controlled substance may be issued only by a practitioner of medicine, osteopathy, podiatry, dentistry or veterinary medicine who is authorized to prescribe controlled substances. The prescription shall be issued for a medicinal or therapeutic purpose and may be issued only to persons or animals with whom the practitioner has a bona fide practitioner-patient relationship.</p> <p>A practitioner who performs or has performed an appropriate examination of the patient required...either physically or by use of instrumentation and diagnostic equipment through which images and medical records may be transmitted electronically, for the purpose of establishing a bona fide</p>	<p>The definition of a VCPR includes other veterinarians within same practice group.</p> <p>For the purpose of prescribing a Schedule VI controlled substance to a patient via telemedicine services, a prescriber may establish a bona fide practitioner-patient relationship by an examination through face-to-face interactive, two-way, real-time communications services or store-and-forward technologies if certain conditions are first met (VA ST § 54.1–330).</p>

	<p>group of agricultural animals, or bees has consented to such treatment and agreed to follow the instructions of the veterinarian.</p> <p>Evidence that a veterinarian has assumed responsibility for making medical judgments regarding the health of and providing medical treatment to an animal, group of agricultural animals, or bees shall include evidence that the veterinarian:</p> <ul style="list-style-type: none"> <li>A. Has sufficient knowledge of the animal, group of agricultural animals, or bees to provide a general or preliminary diagnosis of the medical condition of the animal, group of agricultural animals, or bees;</li> <li>B. Has made an examination of the animal, group of agricultural animals, or bees, either physically or by the use of instrumentation and diagnostic equipment through which images and medical records may be transmitted electronically or has become familiar with the care and keeping of that species of animal or bee on the premises of the client, including other premises within the same operation or production system of the client, through</li> </ul>	<p>practitioner-patient relationship, may prescribe Schedule II through VI controlled substances to the patient, provided that the prescribing of such Schedule II through VI controlled substance is in compliance with federal requirements for the practice of telemedicine (VA ST § 54.1–330).</p>	
--	---	--	--

	<p>medically appropriate and timely visits to the premises at which the animal, group of agricultural animals, or bees are kept; and</p> <p>C. Is available to provide follow-up care (VA Code Ann. § 54.1-3303).</p> <p>“Telemedicine services,” as it pertains to the delivery of health care services, means the use of electronic technology or media, including interactive audio or video, for the purpose of diagnosing or treating a patient or consulting with other health care providers regarding a patient's diagnosis or treatment.</p> <p>“Telemedicine services” does not include an audio-only telephone, electronic mail message, facsimile transmission, or online questionnaire (VA Code Ann. § 38.2-3418.16)</p>		
<b>WA</b>	<p>A veterinary-client-patient relationship exists when all of the following conditions have been met:</p> <p>A. The veterinarian has assumed responsibility for making clinical judgments regarding the health of the animal(s) and need for medical treatment, and the client or key party as defined in WAC 246-934-020 has agreed to follow the instructions of the veterinarian;</p>	<p>The veterinary-client-patient relationship may be terminated under these conditions:</p> <p>A. Veterinarians may terminate a veterinary-client-patient relationship as long as the termination does not constitute patient abandonment;</p> <p>B. If there is an ongoing medical or surgical condition, the patient should be referred to another veterinarian for diagnosis, care, and treatment;</p> <p>C. Clients may terminate the veterinary-client-patient relationship at any time (WAC 246-933-200).</p>	<p>The veterinarian shall not establish a veterinary-client-patient relationship solely by telephonic or other electronic means.</p> <p>However, once established, a veterinary-client-patient relationship may be maintained between medically necessary examinations via telephone or other types of consultations (WAC 246-933-200).</p>

	<p>B. The veterinarian has sufficient knowledge of the animal(s) to initiate, at a minimum, a general or preliminary diagnosis of the medical conditions of the animal(s). This means the veterinarian:</p> <ul style="list-style-type: none"> <li>i. Has examined the animal(s) within the last year, or sooner if medically appropriate; or</li> <li>ii. In cases involving operations with several animals, such as encountered at farms, laboratories, or in shelters, is personally acquainted with the keeping and care of the animal(s) by virtue of an examination of the animal(s) or by medically appropriate and timely visits to the premises where the animal(s) are kept.</li> </ul> <p>C. The veterinarian is readily available for follow-up evaluation or has arranged for emergency coverage and continuing care and treatment (WAC 246-933-200).</p>	<p>A veterinarian shall use or prescribe drugs only within the context of a veterinary-client-patient relationship. Veterinary prescription drugs are restricted by federal law ... to be used by or on the order of a licensed veterinarian.</p> <p>Extra label use is legal only when ordered by a veterinarian and within the context of a veterinary-client-patient relationship (WAC 246-933-200).</p>	
<b>WV</b>	"Veterinarian-client-patient relationship" means a	Upon the formation of a veterinarian/client/patient relationship, in order	N/A

	<p>relationship between a veterinarian, a client and a patient, and exists when:</p> <ol style="list-style-type: none"> <li>1. A veterinarian assumes responsibility for medical judgments regarding the health of an animal and the client who is the owner or other caretaker of the animal agrees to follow the veterinarian's instructions; or</li> <li>2. A veterinarian, through personal examination of an animal or a representative sample of a herd or flock, obtains sufficient information to make at least a general or preliminary diagnosis of the medical condition of the animal, herd or flock, which diagnosis is expanded through medically appropriate visits to the premises where the animal, herd or flock is kept (W. Va. Code St. R. § 61-31-2).</li> </ol>	<p>for a veterinarian to exercise properly the rights granted by a veterinary license, the veterinarian shall:</p> <ol style="list-style-type: none"> <li>1. Perform a physical examination of the animal. A group of animals of one species under single ownership may be considered as a single entity. A veterinarian/client/patient relationship is established for the whole group if a representative number of animals have been examined.</li> <li>2. Discuss with the client a diagnostic assessment and treatment plan, including medications and follow up recommendations. This information shall be entered into the patient's medical record.</li> </ol> <p>A veterinarian shall not prescribe, dispense or administer any drug or biological agent that bears the legend "Caution: Federal Law restricts this drug to the use by or on the order of a licensed veterinarian" or any other term which specifies the medication as a legend drug without the establishment of a veterinarian/client/patient relationship (W. Va. Code St. R. § 26-4-4).</p>	
<b>WI</b>	<p>"Veterinarian-client-patient relationship" means a relationship between a veterinarian, a client and the patient in which all of the following apply:</p> <ol style="list-style-type: none"> <li>A. The veterinarian has assumed the responsibility for making medical judgments regarding the health of the patient and</li> </ol>	<p>A veterinarian may not do any of the following:</p> <ol style="list-style-type: none"> <li>1. Prescribe for or dispense to a client a veterinary prescription drug or a drug for extra-label use without personally examining the patient unless a veterinarian-client-patient relationship exists between the veterinarian, client and patient and the veterinarian determines that the client has sufficient</li> </ol>	N/A

	<p>the patients need for medical treatment, and the client has agreed to accept those medical judgments and to follow the related instructions of the veterinarian.</p> <p>B. The veterinarian has sufficient knowledge of the patient to initiate a general or preliminary diagnosis of the medical condition of the patient because the veterinarian has recently examined the patient or has made medically appropriate and timely visits to the premises on which the patient is kept.</p> <p>C. The veterinarian is readily available for follow-up treatment of the patient if the patient has an adverse reaction to veterinary treatment (W.S.A. 89.02).</p>	<p>knowledge to administer the drug properly;</p> <p>2. Prescribe or dispense a veterinary prescription drug to a client unless the veterinarian indicates in the appropriate records, within 72 hours after the prescription is issued or the drug is dispensed, that the prescription has been issued or that the drug has been dispensed;</p> <p>3. Prescribe a drug to a client for extra-label use on a patient unless all of the following apply:</p> <ul style="list-style-type: none"> <li>a. A veterinary-client-patient relationship exists between the veterinarian, client and patient and the veterinarian has made a careful medical diagnosis of the condition of the patient within the context of that veterinarian-client-patient relationship;</li> <li>b. The veterinarian determines that there is no drug that is marketed specifically to treat the patients diagnosed condition, or determines that all of the drugs that are marketed for that purpose are clinically ineffective;</li> <li>c. The veterinarian recommends procedures for the client to follow to ensure that the identity of the patient will be maintained;</li> <li>d. If the patient is a food-producing animal, the</li> </ul>	
--	--	--	--

		<p>veterinarian prescribes a sufficient time period for drug withdrawal before the food from the patient may be marketed.</p> <p>4. Transmit a prescription electronically unless the client approves the transmission and the prescription is transmitted to a pharmacist or veterinarian designated by the client (W.S.A. 89.068).</p>	
<b>WY</b>	<p>A veterinarian-client-patient relationship shall be characterized by:</p> <ol style="list-style-type: none"> <li>1. The Licensee assuming the responsibility for making medical judgments regarding the health of the animal and the need for medical treatment;</li> <li>2. The client has agreed to follow the instructions of the Licensee;</li> <li>3. The Licensee having sufficient knowledge of the animal to initiate at least a general or preliminary diagnosis of its medical condition. This means that the Licensee has recently seen and is personally acquainted with the keeping and care of the animal as a result of an examination or by medically appropriate and timely visits to the location where the animal is kept;</li> <li>4. Readily available follow up</li> </ol>	<p>For a licensee to properly exercise the rights granted by the license, a veterinarian-client-patient relationship shall exist.</p> <p>No prescription drug shall be prescribed, dispensed or administered without the establishment of a valid veterinarian-client-patient relationship (WY Rules and Regulations AI VET Ch. 9 s 3).</p>	N/A

	care in case of adverse reactions or failure of the regimen of therapy (WY Rules and Regulations AI VET Ch. 9 s 3).
