

VetAgro Sup Campus Vétérinaire de Lyon

Standard 3- Physical Facilities and Equipment

Minor Deficiency:

Classrooms, teaching laboratories, teaching hospitals, which may include but are not limited to ambulatory/field services vehicles, seminar rooms, and other teaching spaces shall be clean, maintained in good repair, and adequate in number, size, and equipment for the instructional purposes intended and the number of students enrolled.

Standard 4- Clinical Resources

Minor Deficiency:

Experience can include exposure to clinical education at off-campus sites, provided the college reviews and regularly monitors these clinical experiences and educational outcomes.

Standard 6 - Students

Minor Deficiency:

The college must promote an inclusive institutional climate that fosters diversity within the student body, consistent with applicable law.

Standard 9 Curriculum

Minor Deficiency:

The curriculum must provide:

- g. Opportunities throughout the curriculum for students to gain and integrate an understanding of the important influences of diversity and inclusion in veterinary medicine, including the impact of implicit bias related to an individual's personal circumstance on the delivery of veterinary medical services.
