

MUMS (Minor Use and Minor Species) Information and Action Network

Thank you for your interest in the MUMS Information and Action Network (MUMS-IAN). This Network has been established to provide a flow of information from the MUMS Coalition to interested groups and their members on the progress of the *Minor Use and Minor Species Animal Health Act of 2004*.

As far as possible or practical, a single person contact is encouraged for each Network Member (an organization or group). Any information you receive will have been approved for distribution by the Coalition, and you are encouraged to distribute it to your constituent members. You are also encouraged to use any of the information in handouts, press releases, news articles, or other educational formats.

You are requested to forward any information you receive from MUMS-IAN to your constituents ASAP.

Any questions or suggestions your constituents have concerning the details or implications of the MUMS effort, should be conveyed, preferably through the Network Member primary contact, directly to the MUMS Coalition chair: Dr. John (Randy) MacMillian at randy@clearsprings.com

All information will be e-mailed from MUMS-IAN@avma.org, with and without attachments. All e-mails sent from the AVMA will have been screened for known computer viruses in an attempt to provide maximal protection. Attachments will be sent in PDF (Adobe Acrobat) and/or RTF (rich-text format) to allow flexibility in reading and use.

A MUMS web site (<http://www.avma.org/scienact/mums/default.asp>) has been established for posting background and other information for free downloading and use. Notification of web site updates will be distributed through the MUMS-IAN.

To ensure you and your organization is included in the MUMS-IAN, please complete the form below, and return it to:
